**2006 No. 2702**

The Avian Influenza and Influenza of Avian  
Origin in Mammals (England) (No.2) Order 2006

**PART 7**

Measures to reduce the risk of the spread of  
influenza viruses of avian origin to other species

**[<sup>F1</sup>Measures in relation to mammals on premises where disease is suspected or confirmed**

**59.**—(1) This article applies in relation to kept mammals on premises affected or suspected of being affected with avian influenza virus.

(2) The Secretary of State must ensure that mammals to which this section applies that are to be killed or slaughtered under section 32 of the Act are—

- (a) killed or slaughtered in accordance with the instructions of a veterinary inspector; and
- (b) transported in accordance with the instructions of a veterinary inspectors if they are not killed or slaughtered on the premises.

(3) The Secretary of State may require a mammal not killed or slaughtered under paragraph (1) to be subject to monitoring by a veterinary inspector or any person on the instructions of a veterinary inspector for such time and at such frequency as is considered by a veterinary inspector to be necessary.]

---
