The Air Navigation (Overseas Territories) Order 2007

PART VI

OPERATION OF AIRCRAFT

Passenger briefing by pilot-in-command

46. The pilot-in-command of an aircraft registered in the Territory shall take all reasonable steps to ensure—

- (a) before the aircraft takes off on any flight, that all passengers are made familiar with the position and method of use of emergency exits, safety belts (with diagonal shoulder strap where required to be carried), safety harnesses and (where required to be carried) oxygen equipment, lifejackets and the floor path lighting system and all other devices required by or under this Order and intended for use by passengers individually in the case of an emergency occurring to the aircraft; and
- (b) that in an emergency during a flight, all passengers are instructed in the emergency action which they should take.
