- (b) there shall be a supplementary bids round.

(2) Where the combination of all bids received in a primary bid round is not a compatible combination of bids, there shall be a further primary bid round unless OFCOM determine in accordance with paragraph (3) that there shall be no further primary bid rounds.

(3) OFCOM shall only make such a determination where they are satisfied that it is unlikely that the information that would be available to bidders under regulation 32 following any further primary bid rounds would affect—

 - (ii) these two bids specified different choices of licence condition; and
- (c) the round price for any lot where that lot was only included in one bid in the previous primary bid round where—
 - (i) one of the lots immediately adjacent to that lot was not included in any bid;

(4) In the circumstances described in paragraph (3), the amount of the round price for the lot shall not be more than twice the amount of the round price for that lot in the previous primary bid round.

(5) The amount of the round price for any lot not included in the circumstances described in paragraph (3), shall be the same amount as it was in the previous primary bid round.

Bidder's eligibility limit for primary bid rounds

- (a) that number; or
- (b) where the number is not a whole number, that number rounded down to the nearest whole number.

Determination of bidder's eligibility limit for subsequent primary bid rounds

22.—(1) For subsequent primary bid rounds, each bidder's eligibility limit shall be determined either under paragraphs (2) to (4) or under paragraph (5) (as the case may be).

(2) Where a bidder makes a valid primary bid in a primary bid round, OFCOM shall determine the bidder's eligibility limit for the next primary bid round by calculating the number of eligibility points associated with the valid primary bid.

(3) The number of eligibility points associated with a valid primary bid shall be a number equal to the total of the eligibility points associated with each lot included in the selection of lots specified in that primary bid in accordance with Schedule 5.

(4) The bidder's eligibility limit shall be a number equal to the number of eligibility points associated with that valid primary bid.

(5) Where a bidder does not make a valid primary bid in a primary bid round, the bidder's eligibility limit for the subsequent primary bid round shall be zero.

Additional deposit before first primary bid round

23.—(1) In addition to the initial deposit, a bidder may pay an additional sum in pounds as a deposit which shall be taken into account by OFCOM in accordance with regulation 21 for the purpose of calculating the bidder's eligibility limit for the first primary bid round.

(2) A bidder wishing to pay such an additional sum must, by the deadline specified by OFCOM, pay the additional sum into OFCOM's bank account by a same day electronic transfer with accompanying information which identifies the bidder.

Valid primary bids

24.—(1) A primary bid shall only be taken into consideration for the purposes of determining—

- (a) the number of primary bid rounds in accordance with regulation 18;
- (b) the round prices for primary bid rounds in accordance with regulation 19;
- (c) the winning combination of auction stage bids in accordance with regulation 41; and

Restrictions on the amount of a supplementary bid

26.—(1) The amount of a supplementary bid must be not less than the total amount of the round prices in the first primary bid round for the selection of lots comprised in the supplementary bid

(2) Where the supplementary bid is for a selection of lots in respect of which the bidder has also made a primary bid and the licence condition chosen is the same in the primary bid and the supplementary bid, the amount of the supplementary bid must be greater than the amount of the highest primary bid made by the bidder for that selection of lots for which the licence condition chosen is the same as that in the supplementary bid.

- (3) Where—
- (a) the bidder did not make a valid primary bid in the final primary bid round; or
 - (b) the total number of eligibility points associated with the selection of lots comprised in the supplementary bid is greater than the total number of eligibility points associated with the selection of lots comprised in the valid primary bid made by the bidder in the final primary bid round,

the amount of the supplementary bid must not be greater than the amount determined in accordance with paragraph (4).

(4) The amount referred to in sub-paragraph (3) is the total amount of the round prices for the selection of lots comprised in the supplementary bid in the latest primary bid round in which a primary bid made by the bidder for that selection of lots could have satisfied the rules set out in regulation 15(5).

CHAPTER 3

Procedure for primary bid rounds

Notice to be given to bidders before primary bid rounds and extensions to rounds

27.—(1) Before the start of each primary bid round, OFCOM shall notify each bidder of—

- (a) the date on which, and the times on that date within which, subject to paragraph (2), bidders may make primary bids;
- (b) in respect of each lot, the round price for the lot (determined in accordance with regulation 19); and
- (c) the eligibility limit for that bidder for that primary bid round (determined in accordance with regulation 21 or 22 as the case may be).

