(2) In relation to evidence about the conduct or behaviour of the registrant which might cast doubt on whether the requirements as to fitness to practise are met in relation to the registrant, the Committee must have regard to whether or not that conduct or behaviour—

- (a) presents an actual or potential risk to patients or to the public;
- (b) has brought, or might bring, the profession of pharmacy into disrepute;
- (c) has breached one of the fundamental principles of the profession of pharmacy; or
- (d) shows that the integrity of the registrant can no longer be relied upon.

(3) In relation to evidence about the registrant’s physical or mental health which might cast doubt on whether the requirements as to fitness to practise are met in relation to the registrant, the Committee must have regard to whether or not that evidence shows actual or potential—

- (a) self-harm; or
- (b) harm to patients or to the public.

PART 2

Initial consideration by the Registrar

Initial action in respect of allegations

6.—(1) The Registrar may only refer an allegation where—

- (a) the person concerned is identifiable; and
- (b) the allegation is capable of being referred.

(2) The Registrar must not refer the allegation where—

- (a) in the case of a fitness to practise allegation, the allegation is of a type stated in the threshold criteria which should not be referred;
- (b) more than five years have elapsed since the most recent events referred to in the allegation unless the Registrar considers that it is necessary for the protection of the public, or otherwise in the public interest, for the allegation to be referred; or
- (c) the allegation is made by an informant who—
 - (i) is anonymous and the allegation is not capable of verification from an independent source; or
 - (ii) is identifiable but does not participate in the consideration of the allegation and the allegation is not capable of verification from an independent source.

(3) The Registrar’s consideration of an allegation under paragraphs (1) and (2) may include the carrying out of any investigations which, in the Registrar’s opinion, are appropriate to the consideration of it.

- (4) Investigations referred to in paragraph (3) may include—
- (a) requesting the Council’s employees to undertake further inquiries;
 - (b) requesting the informant to provide a written statement or statutory declaration;
 - (c) instructing solicitors and inquiry agents; or
 - (d) in relation to a health allegation, requiring the person concerned to agree to be medically examined by a registered medical practitioner nominated by the Council.
- (5) The allegation must be referred to the Committee instead of to the Investigating Committee if the Registrar considers that—
- (a) the Committee should consider making an interim order, and if the Registrar does so consider, the Registrar must notify the Committee accordingly; or
 - (b) the public interest is best served by urgent consideration of the case.
- (6) The Registrar must also refer an allegation to the Committee instead of to the Investigating Committee if—
- (a) it relates to a conviction for one or more criminal offences and the sentence imposed in respect of one offence or in respect of some or all of those offences, is a custodial or suspended custodial sentence;
 - (b) it relates to a determination by a regulatory body in the United Kingdom responsible under any enactment for the regulation of a health or social care profession that the registrant’s fitness to practise is impaired.
- (7) The Registrar may refer an allegation to the Committee instead of to the Investigating Committee where—
- (a) in so far as the allegation relates to an entry in the Register, the Registrar has reasonable grounds for believing that that entry may have been fraudulently procured or incorrectly made; and
 - (b) the Registrar considers that the allegation should be so referred.
- (8) Where the Registrar refers an allegation to the Committee under paragraph (5), (6) or (7), the Registrar must inform the person concerned and the informant, if any, that the allegation has been so referred.

Notices of referral and documents to be supplied to persons concerned

7.—(1) Once the Registrar has taken a decision to refer a fitness to practise allegation or a disqualification allegation to the Investigating Committee, the Registrar must—

- (a) send to the person concerned a notice of referral to the Investigating Committee;
 - (b) provide that person with—
 - (i) copies of all documentation, including summaries of relevant information, to be placed by the Registrar before the Investigating Committee, and
 - (ii) a copy of the threshold criteria.
- (2) The notice of referral to the Investigating Committee must in terms—
- (a) particularise the allegation;
 - (b) set out any recommendations for disposal of the case made by the Registrar;
 - (c) specify a date for the meeting of the Investigating Committee which will consider the allegation, which must be no less than 28 days after the date of service of the notice of referral;
 - (d) inform the person concerned of the Investigating Committee’s powers—
 - (i) to dismiss the case,
 - (ii) in relation to a health allegation, to require the person concerned to undergo a medical examination,
 - (iii) to issue warnings,

- (iv) to agree undertakings,
 - (v) to give advice to the person concerned or to other persons,
 - (vi) to refer the matter to the Committee, and
 - (vii) in respect of the initiation of criminal proceedings;
- (e) invite the person concerned to indicate, no later than 21 days after the date of service of the notice, whether the particulars of the allegation set out in the notice are admitted or denied;
 - (f) invite the person concerned to provide written representations on the allegation, and on any recommendations for disposal of the case made by the Registrar;
 - (g) state that any written representations must be submitted to the Investigating Committee no later than 21 days after the date of service of the notice;
 - (h) inform the person concerned that any representations, or extracts of any representations, received may be shown to the informant, if any, for comment;
 - (i) inform the person concerned that the Investigating Committee may seek further information from any source for the purposes of carrying out its functions in investigating the allegation, including from the person concerned's employer, if any.

(3) A person who is the subject of a criminal conduct allegation must not be notified where that allegation is referred to the Investigating Committee, unless that person is a registrant and the allegation is being referred together with a fitness to practise or a disqualification allegation.

Applications for restoration

8.—(1) Subject to the following provisions of this rule, any person applying for restoration to Part 1 or 2 of the Register under article 57 of the Order must apply using the relevant application form, which is to be in such form as the Council may from time to time determine.

