**2006 No. 2702**

The Avian Influenza and Influenza of Avian  
Origin in Mammals (England) (No.2) Order 2006

PART 7

Measures to reduce the risk of the spread of  
influenza viruses of avian origin to other species

**Movements off the premises**

**60.**—(1) Subject to paragraph (2), no person shall move any mammal tested under article 58 off the premises until a veterinary inspector has confirmed that the mammal is not infective and licenses the movement.

(2) A veterinary inspector may license the movement of pigs and other mammals in which infection with influenza virus of avian origin is confirmed to other premises (including slaughterhouses) if he is satisfied (as a result of further tests on the animals) that the movement will not significantly increase the risk of the spread of avian influenza.
