## EXPLANATORY NOTE

*(This note is not part of the Regulations)*

These Regulations amend the National Health Service (Optical Charges and Payments) Regulations 1997 (“the Optical Regulations”) which provide for payments to be made by means of a voucher system in respect of costs incurred by certain categories of persons in connection with the supply, replacement and repair of optical appliances.

In regulation 2 these Regulations also amend regulation 13 of the National Health Service (General Ophthalmic Services) Regulations 1986 to increase the amount used as the basis for calculating entitlement to a free sight test under those Regulations.

Regulation 3 amends the Optical Regulations to increase the NHS sight test fee. It amends regulation 8 of the Optical Regulations to increase the amount used as the basis for calculating eligibility for a contribution to the cost of an optical appliance under those Regulations. It also amends regulation 19 to increase the redemption value of a voucher issued towards the cost of replacement of a single contact lens and to increase the maximum contribution by way of voucher to the cost of repair of a frame.

Regulation 4 and the Schedule amend the Schedules of the Optical Regulations to increase the value of vouchers issued towards the costs of the supply and replacement of glasses and contact lenses, to increase the additional values for vouchers for prisms, tints, photocromic lenses and special categories of appliances and to increase the value of vouchers issued towards the cost of the repair and replacement of optical appliances. The rate of increase in the Schedule to these Regulations is approximately 2.5%.

These Regulations do not impose a cost on business.