(2) The application form must (amongst other matters)—

- (a) require persons applying under paragraph (1) to—
 - (i) provide their full home address and contact details (including a telephone number and electronic mail address, where possible),
 - (ii) give reasons for saying that their fitness to practise is no longer impaired,
 - (iii) specify the part of the Register to which they are applying to be restored,
 - (iv) provide any necessary supporting documentation, as mentioned in paragraph (3), and
 - (v) sign and date the application; and
- (b) include a demand that any relevant prescribed fee be paid.

(3) Persons applying for restoration to Part 1 or, as the case may be, Part 2 of the Register under article 57 of the Order must provide to the Registrar, together with their completed application form—

- (a) at least two certificates attesting to their identity and good character, one of which must be given by a registrant in good standing with the Council;
- (b) sufficient evidence to demonstrate their fitness to return to practice, which may include—
 - (i) evidence of activities designed to address or learn from the original allegation,
 - (ii) evidence of learning activities designed to keep up to date with skills and knowledge, and with developments in practice, and
 - (iii) evidence demonstrating insight into the gravity of the allegation which resulted in their removal from the register; and
- (c) any necessary supporting documentation, information or evidence as mentioned in the completed application form, and such additional documents, information or evidence as the Registrar may reasonably require for the purposes of verifying the information in, or determining, the application.

(4) The Registrar must not accept a certificate of the type referred to in paragraph (3)(a) as a valid part of the application unless there is an indication on the face of the certificate that the person signing it—

- (a) knows why the person was removed from Part 1 or, as the case may be, Part 2 of the Register; and
- (b) has seen a copy of the reasons given for the person's removal from the relevant part of the Register.

(5) The Registrar must refuse the application if the relevant prescribed fee is not paid.

PART 3

Consideration by the Investigating Committee

Procedures of the Investigating Committee

9.—(1) The Investigating Committee is to meet in private.

(2) The Investigating Committee may not hear oral evidence.

(3) Before disposing of any allegation before it, the Investigating Committee—

- (a) must—
 - (i) consider all documents and recommendations placed before it by the Registrar, and
 - (ii) have regard to its own published referral criteria;
- (b) may—
 - (i) direct that further investigations should be undertaken,
 - (ii) obtain advice from a legal, clinical or other specialist adviser, and
 - (iii) adjourn its consideration of an allegation until such time as any further information has been obtained, any comments from the informant, if any, are received, or where the person concerned has undergone a medical examination, a report on the person concerned has been prepared.

(4) In fitness to practise or disqualification proceedings (whether or not a criminal conduct allegation is also being considered in relation to the person concerned), the Investigating Committee—

- (a) must in all cases—
 - (i) consider any written representations received from the person concerned, and
 - (ii) have regard to any relevant practice directions issued by the chair; and
- (b) may send any written representations received from the person concerned to the informant, if any, for comment.

(5) In relation to a health allegation, the Investigating Committee may—

- (a) require the person concerned to agree to be medically examined by a registered medical practitioner nominated by the Council; and
- (b) where it receives information that the person concerned has refused to co-operate fully with a medical examination, refer that matter to the Committee as a separate allegation.

(6) Where the Investigating Committee decides to refer an allegation to the Committee and is of the view that—

- (a) case management directions should be issued; or
- (b) an interim order should be made,

it must notify the Committee accordingly.

(7) The Investigating Committee must not refer any—

- (a) fitness to practise allegation to the Committee unless it is satisfied that there is a real prospect that the Committee will make a finding that the registrant's fitness to practise is impaired; or
- (b) disqualification allegation to the Committee unless it is satisfied that there is a real prospect that the Committee will make a direction for disqualification.

Agreement of undertakings by the Investigating Committee

10.—(1) Where the registrant concerned admits that their fitness to practise is impaired, the Investigating Committee may, if it thinks fit, dispose of fitness to practise proceedings by agreeing undertakings with the registrant concerned (that is, that the registrant concerned will comply with such undertakings as the Committee considers appropriate), instead of referring the allegation to the Committee.

(2) Where the Investigating Committee has disposed of a case in accordance with paragraph (1) and it subsequently receives information that those undertakings have not been complied with, it may—

- (a) refer the original allegation to the Committee and treat the failure to comply with the undertakings as a separate allegation of misconduct and refer that allegation to the Committee; or
- (b) determine not to refer the original allegation to the Committee but treat the failure to comply with the undertakings as a separate allegation of misconduct and refer that allegation to the Committee.

(3) Where the Investigating Committee has disposed of a case in accordance with paragraph (1) and it subsequently receives information that those undertakings may no longer be appropriate, it may—

- (a) with the agreement of the registrant concerned, vary those undertakings; or
- (b) determine that those undertakings no longer apply.

Notices

11.—(1) In the case of a fitness to practise allegation, the information to be provided by the Registrar under article 53(2)(b) or (3)(c) of the Order or under rule 6(8) must be in a notice which is to be sent to the registrant concerned and the informant, if any, no later than 10 days after the date on which the relevant decision was made or, as the case may be, the allegation was referred.

(2) In the case of a disqualification allegation, the secretary to the Investigating Committee must inform the section 80 party of the decision of the Investigating Committee to refer, or not to refer, the allegation, and must do so in a notice of decision which is to be sent to the party no later than 10 days after the date on which the relevant decision was made.

(3) The notice under paragraph (1) or (2) must include the reasons for the decision or the referral and be accompanied by any legal advice considered by the Investigating Committee or the Registrar.

(4) Where the Investigating Committee has decided not to refer an allegation to the Committee, the notice under paragraph (1) or (2) must inform the person concerned that the Investigating Committee may nevertheless reconsider the allegation in the circumstances set out in rule 12.

(5) Where the Investigating Committee has decided to dispose of the allegation by agreeing undertakings or issuing a warning, the notice under paragraph (1) or (2) must, subject to paragraph (6), be accompanied by a statement setting out the undertakings or the warning.

