EXPLANATORY NOTE

(This note is not part of the Order)

This Order amends the Pet Travel Scheme (Pilot Arrangements) (England) Order 1999. It removes the requirements that animals from most qualifying non-European countries or territories travel to England by air and are sealed in a container during the journey.

The Order also makes a consequential amendment to the Rabies (Importation of Dogs, Cats and Other Mammals) Order 1974 to allow the Secretary of State to release animals meeting certain conditions from quarantine by licence without being satisfied that they arrived in England in a sealed container.

No Regulatory Impact Assessment has been prepared in respect of this Order.