(2) The time notified by OFCOM under paragraph (1)(a) as the end of the primary bid round (“end of round time”) may be treated by a bidder in respect of—

- (a) no more than two primary bid rounds; and
- (b) for each primary round in respect of which paragraph (3) applies to the bidder, a further primary bid round,

as that time extended by thirty minutes, and OFCOM shall treat the extended time as the end of round time for the purposes of paragraph (1)(a).

(3) This paragraph applies to a bidder where—

- (a) in respect of a previous primary bid round, the bidder treated the end of round time for that round as extended by thirty minutes in accordance with paragraph (2);
- (b) the bidder submitted its completed primary bid form for that primary bid round so that it was received by OFCOM by the end of round time so extended; and
- (c) OFCOM have notified the bidder that they are satisfied that, in respect of that primary bid round, circumstances existed which were beyond the bidder’s control which had the effect that the bidder could not have submitted its primary bid form so that it was received by OFCOM by the end of round time without such an extension.

Submission of primary bid form to OFCOM

28.—(1) Except as provided for in regulation 29, the bidder must submit the completed primary bid form to OFCOM by using the electronic auction system.

(2) The completed primary bid form must be submitted to OFCOM by the end of round time.

Alternative method for submission of primary bid form

29.—(1) Where OFCOM are satisfied that a bidder is unable using reasonable endeavours to submit a primary bid form by using the electronic auction system because of technical failure (or an event or circumstance with similar effect on the bidder’s ability to use the electronic auction system), OFCOM shall notify the bidder of an alternative method of submitting the primary bid form and any requirements relating to the authentication of communications made by means of the alternative method.

(2) The bidder must submit the primary bid form by means of the alternative method and must comply with any requirements which have been notified to it under paragraph (1) relating to the authentication of communications.

Incomplete or defective primary bid form

30.—(1) Where, due to the manner of completion, a primary bid form is incomplete or defective but OFCOM believe that they can ascertain the bidder’s intention in relation to the making of the primary bid, OFCOM shall ask the bidder to confirm in a notice to OFCOM by a specified

deadline that OFCOM have correctly ascertained the bidder's intention in relation to the making of the primary bid.

(2) Where the bidder confirms, in a notice given to OFCOM by the specified deadline which is signed by two authorised persons of that bidder, that OFCOM have correctly ascertained the bidder's intention, the primary bid form in its entirety shall be accepted by OFCOM on that basis.

(3) Where the bidder does not give such confirmation in a notice given to OFCOM by the specified deadline which is signed by two authorised persons of that bidder, the primary bid form in its entirety shall be rejected by OFCOM and the primary bid submitted on the primary bid form shall not be taken into consideration for the purposes of determining—

- (a) the number of primary bid rounds in accordance with regulation 18;
- (b) the round prices for primary bid rounds in accordance with regulation 19;
- (c) the winning combination of auction stage bids in accordance with regulation 41; and
- (d) the winning price payable by a winning bidder in accordance with regulation 43.

Release of information on primary bids in auction stage

32. After the end of a primary bid round and before the start of the subsequent primary bid round (or the start of the supplementary bids round if there is no subsequent primary bid round), OFCOM shall notify bidders of—

- (a) the number of bids made in that round which selected each lot available for selection; and
- (b) the number of those bids which specified each choice of licence condition for each lot available for selection.

Additional deposit for primary bid rounds

33.—(1) Where in respect of a primary bid the amount specified by a bidder under regulation 15(3)(c) is greater than the total amount that the bidder has on deposit (including the initial deposit, any sum paid as a deposit under regulation 23 and any sum or sums paid as a deposit under this regulation, but not including any sum forfeited under regulation 49) OFCOM may, having regard to the desirability of securing an efficient outcome to the auction stage, subsequently notify the bidder that the bidder is required to pay a further sum in pounds as a deposit.

(2) The further sum shall be an amount such that the total amount that the bidder has on deposit (including the initial deposit, any sum paid as a deposit under regulation 23 and any sum or sums paid as a deposit under this regulation, but not including any sum forfeited under regulation 49) is not less than the highest valid primary bid that the bidder made before OFCOM issued the notification under paragraph (1).