(6) The statement referred to in paragraph (5) must not be sent to the informant if it includes undertakings relating to the health of a person concerned.

(7) If the statement relates to undertakings, it must also state, in terms, that if the Investigating Committee subsequently receives information that those undertakings have not been complied with, it may—

- (a) refer the original allegation to the Committee and treat the failure to comply with the undertakings as a separate allegation of misconduct and refer that allegation to the Committee; or
- (b) determine not to refer the original allegation to the Committee but treat the failure to comply with the undertakings as a separate allegation of misconduct and refer that allegation to the Committee.

(8) Where the Investigating Committee or the Registrar has referred the matter to the Committee, the notice under paragraph (1) or (2)—

- (a) must particularise the matters to be referred; and
- (b) where the Investigating Committee or the Registrar is of the view that the Committee should consider making an interim order, state the reasons for its view.

Reconsideration of allegations

12.—(1) Where—

- (a) the Investigating Committee has considered a fitness to practise or a disqualification allegation and decided not to refer it to the Committee; and
- (b) within five years from the date of service of the notice given under rule 11, the Council receives a new allegation about the person concerned,

the Investigating Committee may take the action specified in paragraph (2).

(2) The Investigating Committee may—

- (a) when considering whether or not to refer the new allegation to the Committee, have regard to the original allegation; and
- (b) may refer both the original allegation and the new allegation to the Committee.

(3) Where the Investigating Committee has disposed of a fitness to practise or disqualification allegation, and within five years of that decision receives new evidence or information which makes the reconsideration of that decision—

- (a) necessary for the protection of the public;
- (b) necessary for the prevention of injustice to the person concerned; or
- (c) otherwise necessary in the public interest,

it may reconsider the allegation.

(4) The Investigating Committee may reconsider an allegation where it receives information that the Council has erred in its administrative handling of the case and it is satisfied that it is necessary in the public interest to do so.

(5) Where the Investigating Committee has decided to reconsider a fitness to practise or disqualification allegation, the secretary to the Investigating Committee must—

- (a) inform the person concerned and the informant, if any, of the decision to reconsider the allegation;
- (b) inform the person concerned and, where appropriate, the informant, if any, of any new evidence or information;
- (c) provide the person concerned and, where appropriate, the informant, if any, with copies of any new evidence and summaries of any new information received;
- (d) seek written representations from the person concerned and the informant, if any, on—
 - (i) the decision to reconsider the allegation, and
 - (ii) any new evidence or information received (unless, in the case of the informant, if any, this has not been sent to the informant).

(6) Following reconsideration of the original allegation, the original decision not to refer the allegation to the Committee may be rescinded in appropriate circumstances.

(7) Following reconsideration of the allegation, a new notice must be sent as provided for in rule 11.

PART 4

Consideration by the Committee: initial stages

Action upon referral of an allegation

13.—(1) After referral of an allegation by the Registrar or the Investigating Committee to the Committee—

- (a) in the case of a health allegation, the chair may require the person concerned to agree to be medically examined by a registered medical practitioner nominated by the Council;
- (b) the Registrar must take such steps as, in the Registrar's opinion, are desirable or necessary to assist the Council in the preparation of the case for hearing; and
- (c) the secretary must serve on both of the parties a listing questionnaire, which must be in the format determined by the secretary.

(2) In a case where the Registrar has referred an allegation to the Committee instead of to the Investigating Committee, the Council may request a case management meeting.

Disclosure provisions

14.—(1) As soon as is reasonably practicable after the date on which the person concerned is served with the notice given under rule 11 ("the referral date"), the Council must serve on the person concerned—

- (a) finalised particulars of the allegation, sufficiently particularised to enable them to understand the allegation;
- (b) any statements of evidence, expert reports or other documents relied upon by the Council in support of its case, not previously served upon the person concerned;
- (c) any evidence or documents that the Council has in its possession (other than documents for which privilege is claimed) which, whilst not relied upon by the Council, may assist the person concerned in the preparation of their defence;
- (d) a list of witnesses whose evidence is (or whose oral evidence will be) relied upon by the Council in support of its case;
- (e) a copy of the listing questionnaire duly completed by the Council; and
- (f) any time estimate for the duration of the Council's case.

(2) As soon as reasonably practicable after the date of service of the material set out in paragraph (1), the person concerned must serve on the secretary—

(3) The secretary shall send a copy of the request, together with any other material considered relevant, to the chair.

(4) The chair must agree to the request for a case management meeting unless the chair determines that the meeting is unnecessary or the request is an abuse of process.

(5) Case management meetings are to be held in private.

Case management directions

21.—(1) Case management directions may be issued—

- (a) at a case management meeting;
- (b) upon the request of a party (in circumstances where there is no request or requirement to hold a case management meeting); or

(2) Such case management directions may be issued as are considered necessary for the just and expeditious management of the case, and may include, but are not limited to—

(4) The secretary must keep a record of any case management directions given and must send written confirmation of such directions to the parties promptly.

(5) The Committee may draw such inferences as it considers appropriate in respect of the failure by a party to comply with case management directions.

PART 5

Matters arising both before and during hearings

Practice directions

22. The chair may issue practice directions of general application to any proceedings of the Committee.

Clinical and other specialist advice

23. The Committee may, at any time in the course of proceedings before it (including at a hearing), seek advice from—

- (a) a clinical adviser, appointed under article 64(1)(a) of the Order, on a health related issue; or
- (b) another specialist adviser, appointed under article 64(2)(a) of the Order, on issues falling within their speciality or related to it.

Evidence

24.—(1) All questions of admissibility of evidence and law before the Committee are to be decided by the Committee (after having obtained the advice of the legal adviser, where appropriate).

