STATUTORY INSTRUMENTS

2010 No. 1739

The Offshore Installations (Safety Zones) (No.2) Order 2010

Citation and commencement

1. This Order may be cited as the Offshore Installations (Safety Zones) (No.2) Order 2010 and comes into force on 30th July 2010.

Establishment of safety zone

2. A safety zone is established around the installation specified in column 1 of the Schedule (being an installation stationed in waters to which subsection (7) of section 21 of the Petroleum Act 1987 applies) having a radius of five hundred metres from the point as respects that installation which has the co-ordinates of latitude and longitude according to the World Geodetic System 1984(1) specified in columns 2 and 3 of the Schedule.

Amendment of the Offshore Installations (Safety Zones) Order 1997

3. In the Offshore Installations (Safety Zones) Order 1997(**2**) omit the installation Morecambe Well 110/2A-7 specified in column 1 of Schedule 1 and its co-ordinates of latitude and longitude specified in columns 2 and 3 of Schedule 1.

Chris Grayling, Minister of State Department for Work and Pensions

5th July 2010

The World Geodetic System 1984 ("WGS 84") defines a reference frame for the earth, for use in geodesy and navigation. It was developed by the United States' National Geospatial-Intelligence Agency and is maintained by it. WGS 84 is defined at paragraph 2.1 of the United States' National Imagery and Mapping Agency Technical Report TR8350.2, third edition, amendment 1 of 3rd January 2000 entitled "Department of Defense World Geodetic System 1984" (http://earth-info.nga.mil/ GandG/publications/tr8350.2/wgs84fin.pdf).