(3) Any such sum shall be paid into OFCOM's bank account by a same day electronic transfer, with accompanying information which identifies the bidder, by a deadline specified by OFCOM.

(4) Where a bidder does not satisfy the provisions set out in paragraph (3), OFCOM shall notify the bidder of that fact and for any primary bid rounds following notice being given under this paragraph the bidders eligibility limit shall be zero.

CHAPTER 4

Procedure for supplementary bids round and final auction stage deposit

Notice to be given to bidders before supplementary bids round

34. Before the start of the supplementary bids round, OFCOM shall notify each bidder of —
- (a) the date on which, and the times on that date within which, subject to regulation 37, bidders may make supplementary bids; and

35.—(1) Except as provided for in regulation 36, a bidder must submit the completed supplementary bids form to OFCOM by using the electronic auction system.

(2) Except as provided for in regulation 37, the completed supplementary bids form must be received by OFCOM by the time notified to bidders under regulation 34(a).

Alternative method for submission of supplementary bids form

36.—(1) Where OFCOM are satisfied that a bidder is unable using reasonable endeavours to submit a supplementary bids form by using the electronic auction system because of technical failure (or an event or circumstance with similar effect on the bidder's ability to use the electronic auction system), OFCOM shall notify the bidder of an alternative method of submitting the supplementary bids form and any requirements relating to the authentication of communications made by means of the alternative method.

(2) The bidder must submit the supplementary bids form by means of the alternative method and must comply with any requirements which have been notified to it under paragraph (1) relating to the authentication of communications.

Extension to supplementary bids round

37.—(1) Where OFCOM have not received a completed supplementary bids form from a bidder by the time notified to bidders under regulation 34(a) and paragraph (2) applies, the time by which the bidder's completed supplementary bids form must be received by OFCOM shall be the time sixty minutes after the time notified to bidders under regulation 34(a) as the end of the supplementary bids round.

(2) This paragraph applies where OFCOM are satisfied that circumstances existed which were beyond the bidder's control which had the effect that the bidder could not have submitted its supplementary bids form so that it was received by OFCOM by the time notified to bidders under regulation 34(a) as the end of the supplementary bids round.

Incomplete or defective supplementary bids form

38.—(1) Where, due to the manner of completion, a supplementary bids form is incomplete or defective but OFCOM believe that they can ascertain the bidder's intention in relation to the making of the supplementary bid or bids, OFCOM shall ask the bidder to confirm in a notice to OFCOM by a specified deadline that OFCOM have correctly ascertained the bidder's intention in relation to the making of the supplementary bid or bids.

(2) Where the bidder confirms, in a notice given to OFCOM by the specified deadline which is signed by two authorised persons of that bidder, that OFCOM have correctly ascertained the bidder's intention, the supplementary bids form in its entirety shall be accepted by OFCOM on that basis.

(3) Where the bidder does not give such confirmation in a notice given to OFCOM by the specified deadline which is signed by two authorised persons of that bidder—

- (a) where the incompleteness or defect relates to one or more of the supplementary bids made on the supplementary bids form, that supplementary bid or those supplementary bids (as the case may be) shall be rejected by OFCOM and shall not be taken into consideration for the purposes of determining—
 - (i) the winning combination of auction stage bids under regulation 41; and
 - (ii) the price payable by a winning bidder under regulation 43;
- (b) where sub-paragraph (a) does not apply, the supplementary bids form in its entirety shall be rejected by OFCOM and none of the supplementary bids made on that supplementary bids form shall be taken into consideration for the purposes of determining—
 - (i) the winning combination of auction stage bids under regulation 41; and
 - (ii) the price payable by a winning bidder under regulation 43.

Notification that supplementary bid not valid

39. OFCOM shall notify a bidder which submits a supplementary bid that is not a valid supplementary bid of that fact and shall give the reasons why the bid is not a valid supplementary bid.

Final auction stage deposit

40.—(1) By the deadline notified to bidders under regulation 34(b), each bidder must pay into OFCOM’s bank account by a same day electronic transfer, with accompanying information which identifies the bidder, a further sum in pounds as a deposit so that the total amount the bidder has on deposit (including the initial deposit, any sum paid as a deposit under regulation 23 or 33 and any sum paid as a deposit under this paragraph, but not including any sum forfeited under regulation 49) is not less than whichever is the greater of—

- (a) the amount of the bidder’s highest valid primary bid as specified by the bidder under regulation 15(3)(c); and
- (b) the amount of the bidder’s highest valid supplementary bid as specified by the bidder under regulation 17(3)(c).