(2) Subject only to the requirements of relevance and fairness, the Committee may receive—

- (a) subject to paragraph (3), any documentary evidence; and
- (b) where a hearing is held, any oral evidence,

whether or not such evidence would be admissible in any subsequent civil proceedings if the decision of the Committee were appealed to the relevant court.

(3) Where a party wishes to adduce a witness statement, the Committee may only receive such evidence if the statement—

- (a) contains an attestation, in a format acceptable to the Committee, that the statement is true; and
- (b) is signed by the person making it.

(4) Where a person concerned has been convicted of a criminal offence in the British Islands (and has not successfully appealed against the conviction), a copy of the certificate of conviction certified by a competent officer of the court or for a conviction in Scotland, an extract conviction, is admissible as conclusive proof of that conviction and the findings of fact on which it was based.

(5) The only evidence which may be adduced by the person concerned in rebuttal of a conviction certified or extracted in accordance with paragraph (4) is evidence for the purpose of proving that the person concerned is not the person referred to in the certificate or extract.

(6) Where it is alleged that an applicant or registrant has been included in a barred list (within the meaning of the Safeguarding Vulnerable Groups Act 2006(a) or the Safeguarding Vulnerable Groups (Northern Ireland) Order 2007(b)) by the Independent Barring Board (“the Board”)—

- (a) information provided by the Secretary of State under the Safeguarding Vulnerable Groups Act 2006 or the Safeguarding Vulnerable Groups (Northern Ireland) Order 2007 that attests to that inclusion is to be conclusive proof of that inclusion, unless the applicant or registrant concerned can prove that they are not the person referred to in the information provided; and
- (b) a document from the Board, authenticated in whatever way the Council may approve, that provides a statement of the findings of fact that led to that inclusion is conclusive proof of those facts.

(7) Where it is alleged that an applicant or registrant is included in the children’s or the adults’ list (within the meaning of the Protection of Vulnerable Groups (Scotland) Act 2007(c))—

- (a) information provided by the Scottish Ministers under the Protection of Vulnerable Groups (Scotland) Act 2007 that attests to that inclusion is conclusive proof of that inclusion, unless the applicant or registrant concerned can prove that they are not the person referred to in the information provided; and

(a) 2006 c.47.

(b) S.I. 2007 No.1351 (N.I.11).

(c) 2007 asp 14.

- (b) a document from the Scottish Ministers, authenticated in whatever way the Council may approve, that provides a statement of the findings of fact that led to that inclusion is conclusive proof of those facts.

(8) A formal notification of a determination about a person's fitness to practise made by a body responsible under any enactment for the regulation of a health or social care profession (in the United Kingdom or elsewhere), and signed by an officer authorised by that body to sign such a notification, is to be sufficient evidence, unless the contrary is proved, of any facts found proved by that regulatory body.

(9) The Committee may only allow a party to adduce written evidence at a hearing which has not been served in accordance with these Rules (or these Rules as modified by case management directions) in such exceptional circumstances as it may determine.

(10) In determining whether a registrant's fitness to practise is impaired by reason of physical or mental health, or when giving advice to the Registrar in relation to an applicant's physical or mental health, the Committee may take into account, amongst other matters—

- (a) a refusal by the person concerned to submit to medical examination;
- (b) the current physical or mental condition of the person concerned;
- (c) any continuing or episodic condition suffered by the person concerned; and
- (d) any underlying condition suffered by the person concerned which, although in remission, is capable of causing impairment of fitness to practise if it recurs.

(11) Where the Committee finds that a registrant concerned has failed to comply with the standards, that failure—

- (a) may be taken into account by the Committee in determining whether or not the registrant concerned's fitness to practise is impaired; and
- (b) is not, of itself, to be taken to establish that the registrant's fitness to practise is impaired.

(12) In paragraph (11), "the standards" means the standards of conduct, ethics and performance (including the Council's Code of Conduct, Ethics and Performance and the related guidance) published by the Council under article 48(2) of the Order.

Absence of the person concerned

25. Where the person concerned is neither present nor represented at any hearing and the Committee is satisfied that—

- (a) service of the Notice of Hearing or the Interim Order Notice has been properly effected; or
- (b) all reasonable efforts have been made to serve the person concerned with the Notice of Hearing or the Interim Order Notice,

the Committee may nevertheless proceed to consider and determine the matter or allegation.

Agreement of undertakings and giving of advice and warnings

26.—(1) The Committee may, if it thinks fit, dispose of fitness to practise proceedings by agreeing undertakings with the registrant concerned (that is, that the registrant will comply with such undertakings as the Committee considers appropriate) where they admit that their fitness to practise is impaired.

(2) The Committee may, if it thinks fit, dispose of disqualification proceedings by—

- (a) agreeing undertakings with the section 80 party (that is, that the section 80 party will comply with such undertakings as the Committee considers appropriate); or
- (b) giving advice or a warning,

instead of issuing a direction under section 80 of the Act.

Joinder of allegations for a joint hearing

27.—(1) Unless it is of the view that there is a risk of prejudice to the fairness of the proceedings, the Committee may consider and determine a fitness to practise or a disqualification allegation against two or more persons concerned at the same hearing where—

- (a) the allegation against each person concerned arises out of the same circumstances; or
- (b) in the view of the Committee, a joint hearing is necessary or desirable.

(2) Where a joint hearing is held—

- (a) these Rules are to have effect in relation to the hearing with the necessary modifications directed by the chair; and
- (b) each person concerned is to be able to exercise any of the rights granted to that person under these Rules whether or not any other person concerned wishes to exercise that right.

