
STATUTORY INSTRUMENTS

2009 No. 1297

**The Products of Animal Origin (Disease Control)
(England) (Amendment) Regulations 2009**

Amendments

7. In regulation 10 (Slaughterhouses)—

- (a) in paragraph (1) after the word “animals” insert “, seropositive pigs”;
- (b) in paragraph (2) after sub-paragraph (d) omit the full stop and insert—

“,

(e) seropositive pigs are kept separately from other pigs; and

(f) seropositive pigs are slaughtered separately from other pigs.”;

(c) after paragraph (5) insert—

“(6) Where the occupier of a slaughterhouse has not complied with the requirements of paragraph (2)(e) or (2)(f) on being given notice by a veterinary inspector, those other pigs must be dealt with by the occupier as seropositive pigs.

(7) The occupier of a slaughterhouse may only receive restricted meat if it is a designated slaughterhouse”.

Changes to legislation:

There are currently no known outstanding effects for the The Products of Animal Origin (Disease Control) (England) (Amendment) Regulations 2009, Section 7.