(2) Where a bidder does not satisfy the provisions set out in paragraph (1), OFCOM shall notify the bidder of that fact and the bidder shall be excluded from the award process and shall not receive a refund of its initial deposit or any sums paid as a deposit under regulation 23, 33 or paragraph (1), which shall (where not already forfeited under regulation 49) be forfeited, and all of that bidder’s primary bids and supplementary bids shall be deemed to be invalid and shall not be taken into consideration for the purpose of determining—

- (a) the winning combination of auction stage bids under regulation 41; and
- (b) the winning price payable by a winning bidder under regulation 43.

CHAPTER 5

Determination of winning auction stage bids and conclusion of auction stage

Determination of the winning auction stage bids and the winning combination of auction stage bids

41.—(1) The winning auction stage bids shall be those valid auction stage bids that comprise the winning combination of auction stage bids.

(2) Unless paragraph (3) applies, the winning combination of auction stage bids shall be the compatible combination of bids having the highest total value of amounts bid.

(3) Where there is more than one compatible combination of bids for which the total value is equal highest, the winning combination of auction stage bids shall be determined in accordance

with the order of precedence set out in paragraph (4) or, where paragraph (5) applies, in accordance with that paragraph.

(4) The order of precedence shall be determined by the total number of eligibility points associated with each compatible combination of bids in accordance with paragraph (6) such that compatible combinations of bids to which a greater total number of eligibility points are associated prevail over compatible combinations of bids to which a lesser total number of eligibility points are associated.

(5) Where the same number of eligibility points is associated, in accordance with paragraph (6), with any two or more compatible combinations of bids for which the total value is equal highest, OFCOM shall employ a method of random selection from amongst those compatible combinations of bids to determine the winning combination of auction stage bids.

(6) The number of eligibility points associated with a compatible combination of bids shall be a number equal to the total of the eligibility points associated with each lot included in the selections of lots specified in the bids constituting that compatible combination of bids in accordance with Schedule 5.

Unallocated lots

42.—(1) Where the winning combination of auction stage bids results in some lots not being included in any winning auction stage bid (“unallocated lots”), OFCOM shall—

- (a) where there are only two adjoining unallocated lots situated immediately between lots selected in winning auction stage bids with different choices of licence condition, assign to the winning bidders for those winning auction stage bids the unallocated lot adjacent to the lot selected in their winning auction stage bid; and
- (b) in any other situation where there are unallocated lots, withhold those lots from being assigned.

(2) A winning bidder’s choice of licence condition does not apply to any unallocated lots assigned to it.

Determination of winning price of winning auction stage bids

43. In respect of each winning auction stage bid, OFCOM shall determine an amount in accordance with Schedule 6 (“the winning price”) which shall be payable by the relevant winning bidder.(a)

Notification of results of auction stage

44. Following determination of the winning combination of auction stage bids under regulation 41 and the determination of the winning price for each winning auction stage bid under regulation 43, OFCOM shall notify each bidder of—

- (a) the names of the winning bidders; and
- (b) in respect of each winning bidder—
 - (i) the lots comprised in its winning auction stage bid;
 - (ii) the licence condition which will be included in the licence for those lots;
 - (iii) any unallocated lots assigned to it under regulation 42(1)(a); and
 - (iv) the winning price for that winning auction stage bid.

(a) On 12th March 2008, OFCOM published notes on the determination of the licence fees payable by bidders in a document called ‘Notes on the determination of licence fees payable by bidders in relation to the award of the 1452MHz-1492MHz spectrum band: Schedule 6 to the Wireless Telegraphy (Licence Award) Regulations 2008’.

CHAPTER 6

Grant stage

Determination of the licence fee

45. The licence fee payable by a winning bidder shall be the amount equal to the winning price for that winning bidder's winning auction stage bid determined by OFCOM under regulation 43.

