
EXPLANATORY NOTE

(This note is not part of the Order)

This Order revokes and replaces the Diseases of Animals (Approved Disinfectants) (Fees) (England) Order 2007 ([S.I. 2007/2203](#)).

The Order with effect from 6th April 2008 amends the fee for testing for approval for use for—

- (a) diseases of poultry (if one dilution rate is requested) from £923 to £950;
- (b) diseases of poultry (if three dilution rates are requested) from £1,257 to £1,290;
- (c) tuberculosis (if one dilution rate is requested) from £1,183 to £1,210;
- (d) foot-and-mouth disease from £750 to £1,490;
- (e) swine vesicular disease from £750 to £1,490; and
- (f) all other instances where there is a legislative requirement to use an approved disinfectant (if one dilution rate is requested) from £645 to £660.

The Order introduces a new fee for testing for approval for use for—

- (a) tuberculosis (if three dilution rates are requested) which is £1,510; and
- (b) all other instances where there is a legislative requirement to use an approved disinfectant (if three dilution rates are requested) which is £760.

The Order also amends the fee for administrative services from £134 to £1,650.

A full impact assessment has not been produced for this instrument as a minimal impact on the private or voluntary sectors is foreseen.
