2005 No. 3117

The Offshore Installations (Safety Case) Regulations 2005

Continuing effect of verification schemes

21. The duty holder shall ensure that effect continues to be given to the verification scheme for his installation, or any revision or replacement of it, while that installation remains in being.

Changes to legislation:

There are currently no known outstanding effects for the The Offshore Installations (Safety Case) Regulations 2005, Section 21.
