7. Policy background

Rent rebate subsidy limitation was introduced in 1996 following consultation with local authorities. The purpose of the policy currently is to give local authorities an incentive to control expenditure and the level of rent increases. Where an authority increases its average weekly rent above a limit set by the Secretary of State(in Wales by the National Assembly for Wales), it will only receive subsidy on rebates up to a limit and will have to fund the cost of the additional rebates above the limit rent itself.
