
Status: Point in time view as at 30/06/2007.

Changes to legislation: There are currently no known outstanding effects for the The Controls on Dangerous Substances and Preparations (Amendment) Regulations 2007 (revoked). (See end of Document for details)

STATUTORY INSTRUMENTS

2007 No. 1596

ENVIRONMENTAL PROTECTION

The Controls on Dangerous Substances and Preparations (Amendment) Regulations 2007

<i>Made</i>	- - - -	<i>30th May 2007</i>
<i>Laid before Parliament</i>		<i>6th June 2007</i>
<i>Coming into force</i>	- -	<i>30th June 2007</i>

The Secretary of State has been designated ^{M1} for the purposes of section 2(2) of the European Communities Act 1972 ^{M2} in relation to measures relating to persistent organic pollutants, dangerous substances, preparations and chemicals. The Secretary of State makes the following Regulations under the powers conferred by that section:

SCHEDULE

Regulation 2

“SCHEDULE 1

Regulation 3

Table of substances, preparations and restrictions

Point number in Annex I to Council Directive 76/769/EEC	Substance or preparation	Directives amending Council Directive 76/769/EEC relevant to the substance or preparation	Restrictions
17.	Lead carbons: - neutral anhydrous carbonate Pb CO ₃ (CAS No 598-63-0) - trilead-bis(carbonate)-dihydroxide 2 Pb CO ₃ -Pb(OH) ₂ (CAS No 1319-46-6)	Council Directive 89/677/EEC (OJ L398, 30.12.1989, p.19)	May not be used as substances or constituents of preparations intended for use as paints except as provided under regulation 5.
18.	Lead sulphates: PbSO ₄ (1:1) (CAS No 7446-14-2) Pb _x SO ₄ (CAS No 15739-80-7)	Council Directive 89/677/EEC (OJ L398, 30.12.1989, p.19)	May not be used as substances or constituents of preparations intended for use as paints except as provided under regulation 5.
19.	Mercury compound	Council Directive 89/677/EEC (OJ L398, 30.12.1989, p.19)	May not be used as substances and constituents of preparations intended for use: (a) to prevent the fouling by micro-organisms, plants or animals of: - the hulls of boats,

1

The numbers and chapter numbers contained in the column are those used under Council Regulation (EEC) No. 2658/87 on the tariff and statistical nomenclature and on the Common Customs Tariff (OJ No L256, 7.9.1987).

2

Member States were permitted, as from 18 June 1994, on grounds of health protection and environmental protection, to prohibit within their territory the use of such plant or machinery before it was disposed of. No such additional restriction is imposed under these Regulations.

Status: Point in time view as at 30/06/2007.

Changes to legislation: There are currently no known outstanding effects for the The Controls on Dangerous Substances and Preparations (Amendment) Regulations 2007 (revoked). (See end of Document for details)

			<ul style="list-style-type: none"> - cages, floats, nets and any other appliances or equipment used for fish or shellfish farming, - any totally or partly submerged appliances or equipment; (b) in the preservation of wood; (c) in the impregnation of heavy-duty industrial textiles and yarn intended for their manufacture; (d) in the treatment of industrial waters, irrespective of their use.
20.	Arsenic compounds	Commission Directive 2006/139/EC (OJ L384, 29.12.2006, p.94)	<p>1. May not be used as substances and constituents of preparations intended for use:</p> <p>(a) to prevent the fouling by micro-organisms, plants or animals of:</p> <ul style="list-style-type: none"> - the hulls of boats, - cages, floats, nets and any other appliances or equipment used for fish or shellfish farming, - any totally or partly submerged appliances or equipment; <p>(b) in the preservation of wood. Furthermore, wood so treated may not be placed on the market;</p> <p>(c) however, by way of derogation:</p> <p>(i) relating to the substances and preparations in the preservation of wood: these may only be used in industrial installations using vacuum or pressure to impregnate wood if they are solutions of inorganic compounds of copper, chromium, arsenic (CCA) type C. Wood so treated may not be placed on the market before fixation of the preservative is completed.</p> <p>(ii) relating to wood treated with CCA solutions in industrial installations according to point (i): this may be placed on the market for professional and industrial use provided that the structural integrity of the wood is required for human or livestock safety and skin contact by the general public during its service life is unlikely:</p> <ul style="list-style-type: none"> - as structural timber in public and agricultural buildings, office buildings, and industrial premises, - in bridges and bridgework, - as constructional timber in freshwater areas and brackish waters, e.g. jetties and bridges, - as noise barriers, - in avalanche control, - in highway safety fencing and barriers, - as debarked round conifer livestock fence posts, - in earth retaining structures,

1

The numbers and chapter numbers contained in the column are those used under Council Regulation (EEC) No. 2658/87 on the tariff and statistical nomenclature and on the Common Customs Tariff (OJ No L256, 7.9.1987).

