
STATUTORY INSTRUMENTS

2003 No. 2110

The Measuring Equipment (Liquid Fuel and Lubricants) (Amendment) Regulations 2003

Sales indicators

3. For regulation 6 there is substituted the following—

“Sales indicators

6. Every individual sales indicator fitted to measuring equipment shall be so arranged that the indicator reading—

- (a) is capable of being set to zero before a delivery commences;
- (b) remains at zero until liquid fuel starts to emerge from the equipment; and
- (c) cannot be advanced by any means other than by the proper operation of the equipment.”.
