
STATUTORY INSTRUMENTS

2003 No. 1742

**The Aerodromes (Noise Restrictions)
(Rules and Procedures) Regulations 2003**

Prior notice

11.—(1) The competent authority for a relevant airport shall, where he intends to introduce any new operating restrictions at that airport, in accordance with the time limits prescribed in paragraph (2), publish this intention by way of public notice to all interested parties, as well as his explanation of the reasons for introducing those operating restrictions taking into account the appropriate elements of the balanced approach.

(2) The prescribed periods for publication of a notice under paragraph (1) are—

- (a) in the case of a measure under regulation 7(1)(a) six months before it comes into force, or two months before the scheduling conference for the relevant scheduling period (whichever is the earlier);
- (b) in the case of a measure under regulation 7(1)(b) or 7(2) twelve months before it comes into force, or two months before the scheduling conference for the relevant scheduling period (whichever is the earlier).

Changes to legislation:

There are currently no known outstanding effects for the The Aerodromes (Noise Restrictions) (Rules and Procedures) Regulations 2003, Section 11.