2

Member States were permitted, as from 18 June 1994, on grounds of health protection and environmental protection, to prohibit within their territory the use of such plant or machinery before it was disposed of. No such additional restriction is imposed under these Regulations.

Status: Point in time view as at 30/06/2007.

Changes to legislation: There are currently no known outstanding effects for the The Controls on Dangerous Substances and Preparations (Amendment) Regulations 2007 (revoked). (See end of Document for details)

- as electric power transmission and telecommunications poles,

- as underground railway sleepers.

Without prejudice to the application of other Community provisions on the classification, packaging and labelling of dangerous substances and preparations, all treated wood placed on the market shall be individually labelled “For professional and industrial installation and use only, contains arsenic.” In addition, all wood placed on the market in packs shall also bear a label stating “Wear gloves when handling this wood. Wear a dust mask and eye protection when cutting or otherwise crafting this wood. Waste from this wood shall be treated as hazardous by an authorised undertaking.”

(iii) treated wood referred to under points (i) and (ii) may not be used:

- in residential or domestic constructions, whatever the purpose,

- in any application where there is a risk of repeated skin contact,

- in marine waters,

- for agricultural purposes other than for livestock fence posts and structural uses in accordance with point (ii),

- in any application where the treated wood may come into contact with intermediate or finished products intended for human and/or animal consumption; and

(d) by way of further derogation—

(i) wood treated with arsenic compounds which is—

(a) placed on the market in accordance with the conditions in points (ii) and (iii) of paragraph 1(c); or

(b) in use in the Community before 30 September 2007, may remain in place and continue to be used until it reaches the end of its service life;

(ii) wood treated with CCA type C which is—

(a) placed on the market in accordance with the conditions in points (ii) and (iii) of paragraph 1(c); or

(b) in use in the Community before 30 September 2007, may be used, reused or placed on the second hand market subject to the conditions in points (ii) and (iii) of paragraph 1(c); and

(iii) wood treated with CCA solutions other than type C which is in use in the Community before 30 September 2007, may be used, reused or placed on the second hand

1

The numbers and chapter numbers contained in the column are those used under Council Regulation (EEC) No. 2658/87 on the tariff and statistical nomenclature and on the Common Customs Tariff (OJ No L256, 7.9.1987).

2

Member States were permitted, as from 18 June 1994, on grounds of health protection and environmental protection, to prohibit within their territory the use of such plant or machinery before it was disposed of. No such additional restriction is imposed under these Regulations.

Status: Point in time view as at 30/06/2007.

Changes to legislation: There are currently no known outstanding effects for the The Controls on Dangerous Substances and Preparations (Amendment) Regulations 2007 (revoked). (See end of Document for details)

			market subject to the conditions in points (ii) and (iii) of paragraph 1(c).
			2. May not be used as substances and constituents of preparations intended for use in the treatment of industrial waters, irrespective of their use.
21.	Organostannic compounds	Commission Directive 2002/62/EC (OJ L183, 12.7.2002, p.58)	1. May not be placed on the market for use as substances and constituents of preparations when acting as biocides in free association paint. 2. May not be placed on the market or used as substances and constituents of preparations which act as biocides to prevent the fouling by microorganisms, plants or animals of: (a) all craft irrespective of their length intended for use in marine, coastal, estuarine and inland waterways and lakes; (b) cages, floats, nets and any other appliances or equipment used for fish or shellfish farming; (c) any totally or partly submerged appliance or equipment. 3. May not be used as substances and constituents of preparations intended for use in the treatment of industrial waters.
22.	di- μ -oxo-di-n-butylstanniohydride (C ₈ H ₁₉ BO ₃ S _n) (CAS No 75113-37-0) (DBB)	Council Directive 89/677/EEC (OJ L398, 30.12.1989, p.19)	Shall be prohibited in a concentration equal to or greater than 0.1% in substances and constituents of preparations placed on the market. However, this provision shall not apply to this substance (DBB) or preparations containing it if these are intended solely for conversion into finished products, among which this substance will no longer feature in a concentration equal to or greater than 0.1%.
23.	Pentachlorophenol (CAS No 87-86-5) and its salts and esters	Commission Directive 1999/51/EC (OJ L142, 5.6.1999, p.22)	Shall not be used in a concentration equal to or greater than 0.1% by mass in substances or preparations placed on the market except as provided under regulation 6.
24.	Cadmium (CAS No 7440-43-9) and its compounds	Council Directive 91/338/EEC (OJ L186, 12.7.1991, p.59)	1.1. May not be used to give colour to finished products manufactured from the substances and preparations listed below ¹ : - polyvinyl chloride (PVC)[390410][390421][390422] - polyurethane (PUR)[390950]

1

The numbers and chapter numbers contained in the column are those used under Council Regulation (EEC) No. 2658/87 on the tariff and statistical nomenclature and on the Common Customs Tariff (OJ No L256, 7.9.1987).

