We being all the members of the: •

administrative organ of the SE named above

management organ of the SE named above and having been authorised to make this statement by the supervisory organ;

make this statement in accordance with Regulation 72(6) of The European Public Limited-Liability Company Regulations 2004, in order to satisfy the Secretary of State as required by Article 8(7) of Council Regulation (EC) No 2157/2001 (the "Regulation").

We have formed the opinion:

- As regards the above named SE's financial situation immediately following the date (as given above) on which the transfer is proposed to be made, that there will be no grounds on which the SE could then be found to be unable to pay its debts;
- As regards the above named SE's prospects for the year immediately following the date (as given above) on which the transfer is proposed to be made, that, having regard to our intentions with respect to the management of the SE's business during that year and to the amount and character of the financial resources which will in our view be available to the SE during that year, the SE will be able to carry on business as a going concern (and will accordingly be able to pay its debts as they fall due throughout that year); and
- In forming our opinion for the purposes of paragraph 1 above we have taken into account the same liabilities (including prospective and contingent liabilities) as would be relevant under section 122 of the Insolvency Act 1986 (winding up by the court) to the question whether a company is unable to pay its debts.

## SE CH01

## Change of member's details of a supervisory organ of a Societas Europaea (SE)

**Supplementary guidance**

In completing this form you will need to know how the operation of the register of members and register of members' residential addresses kept by the SE affects it.

**A Entries for a member**

SEs have to keep two registers of members:

- The register of members, which will contain members' particulars except for the residential address, and
- The register of members' residential addresses.

You must inform Companies House of both addresses for each of your members. We put the service address on the public register, but keep the residential address secure and only allow certain people to see it.

If the two addresses are the same for a member, you can enter the service address in the register of members, and simply enter "same as service address" in the register of members' residential addresses.

**B Changes of address where you have used the "same as service address" facility****B1. Changing both addresses to the same address**

If the member is changing both addresses to the same new address, the registers will look as follows:

**- Register of members**

<b>Original entry:</b>	<b>New entry:</b>
1 High Street	2 Low Street
Anytown.	Anytown
AN1 1AA	AN1 1BB

**- Register of members' residential addresses**

<b>Original entry:</b>	<b>New entry:</b>
"Same as service address"	Residential address remains the same as the service address. There is no need for a new entry in the register as the existing "same as" entry is still correct.

You must complete form SE CH01 and enter the new service address in **Section 5**. As the entry in your residential address register has not changed, (because it is still the "same as" the service address), you would tick the box in **Section 5** (confirming that there has been no change to the register of members' residential addresses). You would not then complete **Section 5a**.

**B2. Change of service address only**

If the member is only moving his service address, and not moving his residential address as well, the registers will look as follows:

**- Register of members**

<b>Original entry:</b>	<b>New entry:</b>
1 High Street	2 Low Street
Anytown	Anytown
AN1 1AA	AN1 1BB

**- Register of members' residential addresses**

<b>Original entry:</b>	<b>New entry:</b>
"Same as service address"	1 High Street
	Anytown
	AN1 1AA

You must complete form SE CH01 and enter in **Section 5** the new service address. As the entry in your members' residential address register has changed, (because it is not now the "same as" the service address), you do not tick the box (as there has been a change in the register of residential addresses). You need to complete **Section 5a** with the residential address.

**B3. Change of residential address only**

If, however, the member is only moving his residential address, and not moving his service address as well, the registers will look as follows:

**- Register of members**

<b>Original entry</b>	<b>New entry</b>
1 High Street	1 High Street
Anytown	Anytown
AN1 1AA	AN1 1AA

**- Register of members' residential addresses**

<b>Original entry</b>	<b>New entry</b>
"Same as service address"	2 Low Street
	Anytown
	AN1 1BB

You must complete form SE CH01. Do not complete the service address or tick box in **Section 5** as the usual residential address is now not the same as the service address. The entry in the register of members' residential addresses has changed, so you need to complete **Section 5a** with the residential address.

**C Changes of address where the addresses are different**

If the addresses in the two registers are different you will need to fill in the appropriate part of the form to record any address changes. So, if only the service address changes, you only complete **Section 5** and tick the box to show there has been no change to the register of residential addresses. If only the residential address changes, you only fill in **Section 5a**. If both addresses change you would complete **Section 5**, but not tick the box (to show that there has been a change in the register of members' residential addresses), and then fill in **Section 5a**.

## EXPLANATORY NOTE

*(This note is not part of the Regulations)*

These Regulations implement Council Directive 2001/86/EC supplementing the Statute for a European Company with regard to the involvement of employees (“the Directive”) and also make provision for the parts of Council Regulation 2157/2001 on the Statute for a European Company

**Status:** Point in time view as at 01/10/2009.

**Changes to legislation:** There are currently no known outstanding effects for the The European Public Limited-Liability Company Regulations 2004. (See end of Document for details)

(“the Regulation”) which permit or oblige the Member States to make certain provisions in their national law including provision for the effective application of the Regulation.

The Regulation provides for the creation of a new form of public limited-liability company, the *Societas Europaea*, known as the “SE”. This type of company can be formed in a number of ways set out in the Regulation. It will be governed by the Regulation and, in respect of matters where the Regulation so provides, by the law applying to public limited-liability companies of the Member State in which it is, or is proposed to be, registered. The Regulation, although directly applicable in the territory of the Community, obliges Member States to make arrangements in relation to SEs which register in their territory. The Regulations therefore:

- 1 make provision as to the registration and transfer of SEs and the registration authority (Part 2);
- 2 contain provisions required by the Regulation that Member States enact particular measures (Part 5);
- 3 contain provisions needed to achieve the effective application of the Regulation (Part 6); and
- 4 provide for an SE to convert to a public company (Part 7).

The Regulation also gives Member States the discretion as to whether to implement options set out in the Regulation and which is exercised in Part 4 of the Regulations.

Part 3 of the Regulations implements the Directive and sets out the provisions relating to employee involvement in the SE. The principal provisions are:

- 1 the establishment of a special negotiating body (Chapter 2);
- 2 election or appointment of UK members of the special negotiating body (Chapter 3);
- 3 negotiation of an employee involvement agreement (Chapter 4);
- 4 standard rules on employee involvement (Chapter 5);
- 5 compliance and enforcement (Chapter 6);
- 6 treatment of confidential information (Chapter 7); and
- 7 employee protection (Chapter 8).

A full Regulatory Impact Assessment of the effect that this instrument will have on the costs of business has been prepared and placed in the library of both Houses of Parliament.
