## 2010 No. 2154

# **ELECTRICITY**

The Electricity (Applications for Licences, Modifications of an Area and Extensions and Restrictions of Licences) Regulations 2010

Made - - - - 31st August 2010

Coming into force - - 22nd September 2010

The Gas and Electricity Markets Authority (a), in exercise of the powers conferred by sections 6A (2), (3) and (6) and 60 of the Electricity Act 1989(b) makes the following Regulations:

## Citation, commencement and revocation

- 1.—(1) These Regulations may be cited as the Electricity (Applications for Licences, Modifications of an Area and Extensions and Restrictions of Licences) Regulations 2010 and come into force on 22nd September 2010.
- (2) The Electricity (Applications for Licences, Modifications of an Area and Extensions and Restrictions of Licences) Regulations 2009(c) ("the 2009 Regulations") are revoked.

## **Transitional provisions**

- 2.—(1) Where an application has been made under the 2009 Regulations but at the date upon which these Regulations come into force the application has neither been granted nor refused, the application shall be treated thereafter as having been made under these Regulations.
- (2) An application to which paragraph (1) applies which conformed to the requirements of the 2009 Regulations and was accompanied by the fee prescribed under those regulations shall not be treated as defective by virtue only of failure in any respect to comply with these Regulations.
- (3) Where, in relation to an application to which paragraph (1) applies, the applicant, before the coming into force of these Regulations, published a notice of the application in accordance with the 2009 Regulations, the requirements of these Regulations as regards publication shall be taken to have been met.

## Interpretation

3.—(1) In these Regulations —
"the 2000 Act" means the Utilities Act 2000(d);

<sup>(</sup>a) The Gas and Electricity Markets Authority was established under section 1(1) of the Utilities Act 2000 (c.27).

<sup>(</sup>b) 1989 c.29: with effect from 1 October 2001, section 30 of the Utilities Act 2000 introduced section 6A into the Electricity

<sup>(</sup>c) SI. 2009/3191.

<sup>(</sup>d) 2000 c.27.

"the 2004 Act" means the Energy Act 2004(a);

"the Act" means the Electricity Act 1989;

"application" means an application for a licence or for a modification of a licence under the Act and references to an application in respect of a licence shall be construed accordingly;

"the Authority" means the Gas and Electricity Markets Authority established by section 1 of the 2000 Act:

"distribution licence" means a licence granted or to be granted under section 6(1)(c) of the Act(b);

"domestic premises" means premises used wholly or mainly for domestic purposes;

"extension", in relation to a supply licence, means an extension of the licence under section 6(4) of the Act and, in relation to a distribution licence, means an extension of the licence under section 6(6) of the Act;

"generation licence" means a licence granted or to be granted under section 6(1)(a) of the Act; "interconnector licence" means a licence granted or to be granted under section 6(1)(e) of the

Act(c);

"modification of an area" in relation to a transmission licence, means a modification of an area of the licence under section 6(6B) of the Act(d);

"principal undertaking" means an undertaking within the meaning of section 1161 of the Companies Act 2006(e);

"point of single contact" means an online facility for completing and submitting applications electronically to the Authority as required by Directive 2006/123/EC of the European Parliament and of the Council of 12 December 2006 on services in the internal market(f);

"related person" in relation to an applicant who is principal undertaking, means a parent or subsidiary undertaking of the principal undertaking or a subsidiary undertaking of the parent undertaking of the principal undertaking, in each case within the meaning of section 1162 of the Companies Act 2006; and in relation to any applicant (including such an undertaking), means a connected person of the applicant within the meaning of section 286 of the Taxation of Chargeable Gains Act 1992;

"restriction", in relation to a supply licence, means a restriction of the licence under section 6(4) of the Act and, in relation to a distribution licence, means a restriction of the licence under section 6(6) of the Act, and, in relation to a transmission licence, means a modification of an area of the licence under section 6(6B) of the Act by a restriction of the area of the licence;

"shares" in relation to an applicant with share capital, means allotted shares; in relation to an applicant with capital but no share capital, means rights to share in the capital of the applicant: and in relation to an applicant without share capital, means interests (i) conferring any right to share in the profits or liability to contribute to the losses of the applicant; and (ii) giving rise to an obligation to contribute to the debts or expenses of the applicant in the event of winding up;

"signed" includes signed in a manner which would for the purposes of section 7 of the Electronic Communications Act 2000(g) be an electronic signature;

"supply licence" means a licence granted or to be granted under section 6(1)(d) of the Act;

"transmission licence" means a licence granted or to be granted under section 6(1)(b) of the Act(h); and

<sup>(</sup>a) 2004 c.20.

