2010 No. 1554

The Pyrotechnic Articles (Safety) Regulations 2010

PART 2

Category 1, 2 and 3 fireworks

Safety obligations of importers

7.—(1) Where a manufacturer of a category 1, 2 or 3 firework is not established within the EU, the importer of the firework shall—

- (a) ensure the manufacturer has complied with the obligations under Part 2 which would apply to the firework if the manufacturer were established within the EU, or
- (b) comply with the obligations under Part 2 which would apply to the firework if the importer were a manufacturer established within the EU.

(2) An importer shall be liable for any contravention of paragraph (1)(a) or (b), including a contravention caused by an action, omission or default of the manufacturer.