2

Member States were permitted, as from 18 June 1994, on grounds of health protection and environmental protection, to prohibit within their territory the use of such plant or machinery before it was disposed of. No such additional restriction is imposed under these Regulations.

Status: Point in time view as at 30/06/2007.

Changes to legislation: There are currently no known outstanding effects for the The Controls on Dangerous Substances and Preparations (Amendment) Regulations 2007 (revoked). (See end of Document for details)

- low density polyethylene (ld PE), with the exception of low density polyethylene used for the production of coloured masterbatch [390110]
- cellulose acetate (CA) [391211][391212]
- cellulose acetate butyrate (CAB) [391211][391212]
- epoxy resins [390730].

In any case, whatever their use or intended final purpose, finished products or components of products manufactured from the substances and preparations listed above coloured with cadmium may not be placed on the market if their cadmium content (expressed as Cd metal) exceeds 0.01% by mass of the plastic material.

1.2. Section 1.1 also applies for:

(a) finished products manufactured from the following substances and preparations:

- melamine – formaldehyde (MF) [390920]
 - urea – formaldehyde (UF) [390910]
 - unsaturated polyesters (UP) [390791]
 - polyethylene terephthalate (PET) [390760]
 - polybutylene terephthalate (PBT)
 - transparent/general purpose polystyrene [390311] [390319]
 - acrylonitrile methacrylate (AMMA)
 - cross-linked polyethylene (VPE)
 - high-impact polystyrene
 - polypropylene (PP) [390210]
- (b) paints [3208][3209]

However, if the paints have a high zinc content, their residual concentration of cadmium must be as low as possible and at all events not exceed 0.1% by mass.

1.3. However, sections 1.1 and 1.2 do not apply to products to be coloured for safety reasons.

2.1. May not be used to stabilize the finished products listed below manufactured from polymers or copolymers of vinyl chloride:

- packaging materials (bags, containers, bottles, lids) [3923 29 10][392041][392042]
- office or school supplies [392610]
- fittings for furniture, coachwork or the like [392630]
- articles of apparel and clothing accessories (including gloves) [392620]
- floor and wall coverings [391810]

1

The numbers and chapter numbers contained in the column are those used under Council Regulation (EEC) No. 2658/87 on the tariff and statistical nomenclature and on the Common Customs Tariff (OJ No L256, 7.9.1987).

2

Member States were permitted, as from 18 June 1994, on grounds of health protection and environmental protection, to prohibit within their territory the use of such plant or machinery before it was disposed of. No such additional restriction is imposed under these Regulations.

Status: Point in time view as at 30/06/2007.

Changes to legislation: There are currently no known outstanding effects for the The Controls on Dangerous Substances and Preparations (Amendment) Regulations 2007 (revoked). (See end of Document for details)

- impregnated, coated, covered or laminated textile fabrics [590310]
- imitation leather [4202]
- gramophone records [852410]
- tubes and pipes and their fittings [391723]
- swing doors
- vehicles for road transport (interior, exterior, underbody)
- coating of steel sheet used in construction or in industry
- insulation for electrical wiring.

In any case, whatever their use or intended final purpose, the placing on the market of the above finished products or components of products manufactured from polymers or copolymers of vinyl chloride, stabilized by substances containing cadmium is prohibited, if their cadmium content (expressed as Cd metal) exceeds 0.01% by mass of the polymer.

2.2. However, section 2.1 does not apply to finished products using cadmium-based stabilizers for safety reasons.

3. "Cadmium plating" means any deposit or coating of metallic cadmium on a metallic surface.

3.1. May not be used for cadmium plating metallic products or components of the products used in the sectors/applications listed below,

(a) equipment and machinery for:

- food production [8210][841720][841981][842111][842112][8422][8435][8437][8438][847611]
- agriculture [841931][842481][8432][8433][8434][8436]
- cooling and freezing [8418]
- printing and book-binding [8440][8442][8443],

(b) equipment and machinery for the production of:

- household goods [7321][842112][8450][8509][8516]
- furniture [8465][8466][9401][9402][9403][9404]
- sanitary ware [7324]
- central heating and air conditioning plant [7322][8403][8404][8415].

