

**SCHEDULE****Regulation 13****INDUSTRIAL AND AGRICULTURAL PROCESSES****A. Industrial processes**

<b>Code</b>	<b>Description</b>
001	Iron, steel and non-ferrous metal manufacture and smelting processing including foundry processes, investment casting, sinter plants and wire drawing.
002	Alloying.
003	Emission abatement for air, land and water.
004	Water and air filtration and purification.
005	Sewage treatment.
006	Production of energy.
007	Ceramic processes.
008	Refractory processes.
009	Manufacture of glass and glass products.
010	Manufacture of fibre glass.
011	Manufacture of man-made fibres.
012	Production of food and food processing e.g. sugar refining, production of gelatin.
013	Manufacture of plastics, rubber and PVC.
014	Chemical manufacturing e.g. soda ash, sea water magnesia, alumina.
015	Manufacture of precipitated calcium carbonate.
016	Manufacture of pharmaceuticals, bleaches, toiletries and detergents.
017	Aerating processes.
018	Manufacture of fillers for coating, sealants, adhesives, paints, grouts, mastics, putties and other binding or modifying media.
019	Manufacture of pigments, varnishes and inks.
020	Production of line markings for sports pitches.
021	Incineration.
022	Manufacture of desiccant.
023	Manufacture of carpet backing, underlay and foam.
024	Resin processes.

**Status:** This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

<b>Code</b>	<b>Description</b>
025	Manufacture of lubricant additives.
026	Leather tanning.
027	Paper manufacture.
028	Production of art materials.
029	Production of play sand e.g. for children's sand pits.
030	Clay pigeon manufacture.
031	Abrasive processes: specialist sand blasting, iron free grinding (pebble mills) and sandpaper manufacture.
032	Use as proppant in oil exploration e.g. fracture sands and drilling fluids.
033	Flue gas desulphurisation and flue gas scrubbing.
034	Manufacture of mine suppressant.
035	Manufacture of fire extinguishers.
036	Manufacture of materials used for fireproofing.
037	Acid neutralisation.
038	Manufacture of friction materials e.g. automotive.

## **B. Agricultural processes**

<b>Code</b>	<b>Description</b>
039	Manufacture of additives to soil.
040	Manufacture of animal feeds.
041	Production of animal bedding material.
042	Production of fertiliser.
043	Manufacture of pesticides and herbicides.
044	Production of growing media.
045	Soil treatment, including mineral enrichment and reduction of acidity.
