

## SCHEDULE

### REGULATION OF THE INTERGOVERNMENTAL COMMISSION ON THE SAFETY OF THE CHANNEL FIXED LINK

## Chapter 3

### *Safety management systems, safety authorisation of Concessionaires and Part B certification of railway undertakings*

#### **Part B certification for railway undertakings**

**54.** If the Intergovernmental Commission finds that the holder of a Part B certificate no longer satisfies the conditions for that certificate, it may, without prejudice to any emergency actions needed, after formal notice and giving the certificate holder an opportunity to make representations and after considering any representations made, modify, restrict, suspend or revoke the Part B certificate, giving reasons for its decision. The Intergovernmental Commission shall without delay advise the safety authority that granted the Part A certificate and the Concessionaires.
