(3) The Secretary of State may determine that a notional livestock density of less than 0.15 is sufficient for the purposes of paragraph (1) if she is reasonably satisfied that it is appropriate to do so in all the circumstances of the case, including any obligation of the claimant as to the number of animals that may be kept on the land comprising the eligible forage area.

(4) In order to enable the Secretary of State to consider whether to exercise her discretion under paragraph (3), the claimant shall provide the Secretary of State with such information as she reasonably may require.

5. Hill farm allowance shall not be paid to a claimant unless—
- (a) he has given a written undertaking, in such form as the Secretary of State may reasonably require, that he would, for a period of five years from the date of the first payment to him of a compensatory allowance, continue to use for the purposes of agriculture at least three hectares of land which is situated either in a less favoured area or related less favoured area; and

Status: Point in time view as at 08/03/2003.

Changes to legislation: There are currently no known outstanding effects for the The Hill Farm Allowance Regulations 2003 (revoked). (See end of Document for details)

- (a) a claimant has received a compensatory allowance in each of the years 2000, 2001 and 2002; and
- (b) the amount payable to the claimant in accordance with regulation 7 is less than 50 per cent of the amount (referred to in paragraph (2) as “A”) of the compensatory allowance paid to the claimant in 2000 which related to the relevant area in 1999,

the Secretary of State may increase the hill farm allowance payable to the claimant in accordance with paragraph (2).

(2) Where paragraph (1) applies, the hill farm allowance payable to the claimant may be increased to an amount found by one of the following calculations—

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations, which apply to England, implement Commission Regulation 445/2002 (O.J. L74, 15.3.02, p.1) laying down detailed rules for the application of Council Regulation 1257/1999 (O.J. L160, 26.6.1999, p.80) (“the rural development Regulation”) on support for rural development from the European Agricultural Guidance and Guarantee Fund (EAGGF) and amending and repealing certain Regulations. They also implement Chapter 9 of the England Rural Development Programme approved by the European Commission (Commission Decision No. C(2000) 3003) under Article 44 of the Council Regulation.

In particular they implement Articles 13, 14 and 15 of the rural development Regulation (which deal with support for less favoured areas) by defining the conditions of eligibility for hill farm allowance (regulations 3-6) and the rates at which it is to be paid (regulations 7 and 8 and Schedule 2).

Regulation 10 and Schedule 4 enable the Secretary of State, in respect of holdings that are situated partly in England and partly in Scotland, to arrange for her functions under these Regulations to be exercised on her behalf by the Scottish Ministers and to agree to exercise any corresponding functions on their behalf, and to set off sums payable as principal against sums recoverable as agent, and vice versa. They also provide for the apportionment of eligible forage area and livestock units in relation to such holdings.

Penalties in respect of an over-declaration of land area are provided by Article 48(1) and (3) of the rural development Regulation. The England Rural Development Programme (Enforcement) Regulations 2000 (S.I. 2000/3044) give the Secretary of State power to recover payments in the event of a breach of an undertaking referred to in regulation 5, and create offences of making false or misleading statements and of obstruction of an authorised officer.

The England Rural Development Programme, together with a copy of Commission Decision No. C(2000) 3003 approving it, is available for inspection at the offices of the Department for Environment, Food and Rural Affairs, 17 Smith Square, London SW1P 3JR.

No Regulatory Impact Assessment has been prepared in respect of these Regulations.