Consideration of allegations that relate to more than one category of impairment

28.—(1) As regards any fitness to practise allegation before the Committee, if—

- (a) the particulars of the allegation in the Notice of Hearing relate to more than one category of impairment of fitness to practise; and
- (b) those particulars include a conviction or caution,

the chair must ensure (by adapting the procedure for the hearing, where necessary) that at the principal hearing, the Committee makes its findings of facts in relation to the allegations that do not relate to the conviction or caution before it hears and makes its findings of fact in relation to the conviction or caution.

(2) In the circumstances set out in paragraph (1), the chair must also ensure (by adapting the procedure for the hearing, where necessary), that the Committee only makes its decision as regards impairment of fitness to practise once it has made its finding of fact in relation to all the allegations set out in the Notice of Hearing.

Consideration of additional allegations

29. Where, before a principal hearing, the Council becomes aware of an additional allegation against a person concerned—

- (a) the Council may request case management directions; and
- (b) the chair may, where they consider it just to do so, direct that the new allegation be considered at the same hearing as the allegation that has already been referred, and that these Rules are to apply as modified to take into account the particular circumstances of the case.

Additional evidence for review hearings

30. Where, before a review hearing, the Council becomes aware of new evidence which it wishes to bring to the attention of the Committee (for example, evidence of a failure to comply with conditions)—

- (a) the Council may request case management directions; and
- (b) the chair may direct that the new evidence be considered at the review hearing, and that these Rules are to apply as modified to take into account the particular circumstances of the case.

PART 6

(14) The Committee must consider and announce its decision as to the appropriate course of action to be taken in respect of the registrant of those specified in article 54(2) of the Order and give its reasons for that decision.

(15) Where the Committee considers that it might make an order under article 60(2) or (4) of the Order in relation to the registrant's registration (interim measures pending a direction taking effect), it must invite representations from the parties before considering and announcing whether it is to impose such an order, together with its reasons for that decision.

(16) The Committee must deal with any interim order in place in respect of the registrant.

(17) At any stage in the proceedings, before making a determination as to whether the registrant's fitness to practise is impaired, the Committee may, having regard to the nature of the allegation under consideration, adjourn and direct that a clinical adviser or a specialist adviser be appointed to assist the Committee under article 64 of the Order.

(18) At any stage before making its decision as to a sanction, the Committee may adjourn for further information or reports to be obtained in order to assist it in exercising its functions.

(19) The chair may refuse to allow a witness to give oral evidence, or to give oral evidence on a particular matter—

- (a) if not satisfied that the witness is in a position to provide relevant testimony; or
- (b) if satisfied that all or part of the evidence that the witness is to provide, or is to provide on that matter, should have been disclosed to the party not calling the witness at an earlier stage in the proceedings.

(20) Notwithstanding the procedure set out in paragraphs (2) to (18), the Committee may allow the parties to make additional submissions at any time.

Procedure at principal hearings before the Committee in disqualification proceedings

(10) The Committee must consider and announce its findings of fact.

(11) In a case falling within section 80(1)(b) or (4)(b) of the Act, the Committee must consider and announce its finding on the question of whether, in its opinion, the offence or misconduct renders the section 80 party unfit to be a pharmacist or would so render the party if the party were a pharmacist and give its reasons for that decision.

(12) Paragraph (13) applies where—

(15) The Committee must consider and announce its decision as to whether or not a direction under section 80(1) or (4) of the Act should be given and must give its reasons for that decision.

- (a) if not satisfied that the witness is in a position to provide relevant testimony; or

 - (a) where the Committee has given a direction under article 54(2)(d) or (e) of the Order, as to what direction to give, if any, under article 54(3) of that Order;
 - (b) where the person concerned has given an undertaking, as to whether the person concerned has breached the undertaking;
 - (c) where the Committee has given a direction under section 80(1) or (4) of the Act, as to whether that direction should be revoked.
- (7) The Committee must consider and announce its finding on the relevant question in paragraph (6) and give its reasons for that decision.
- (8) The Committee must consider and announce its decision as to—
 - (a) the direction, if any, to be given under article 54(3) of the Order; or
 - (b) the revocation of the direction under section 80(1) or (4) of the Act,
 and give its reasons for that decision.
- (9) Where the Committee finds that an undertaking has not been complied with, it may—
 - (a) in fitness to practise proceedings, determine that the registrant’s fitness to practise is impaired on the basis of that failure to comply and make a determination under article 54(2) of the Order;

(b) in disqualification proceedings, treat the failure as misconduct and give a direction under section 80(1) or (4) of the Act.

(10) The chair may refuse to allow a witness to give oral evidence, or to give oral evidence on a particular matter—

- (a) if not satisfied that the witness is in a position to provide relevant testimony; or
- (b) if satisfied that all or part of the evidence that the witness is to provide, or is to provide on that matter, should have been disclosed to the party not calling the witness at an earlier stage in the proceedings.

(11) Notwithstanding the procedure set out in paragraphs (2) to (9), the Committee may allow the parties to make additional submissions at any time.

Procedure at restoration hearings

35.—(1) Unless the Committee determines otherwise, the order of proceedings at a restoration hearing is to be in accordance with paragraphs (2) to (9).

(2) The Committee must hear and consider any preliminary legal arguments.

(3) The chair must—

- (a) where the applicant concerned is present, require the applicant concerned to confirm their name; or
- (b) otherwise, require the presenter to confirm the applicant concerned's name.

(4) The presenter—

- (a) must address the Committee as to the background to the case and the circumstances in which the applicant's name was removed from the register,
- (b) must direct the attention of the Committee to any relevant evidence, including transcripts of previous hearings; and
- (c) may adduce evidence and, subject to paragraph (11), call witnesses in relation to the applicant's fitness to practise.

(5) The applicant may address the Committee, adduce evidence and, subject to paragraph (11), call witnesses in relation to any relevant matter, including their suitability for restoration to the register.

