The Anguilla (Territorial Sea) Order 2007

3.—(1) Except as otherwise provided in paragraph (2) of this article and in articles 4 and 5 below, the baseline from which the breadth of the territorial sea adjacent to Anguilla is measured shall be the low-water line along the coast, including the coast of all islands comprised in the territory.

(2) For the purposes of this article a low-tide elevation which lies wholly or partly within the breadth of sea which would be territorial sea if all low-tide elevations were disregarded for the purpose of the measurement of the breadth thereof shall be treated as an island.
