EXPLANATORY NOTE

(This note is not part of the Regulations)

The Public Passenger Vehicles Act 1981 requires that a vehicle adapted to carry more than eight passengers and used as a Public Service Vehicle shall not be used on a road unless a certificate has been issued indicating that prescribed conditions of initial fitness have been fulfilled. These prescribed conditions may be found in Part II of the Public Service Vehicles (Conditions of Fitness, Equipment, Use and Certification) Regulations 1981 ([S.I.1981/257](#)) (“the 1981 Regulations”).

It is necessary that the 1981 Regulations are modified so that requirements of Directive [2001/85/EC](#) (OJ L42 13.2.2002 p1.) (“the Directive”) are offered as an alternative, as article 2 of the Directive provides that member States shall not refuse or prohibit sale or entry into service of a bus or coach, or of bodywork intended to be part of the bus or coach which may be type approved separately, if the requirements of the Directive and its Annexes are met.

Regulation 2 provides that the requirements in Part II of the 1981 Regulations may alternatively be met by a vehicle satisfying such of the Annexes of the Directive as apply to it.

A Regulatory Impact Assessment has been produced and a copy placed in the library of both Houses of Parliament. It also covers the Public Service Vehicles Accessibility (Amendment) Regulations 2005 ([S.I. 2005/2988](#)) and the Road Vehicles (Construction and Use) (Amendment) (No.3) Regulations 2005 ([S.I. 2005/2987](#)). Copies can be obtained from the Department for Transport, Great Minster House, 76 Marsham Street, London, SW1P 4DR. Alternatively, copies can be obtained from the Department’s website which is at www.dft.gov.uk. The Directive can be obtained from the Stationery Office (telephone: 0870 2600 5522, website: www.tsoshop.co.uk).