Procedure where amount of winning bidder's deposit is less than the licence fee

46.—(1) Where the amount of a winning bidder's deposit (including the initial deposit and any sums paid as a deposit under regulations 23, 33 or 40, but not including any sum forfeited under regulation 49) is an amount that is less than the amount of the winning bidder's licence fee as determined in accordance with regulation 45—

- (a) OFCOM shall notify the winning bidder of a deadline by when the bidder must comply with sub-paragraph (b); and
- (b) the winning bidder must by the deadline specified in sub-paragraph (a) pay into OFCOM's bank account by a same day electronic transfer, with accompanying information which identifies the bidder, a sum in pounds calculated in accordance with paragraph (2).

(2) The sum which the winning bidder must pay to OFCOM shall be the difference between the amount of the winning bidder's licence fee determined in accordance with regulation 43 and the amount of the winning bidder's deposit (including the initial deposit and any sums paid as a deposit under regulations 23, 33 or 40, but not including any sum forfeited under regulation 49).

(3) Where a winning bidder has satisfied the provisions set out in paragraph (1)(b), OFCOM shall grant that winning bidder a licence for the selection of lots contained in that winning bidder's winning auction stage bid which includes the licence condition that matches the licence condition chosen in that winning auction stage bid, and any unallocated lots assigned to that bidder under regulation 42(1)(a).

(4) Where a winning bidder does not satisfy the provisions set out in paragraph (1)(b), the winning bidder shall not be entitled to the grant of a licence under these Regulations and shall not receive a refund of its initial deposit or any sums paid as a deposit under regulations 23, 33 or 40, which shall (where not already forfeited under regulation 49) be forfeited.

Procedure where amount of winning bidder's deposit is greater than or equal to the licence fee

47.—(1) Where the amount of winning bidder's deposit (including the initial deposit and any sum paid as a deposit under regulation 23, 33 or 40, but not including any sum forfeited under regulation 49) is greater than or equal to the amount of the winning bidder's licence fee determined in accordance with regulation 45, OFCOM shall—

- (a) grant the winning bidder a licence for the selection of lots contained in that bidder's winning auction stage bid which includes the licence condition that matches the licence condition chosen in that winning auction stage bid, and any unallocated lots assigned to that winning bidder under regulation 42(1)(a); and
- (b) refund to the winning bidder a sum in pounds calculated in accordance with paragraph (2).

(2) The sum which OFCOM shall refund to a winning bidder shall be the difference (if any) between the amount of the winning bidder's deposit (including the initial deposit and any sums paid as a deposit under regulations 23, 33 or 40, but not including any sum forfeited under regulation 49) and the amount of the winning bidder's licence fee determined in accordance with regulation 45, but not any interest which has accrued on the deposit.

Completion of the award process

48. OFCOM shall complete the award process by—
- (a) publishing on their internet website details of all valid auction stage bids made by each bidder, the names of the persons to whom licences were granted, the selection of lots included in those licences, the licence conditions included in those licences and the details of the licence fees paid; and
 - (b) refunding to applicants which were not qualified or which withdrew in accordance with regulation 9 and to bidders which were not winning bidders, the initial deposits and any sums paid as a deposit under regulations 23, 33 or 40 (where such deposits have not been forfeited under regulation 16, 40(2) or 49), but not any interest which has accrued on the deposits.

PART 6

DETERMINATION OF WINNING PRICE

Winning price

1.—(1) In determining the winning price for each winning auction stage bid, OFCOM shall impose the requirements set out in paragraphs 2 to 5.

(2) Where a winning price so determined includes a fraction of a pound, the winning price shall be that price rounded up to the nearest pound.

First requirement

2. The winning price for each winning auction stage bid shall be—

- (a) no less than the total of the round prices in the first primary bid round for the selection of lots comprised in that winning auction stage bid; and
- (b) no greater than the amount of that winning auction stage bid.

Second requirement

3.—(1) Taking the winning prices for the winning auction stage bids together, the winning prices shall be such that if—

- (a) the amount bid by each winning bidder for the selection of lots and the licence condition chosen comprised in its winning auction stage bid had been the winning price rather than the amount of its winning auction stage bid (“reduced winning auction stage bid”); and
- (b) the amount bid by each winning bidder in respect of each other valid auction stage bid made by that bidder had been reduced by an amount equal to the difference between the amount of its winning auction stage bid and the winning price for that winning auction stage bid;

the combination of the reduced winning auction stage bids submitted by the winning bidders would have been the compatible combination of bids or one of the compatible combination of bids (as the case may be) having the highest total value of amounts bid.