(6) The Committee may receive further evidence and hear any further submissions from the parties as to its decision whether to grant or refuse the application.

(7) The Committee must then consider and announce whether to grant or refuse the application and give its reasons for that decision.

(8) Before reaching a decision under paragraph (7), the Committee may adjourn and give such directions as it sees fit.

(9) Where the Committee adjourns under paragraph (8), it must—

- (a) consider any assessment reports produced further to a direction under paragraph (8), together with any other relevant evidence and reports; and
- (b) invite further representations and evidence from the parties,

before reaching a decision as to whether the applicant should be restored to the register.

(10) Where the Committee decides that a person should be restored to Part 1 or, as the case may be, Part 2 of the Register, the secretary must notify the Registrar accordingly.

(11) The chair may refuse to allow a witness to give oral evidence, or to give oral evidence on a particular matter—

- (a) if not satisfied that the witness is in a position to provide relevant testimony; or
- (b) if satisfied that all or part of the evidence that the witness is to provide, or is to provide on that matter, should have been disclosed to the party not calling the witness at an earlier stage in the proceedings.

(12) Notwithstanding the procedure set out in paragraphs (2) to (9), the Committee may allow the parties to make additional submissions at any time.

Procedure at interim order hearings

36.—(1) The order of proceedings at an interim order hearing is to be in accordance with paragraphs (2) to (8).

(2) The Committee must hear and consider any preliminary legal arguments.

(3) The chair must—

(a) where the registrant concerned is present, require the registrant concerned to confirm their name; or

(b) otherwise, require the presenter to confirm the registrant concerned's name.

(4) The presenter must address the Committee regarding whether it is necessary to make or review an interim order in respect of the registrant concerned and, subject to paragraphs (9) to (11), may adduce evidence in this regard.

(5) The registrant may present their case and, subject to paragraphs (9) to (11), may adduce evidence in support of it.

(6) The parties and members of the Committee may put questions to any witness.

(7) Where the registrant gives oral evidence, the presenter and members of the Committee may put questions to the registrant.

(8) The Committee must announce its decision and give its reasons for that decision.

(9) The Committee may, subject to paragraphs (10) and (11), receive any evidence which appears to it to be fair and relevant to its consideration under article 56 of the Order.

(10) No person may give oral evidence at the hearing unless the Committee considers such evidence is desirable to enable it to discharge its functions.

(11) The Committee may, at any stage in the proceedings—

(a) with the consent of the registrant; or

(b) where it is satisfied that to do so would be desirable to enable it to discharge its functions, allow a party to produce at the hearing any written evidence, notwithstanding that a copy has not been provided to the other party before the hearing or that its author is not being called as a witness.

(12) The Committee may vary the order of proceedings under paragraphs (2) to (8) where it is in the interests of justice to do so.

(13) Where—

(a) an interim order is being reviewed by the Committee; and

(b) the hearing is, or is likely to be, the last such hearing before the expiry of the interim order,

the Committee may, after making its determination, advise the Registrar that an application should be made to the relevant court for the interim order to be extended, or if it has been extended, further extended, under article 56(5) of the Order.

(14) Where the terms of the order to be made or continued, or the terms of the variation to the order, or its revocation, are agreed between the parties, the Committee may make an order in those terms without the need for a hearing.

PART 7

General

Postponements and adjournments

37.—(1) The chair may, of their own motion or upon the application of a party, postpone any meeting or hearing of which notice has been given under these Rules before the hearing begins.

(2) The Committee may, of its own motion or upon the application of a party, adjourn the proceedings at any stage provided that—

- (a) no injustice is caused to the parties; and
- (b) the decision to adjourn is made after hearing representations from the parties (where present).

(3) In considering whether or not to grant a request for postponement or adjournment, the chair or the Committee must, amongst other matters, have regard to—

- (a) the public interest in the expeditious disposal of the case;
- (b) the potential inconvenience caused to a party or any witnesses to be called by that party;
- (c) the conduct of the party seeking the postponement or adjournment; and
- (d) fairness to the parties.

(4) Where a person concerned applies for a postponement or adjournment on grounds of ill-health—

- (a) the person concerned must adduce appropriate medical certification in support of that application; and
- (b) the chair or Committee may, if not satisfied by the medical certification produced, require the person concerned to submit to be examined by a registered medical practitioner approved by the Council.

(5) Where the proceedings have been postponed or adjourned, the secretary must, as soon as practicable, notify the parties of the date, time and venue of the postponed or resumed hearing.

Disposal of allegations without hearings

38.—(1) Where—

- (a) an allegation has been referred to the Committee by the Investigating Committee;
- (b) a principal hearing has not yet taken place in the proceedings; and
- (c) the presenter for either the principal hearing or an interim order hearing that relates to the allegation considers that, on the basis of the evidence available or other information in the possession of the Council, the hearing should not be held,

the presenter must inform the Investigating Committee of their opinion forthwith and of the reasons for their opinion.

(2) Upon receipt of the presenter's opinion, the Investigating Committee must consider the matter and may give a direction that the referral to the Committee (either for a principal or an interim order hearing, or both) is rescinded.

(3) The Investigating Committee must not rescind a referral for a principal hearing without first giving the maker of the relevant allegation (if any) a reasonable opportunity to comment on the proposed rescission.

Attendance of the public at hearings

39.—(1) Except as provided for in this rule, hearings of the Committee must be held in public.

(2) Any hearing before the Committee relating to a health allegation, or an interim order hearing before the Committee, must be held in private, unless the Committee is satisfied—

- (a) having given the parties (where present), and any third party from whom the Committee considers it appropriate to hear, an opportunity to make representations; and
- (b) in the case of the hearing relating to a health allegation, having obtained the advice of the legal and clinical advisers,

that the public interest in holding the hearing in public outweighs the interest of the registrant concerned or the third party in maintaining their privacy.