In any case, whatever their use or intended final purpose, the placing on the market of cadmium-plated products or components of such products used in the sectors/applications listed in (a) and (b) above and of

1

The numbers and chapter numbers contained in the column are those used under Council Regulation (EEC) No. 2658/87 on the tariff and statistical nomenclature and on the Common Customs Tariff (OJ No L256, 7.9.1987).

2

Member States were permitted, as from 18 June 1994, on grounds of health protection and environmental protection, to prohibit within their territory the use of such plant or machinery before it was disposed of. No such additional restriction is imposed under these Regulations.

Status: Point in time view as at 30/06/2007.

Changes to legislation: There are currently no known outstanding effects for the The Controls on Dangerous Substances and Preparations (Amendment) Regulations 2007 (revoked). (See end of Document for details)

products manufactured in the sectors listed in (b) above is prohibited.

The provisions referred to in Section 3.1 are also applicable to cadmium-plated products or components of such products when used in the sectors/applications listed in (a) and (b) below and to products manufactured in the sectors listed in (b) below:

(a) equipment and machinery for the production of:

- paper and board [841932][8439][8441]
- textiles and clothing [8444](1) [8445][8447][8448][8449][8451][8452],

(b) equipment and machinery for the production of:

- industrial handling equipment and machinery [8425][8426][8427][8428][8429][8430][8431]
- road and agricultural vehicles [chapter 87]
- rolling stock [chapter 86]
- vessels [chapter 89].

3.3. However, Sections 3.1 and 3.2 do not apply to:

- products and components of the products used in the aeronautical, aerospace, mining, offshore and nuclear sectors whose applications require high safety standards and in safety devices in road and agricultural vehicles, rolling stock and vessels,
- electrical contacts in any sector of use, on account of the reliability required of the apparatus on which they are installed.

25.	Monomethyl – Council tetrachlorodiphenyl methane Directive Trade name: (OJ L186, Ugilec 141 12.7.1991, (CAS No p.64) 76253-60-6)	The marketing and use of this substance and of preparations and products containing it shall be prohibited. By way of exception this provision shall not apply: 1) in the case of plant and machinery already in service on 18 June 1994 until such plant and machinery is disposed of ² ; 2) in the case of the maintenance of plant and machinery already in service on 18 June 1994. The placing on the second hand market of this substance, preparations containing this substance and plant/machinery containing this substance shall be prohibited.
26.	Monomethyl- Council dichloro- Directive 91/339/EEC	The marketing and use of this substance and of preparations and products containing it shall be prohibited.

1

The numbers and chapter numbers contained in the column are those used under Council Regulation (EEC) No. 2658/87 on the tariff and statistical nomenclature and on the Common Customs Tariff (OJ No L256, 7.9.1987).

2

Member States were permitted, as from 18 June 1994, on grounds of health protection and environmental protection, to prohibit within their territory the use of such plant or machinery before it was disposed of. No such additional restriction is imposed under these Regulations.

Member States were permitted, as from 18 June 1994, on grounds of health protection and environmental protection, to prohibit within their territory the use of such plant or machinery before it was disposed of. No such additional restriction is imposed under these Regulations.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations substitute a new Schedule 1 to the Controls on Dangerous Substances and Preparations Regulations 2006 (S.I. 2006/3311) (“the 2006 Regulations”). In that Schedule, point 20 (arsenic compounds) is amended to give effect to Commission Directive 2006/139/EC (OJ L384, 29.12.2006, p.94). That Directive amends the restrictions set out in Annex I of Council Directive 76/769/EEC on the approximation of the laws, regulations and administrative provisions of the Member States relating to restrictions on the marketing and use of certain dangerous substances and preparations (OJ L262, 27.9.1976, p.201). A minor amendment is also made to regulation 14 of the 2006 Regulations.

A full regulatory impact assessment has not been produced for this instrument as no impact on the private or voluntary sector is foreseen. A transposition note is available from the Chemicals and Nanotechnology Division, Department for Environment, Food and Rural Affairs, Nobel House, 17 Smith Square, London SW1P 3JR and at www.defra.gov.uk. Copies have been placed in the library of each House of Parliament.

Status:

Point in time view as at 30/06/2007.

Changes to legislation:

There are currently no known outstanding effects for the The Controls on Dangerous Substances and Preparations (Amendment) Regulations 2007 (revoked).