(2) The bids mentioned in sub-paragraphs (1)(a) and (b) shall, after reduction of the amount of those bids in accordance with those paragraphs, be treated as valid auction stage bids for the purposes of this paragraph.

Third requirement

4. Taking the winning prices for the winning auction stage bids together, the total of the winning prices shall be no greater than the total of any other prices for the winning auction stage bids that satisfy the requirements set out in paragraphs 2 and 3.

Fourth requirement

5.—(1) Taking the winning prices for the winning auction stage bids together, the opportunity cost variance of those winning prices calculated in accordance with sub-paragraph (2) shall be less than the opportunity cost variance of any other prices for the winning auction stage bids that satisfy the requirements set out in paragraphs 2 to 4 calculated in accordance with sub-paragraph (2).

(2) The opportunity cost variance (“OCV”) of the prices mentioned in sub-paragraph (1) is the amount calculated in accordance with the formula—

$$OCV = \sum (p - c)^2$$

where—

“p” means the price for a winning auction stage bid; and

“*c*” means the amount calculated in accordance with the formula set out in sub-paragraph (3) in respect of that winning auction stage bid.

(3) The formula is—

$$c = u - t + b$$

where—

“*u*” means the amount calculated in accordance with sub-paragraph (4);

“*t*” means the total amount of the winning auction stage bids; and

“*b*” means the amount of the winning auction stage bid for which *p* is the price.

(4) The amount calculated in accordance with this sub-paragraph is the total amount of the valid combination of auction stage bids or one of the valid combinations of auction stage bids (as the case may be) having the highest total value of amounts bid, where the auction stage bids to be included in the valid combination of auction stage bids do not include any of the auction stage bids made by the winning bidder that submitted the winning auction stage bid for which *p* is the price.

EXPLANATORY NOTE

(This note is not part of the Order)

These Regulations set out the procedure that will apply to the grant of wireless telegraphy licences at the frequency between 1452 MHz to 1492 MHz.

To apply, a body corporate must deliver the documents required by regulation 4(3) to the Office of Communications (“OFCOM”) on a day specified by OFCOM on their internet website. An initial deposit of fifty thousand pounds must also be paid to OFCOM (regulation 4(3)(b)).

An applicant will not be qualified to bid where a member of its bidder group is also a member of another bidder group (regulation 7(2)). OFCOM will determine which applicants are qualified to bid in the auction, taking into account the matters set out in regulation 7(3). Under regulation 8, OFCOM will publish the names of all applicants qualified to bid on their internet website.

OFCOM will follow the procedure in Part 4 of these Regulations where there is only one bidder, or the procedure in Part 5 of these Regulations where there is more than one bidder.

Under Part 4, where there is only one bidder OFCOM will give the bidder a notice, setting out the deadline by when the completed lot selection menu must be provided to OFCOM and the deadline by when the bidder must transfer to OFCOM the balance of the licence fee (regulation 11).

Under Part 5, the process for the award of licences will consist of two stages.

The first stage, called the auction stage, is the procedure set out in Chapters 2 to 5 of Part 5. During the auction stage there will be an auction with at least two rounds during which bidders will be able to make bids for a selection of lots (a term defined in regulation 2). OFCOM will determine the winning bids in accordance with regulation 41, and will determine the price payable in respect of each winning bid in accordance with regulation 43 and Schedule 6.

The second stage, called the grant stage, is the procedure set out in Chapter 6 of Part 5. OFCOM will grant licences to winning bidders and refund any sums due to winning bidders under regulation 47(1)(b).

If in relation to an applicant which is qualified to bid or a bidder OFCOM are satisfied that certain events are occurring or have occurred and that the occurrence would materially affect the outcome of the award process, the applicant or bidder concerned will forfeit sums on deposit held by OFCOM and may be excluded from the award process (regulation 49).

A full regulatory impact assessment of the effect these Regulations will have on the cost to business has been prepared. Copies of the impact assessment and copies of the publication referred to on page 19 of these Regulations are available to the public from the OFCOM library at Riverside House, 2a Southwark Bridge Road, London SE1 9HA, telephone 020 7981 3000 or on the OFCOM internet website at www.ofcom.org.uk. Copies of the impact assessment have also been placed in the libraries of both Houses of Parliament.
