Pre-payment Meters

4.—(1) This regulation applies where a gas supplier is informed (other than by post) by a domestic customer who takes his supply through a pre-payment meter either that the pre-payment meter is not operating so as to permit a supply to the customer's premises in the manner for which it was designed, or of circumstances suggesting that the pre-payment meter is not so operating.

(2) For the purposes of paragraph (1), where information is received by a gas supplier outside working hours it shall be deemed to have been received at the commencement of the next following period of working hours.

(3) Where, within the prescribed period from the applicable date, an appropriate person fails to attend at the premises where the pre-payment meter is installed in order to repair or replace the pre-payment meter so as to permit a supply in the manner for which it was designed the gas supplier shall, except in any of the circumstances described in paragraph (4), pay to the customer the prescribed sum.

(2) Where a dispute is determined by an order requiring a gas supplier to make a payment to the customer and the gas supplier fails to make that payment, the customer may set-off the amount so ordered to be paid against any charges that are owed by the customer to the gas supplier.

- (b) nothing in, or done by a gas supplier in consequence of, these Regulations shall determine who is beneficially entitled to any payment made in pursuance of these Regulations; and
- (c) nothing in the these Regulations shall permit a gas supplier to make a payment other than by means of—