(3) A hearing before the Committee other than a hearing referred to in paragraph (2) may be held wholly or partly in private if the Committee—

- (a) has given the parties (where present), and any third party from whom the Committee considers it appropriate to hear, an opportunity to make representations; and
- (b) is satisfied that the interest of the person concerned or the third party in maintaining their privacy outweighs the public interest in holding the hearing, or the part of the hearing, in public.

(4) The Committee may exclude from the whole or part of any hearing any person whose conduct, in its opinion, has disrupted or is likely to disrupt the proceedings.

Representation

40.—(1) The presenter is to be a person who is—

- (a) a barrister, advocate or solicitor who falls within sub-paragraph (i) or (ii) of article 61(2)(c) of the Order;
- (b) a solicitor in Scotland who does not fall within sub-paragraph (a); or
- (c) an employee of the Council.

(2) The person concerned may be represented by a person who is—

- (a) a barrister, advocate or solicitor who falls within sub-paragraph (i) or (ii) of article 61(2)(c) of the Order;
- (b) a solicitor in Scotland who does not fall within sub-paragraph (a); or
- (c) a representative from that party's defence organisation or their trade union.

(3) Where the person concerned is not represented, they may be accompanied and advised by a supporter, but the supporter—

- (a) must not be—
 - (i) a member of the Council or of one of its statutory committees,
 - (ii) an employee of the Council, or
 - (iii) a witness at the hearing; and
- (b) may only address the Committee with the permission of the chair.

Amendment of the particulars of the allegation at principal hearings

41.—(1) At a principal hearing, at any stage before making its findings of fact, the Committee may of its own motion or following an application of one of the parties, amend the particulars of the allegation set out in the Notice of Hearing, unless it is of the view that the required amendment would prejudice the fairness of the proceedings.

(2) Before making any amendment under paragraph (1), the Committee must consider—

- (a) any representations from the parties (where present); and
- (b) in the case of a hearing in relation to a health allegation, the advice of the legal and clinical advisers.

Burden and standard of proof

42.—(1) Where facts at a principal hearing are in dispute, the burden of proving the facts rests on the Council.

(2) At a restoration hearing, the Committee may only grant the application if the applicant has proved their entitlement to be registered.

(3) Where facts are in dispute, the Committee must consider whether they have been established in accordance with the civil standard of proof.

Witness evidence

43.—(1) Witnesses are to be required to take an oath, or to affirm, before giving their oral evidence.

(2) The Council may not compel the person concerned to be a witness.

(3) A party may not call a person to be a witness unless that party has provided to the other party a written statement of evidence provided by the witness which meets the requirements of rule 24, at least 7 days before the date of the hearing, unless the chair determines otherwise.

(4) The Committee may, upon the application of the party calling the witness, direct that any details which may identify that witness must not be revealed in public.

(5) Where a witness's first language is not English, the Committee may direct that their evidence be given through an interpreter.

(6) Witnesses other than the person concerned—

- (a) must first be examined by the party calling them;
- (b) may be cross-examined;
- (c) may then be re-examined by the party calling them; and
- (d) may then be questioned, with the leave of the chair, by the Committee or by a clinical, legal or specialist adviser.

(7) The parties may then question the witnesses on matters arising out of the Committee's questions, with the party calling the witness being given the last opportunity to do so (as between the parties).

(8) Where the person concerned is a witness, they—

- (a) must first be examined by the person representing them or, if there is no such person, must be questioned by the Committee through the chair;
- (b) may then be cross-examined;
- (c) may then be re-examined by the person representing them, if any; and
- (d) may then be questioned, with the leave of the chair, by the Committee whether or not they are represented.

(9) Any further questioning of witnesses is to be at the discretion of the chair.

(10) Except for expert witnesses and the person concerned, witnesses are not to be allowed to attend the proceedings until after they have completed giving their evidence and been formally released by the chair.

Vulnerable witnesses at hearings

44.—(1) In proceedings before the Committee, the following may, if the quality of their evidence is otherwise likely to be adversely affected, be treated as vulnerable witnesses—

- (a) any witness under the age of 18;
- (b) any witness with a mental disorder (within the meaning of the Mental Health Act 1983(a));

(a) 1983 c.20. "Mental disorder" is defined in section 1(2) as any disorder or disability of the mind.

- (c) any witness who is significantly impaired in relation to intelligence or social functioning;
- (d) any witness with a physical disability who requires assistance to give evidence;
- (e) any witness, where an allegation against a person concerned is of a sexual nature and the witness was the alleged victim; or
- (f) any witness who complains of intimidation.

(2) Upon—

- (a) hearing representations from the parties; and
- (b) in relation to a health allegation, after seeking the advice of a legal adviser,

the Committee may adopt such measures as it considers necessary to enable it to receive evidence from a vulnerable witness.

(3) Measures adopted by the Committee may include, but are not to be limited to—

- (a) use of video links;
- (b) subject to paragraph (4), use of pre-recorded evidence as the evidence-in-chief of a witness, provided always that the witness is present at the hearing for cross-examination and questioning; and
- (c) use of interpreters (including signers and translators).

(4) Where—

- (a) there is an allegation against a person concerned of a sexual nature;
- (b) a witness is the alleged victim; and
- (c) the person concerned is not represented,

the person concerned is not to be allowed to cross-examine the witness directly in person.

(5) In the circumstances set out in paragraph (4), any questioning of the witness is to be undertaken by such person as the Committee considers appropriate.

