

**EXPLANATORY MEMORANDUM TO
THE SURREY PRIMARY CARE TRUST (TRANSFER OF TRUST PROPERTY) ORDER
2008**

2008 No. 415

1 This explanatory memorandum has been prepared by the Department of Health and is laid before Parliament by Command of Her Majesty.

2 Description

The purpose of the Statutory Instrument is to transfer property held on trust (charitable property) from Surrey Primary Care Trust to Surrey and Borders Partnership National Health Service Trust.

3 Matters of special interest to the Joint Committee on Statutory Instruments

None

4 Legislative Background

The instrument has been made by the Secretary of State under section 213 of the National Health Service Act 2006. That section allows the Secretary of State to transfer trust property from one NHS body to another NHS body in the circumstances of change laid down in that section.

5 Extent

This instrument applies to England.

6 European Convention on Human Rights

As the instrument is subject to negative resolution procedure and does not amend primary legislation, no statement is required.

7 Policy background

The proposed transfer is due to changes in the arrangements for the administration of hospitals, establishments and facilities of the Surrey and Borders Partnership National Health Service Trust in preparation for seeking Foundation Trust status, which is expected to be granted on 1 April 2008. It is therefore considered more appropriate after consultation with both the transferor Primary Care Trust and the receiving National Health Service Trust, for Surrey and Borders Partnership National Health Service Trust to hold and administer the trust property currently held by Surrey Primary Care Trust. It is considered that the transfer will improve the efficiency of the management and administration of the charitable property.

8 Impact

An Impact Assessment has not been prepared for this instrument as it has no impact on business, charities or voluntary bodies.
