**2010 No. 1958**

**The Electricity and Gas (Carbon Emissions Reduction) (Amendment) Order 2010**

**Amendment of article 19 (notification of actions and determination of reduction in carbon emissions)**

**16.**—(1) Article 19 (notification of actions and determination of reduction in carbon emissions) is amended as follows.

(2) For paragraphs (1) and (2) substitute—

“(1) A supplier must notify the Authority not later than 31st January 2013 of the number and type of qualifying actions which it has completed in respect of the following—

- (a) the carbon emissions reduction obligation;
- (b) the insulation obligation;
- (c) the priority group obligation; and
- (d) the super priority group obligation.

(2) On receipt of that notification, the Authority must—

- (a) verify that the qualifying actions notified under paragraph (1) have not been approved as qualifying actions under the Electricity and Gas (Community Energy Saving Programme) Order 2009(1); and
- (b) determine the carbon emissions to be attributed to those actions which the Authority is satisfied should count for the purposes of this Order.”.

(3) For paragraph (4A)(b) substitute—

“(b) a real-time display which uses a short-life battery, the Authority must—

- (i) subject to paragraph (ii), attribute a carbon emissions reduction of 0.498 lifetime tonnes of carbon dioxide and increase the carbon emissions reduction by 50%; or
- (ii) where the real-time display was provided between 11th September 2008 and 21st July 2009, attribute a carbon emissions reduction of 0.747 lifetime tonnes of carbon dioxide and increase the carbon emissions reduction by 50%;”.