Review of undertakings

45.—(1) Where undertakings have been agreed by the Committee under rule 26, the Registrar may carry out any investigations which may include (but are not limited to) requesting the provision of reports or directing an assessment to be carried out where, in the Registrar’s opinion these are appropriate to the consideration of—

- (a) whether the registrant concerned or section 80 party has complied with any undertakings in place; or
- (b) in the case of a registrant, the registrant concerned’s fitness to practise.

(2) Where, as a result of information received by the Council, it appears to the Registrar that any undertakings agreed under rule 26 should be varied or cease to apply, the Registrar must—

- (a) invite the registrant concerned or section 80 party to agree such varied undertakings as appear to the Registrar to be appropriate; or
- (b) direct that the undertakings are no longer to apply.

(3) Where the Registrar receives information that—

- (a) the registrant concerned or section 80 party has failed to comply with an undertaking agreed under rule 26 or which, having been agreed under rule 26, has been varied following an invitation to comply with it under paragraph (2)(a); or
- (b) in the case of a registrant, the registrant concerned’s health or performance has deteriorated or otherwise gives further concern regarding their fitness to practise,

the Registrar may refer the matter to the Committee for a review hearing.

Costs of the hearing

46.—(1) Where a principal hearing, a review hearing or a restoration hearing is to be held, a party may serve on the other party, and on the secretary, a schedule of costs or expenses relating to or connected with that hearing no less than 24 hours before the date of the hearing.

(2) After announcing the Committee’s decision, the chair may invite representations as to whether costs or expenses should be assessed against either party.

(3) After hearing any representations from the parties, the Committee may, if it thinks fit and having regard to the party’s ability to pay, order that a party pay by a specified date all or part of the costs or expenses relating to the hearing incurred by the other party.

(4) Where the Committee orders a party to pay costs or expenses, the chair may—

- (a) summarily assess the costs or expenses to be paid; or
- (b) require the parties to agree either the figure for the costs or expenses to be awarded or for those costs or expenses to be assessed by a person appointed by the secretary.

(5) Where a person is appointed by the secretary in accordance with paragraph (4)(b), that person must also determine how the costs of the assessment are to be apportioned.

Notes and transcripts of hearings

47.—(1) Subject to paragraph (3), the Committee must arrange for all hearings to be recorded in writing or electronic form.

(2) Any party to the proceedings must, on application to the Committee and on payment of any fee determined by the Council under article 65(1) of the Order, be furnished with a transcript of the record of any part of the hearing at which the party was entitled to be present.

(3) The private deliberations of the Committee must not be recorded.

EXPLANATORY NOTE

(This note is not part of the Order)

This Order approves Rules of the General Pharmaceutical Council (“the Council”) setting out various matters relating to the procedures to be followed by the Council when considering allegations that the fitness to practise of its registrants is impaired, allegations that a person should be disqualified from inclusion in the register of pharmacy retail business premises kept by the Council and allegations of criminal conduct that the Council is under a duty to investigate.

Part 1 of the Rules contains preliminary matters, including provisions relating to the service of documents and setting out the criteria by which the Council's Fitness to Practise Committee ("the Committee") is to determine whether or not the requirements as to fitness to practise are met in relation to any registrant.

Part 2 of the Rules deals with the initial consideration by the Registrar of the Council of information which may give rise to allegations. The Registrar screens the allegation and determines whether it is appropriate to refer the allegation to the Committee. The Registrar is also given powers in respect of the initial screening of applications for restoration to one of the Council's registers. If an allegation is to be referred to the Committee, unless it is exclusively a criminal conduct allegation, the person concerned will be sent a notice of the referral. If that referral is to the Investigating Committee, the notice of referral is to be accompanied by the evidence that the Investigating Committee is to consider, and the person concerned will be invited to make written representations on the allegation, and on any recommendations for disposal of the case made by the Registrar.

Part 3 of the Rules deals with consideration of allegations by the Investigating Committee. That Committee does not hear oral evidence, but considers on the papers allegations referred to it and decides whether or not to refer cases on to the Committee and whether or not the Council should bring criminal proceedings. Instead of making a referral to the Committee, the Investigating Committee may decide to dispose of the case by issuing a warning to the registrant concerned, or by accepting undertakings from the registrant as to their future conduct. If the Investigating Committee decides to refer the case on to the Committee, it issues a notice of decision, particularising the matters to be referred. There is also provision allowing the Investigating Committee to reconsider its decisions in appropriate circumstances.

Part 4 of the Rules deals with the initial consideration of the case by the Committee. There are disclosure provisions relating to the exchange of each party's case. The parties are also given powers to inspect the original versions of documents disclosed to them. Once the exchange of each party's case has taken place, a Notice of Hearing is sent and there are provisions relating to bundles for hearings. There are also arrangements for case management directions that may modify the standard procedures and special arrangements relating to interim orders hearings in fitness to practise proceedings where suspension or conditional registration pending the full hearing is being considered.

Part 5 of the Rules deals with additional matters that may arise both before and during hearings, including provision for issuing practice directions and provisions relating to the admissibility of evidence. It also sets out particular arrangements for dealing with specified cases where the standard arrangements will need to be adapted: cases where the Committee considers that the case should instead be dealt with by the other Committee; cases where joinder is appropriate; and cases where additional allegations or additional evidence comes to light at a late stage in proceedings.

Part 6 of the Rules sets out the procedures for hearings of the Committee. These include the arrangements for the order of proceedings at different classes of hearings.

Part 7 of the Rules makes provisions of general application. These include provisions relating to postponements and adjournments; cases where the presenter for the Council decides before a hearing that, on the evidence available, the Council should not proceed with its case; review of undertakings agreed with the registrant concerned; standard of proof to be applied; holding of hearings in public (except in certain cases); representation and the calling and questioning of witnesses. There are also provisions relating to the award and assessment of costs or expenses and in relation to recording hearings and producing transcripts of them.