<sup>(</sup>b) section 6 was substituted by section 30 of the Utility Act 2000.

<sup>(</sup>c) section 6(1)(e) was inserted by section 145 of the Energy Act 2004.

<sup>(</sup>d) section 6(6B) was inserted by section 136 of the Energy Act 2004.

<sup>(</sup>e) 2006 c.46. (f) OJ No. L376, 27.12.2006, p.36.

<sup>(</sup>g) 2000 c.7.

<sup>(</sup>h) section 6(1)(b) was amended by section 136 of the Energy Act 2004.

"ultimate holding company" means a holding company (within the meaning of sections 1159 and 1160 of the Companies Act 2006(a)) of the licensee which is not itself a subsidiary of another company, which is in the position to control, or exercise significant influence over, a policy of the licensee by virtue of rights under contractual arrangements or rights of ownership which are held by the company or of which the company is a beneficiary.

- (2) In these Regulations, unless the context otherwise requires, a reference to a standard condition is a reference,
  - (a) in relation to a distribution licence, a generation licence, a supply licence or a transmission licence, to a standard condition which is determined under section 33(1) of the 2000 Act(b) or section 137(1) of the 2004 Act; or
  - (b) in relation to an interconnector licence, to a standard condition which is determined under section 146(1) of the 2004 Act,

subject to any modifications of the standard conditions made under Part I of the Act, the 2000 Act, or the 2004 Act after the determination under those sections.

- (3) In these Regulations—
  - (a) any reference to the Schedule is a reference to the Schedule of these Regulations; and
  - (b) any reference to a numbered paragraph is a reference to the paragraph bearing that number in the regulation in which the reference occurs.
- (4) These Regulations do not apply to applications in respect of an "offshore transmission licence" as defined by section 6C(5) of the Act.

## **Manner of Application**

- 4.—(1) An application shall be—
  - (a) made in writing, addressed to the Authority and delivered or sent by prepaid post to the Authority at its principal address or sent by electronic mail to an address specified by the Authority or made by electronic means via the point of single contact website at an address specified by the Authority;
  - (b) signed and dated by or on behalf of the applicant, stating, where signed on behalf of the applicant, the capacity of the signatory; and
  - (c) accompanied by the prescribed fee referred to in regulation 7 of these Regulations.

## Form of application

- 5.—(1) An application shall be made by completing in full the form issued by the Authority for the purpose with the information there specified; and any form so issued shall be the form shown in the Schedule or a form to the like effect.
- (2) The application may not be considered by the Authority unless it is made in accordance with this regulation 5.
- (3) The Authority may make further enquiries of the applicant about any matter connected with the application and may request additional information or documentation as set out in the form in the Schedule.

## Additional information and documents to accompany application

- **6.**—(1) Subject to paragraphs (2), (3) and (4)—
  - (a) an application in respect of a transmission licence shall be accompanied by the information and documents specified for that licence in the form in the Schedule;

<sup>(</sup>a) 2006 c.46.

<sup>(</sup>b) section 33(1) was amended by section 143(1) of the Energy Act 2004.

- (b) an application in respect of a distribution licence shall be accompanied by the information and documents specified for that licence in the form in the Schedule;
- (c) an application in respect of a supply licence shall be accompanied by the information and documents specified for that licence in the form in the Schedule; and
- (d) an application in respect of an interconnector licence shall be accompanied by the information and documents specified for that licence in the form in the Schedule.
- (2) The obligation imposed by paragraph (1) shall, to the extent that information and documents are specified the Schedule by reference to, or in relation to, a standard condition, apply—
  - (a) subject to paragraph (3), in the case of an application for a licence, as if the standard condition in question were to be included and have effect in any licence granted as a result of the application; and
  - (b) in the case of an application for a modification of an area, or for an extension or restriction of a licence, in relation to such of the standard conditions in question as have been included and have effect in that licence.
- (3) Where a modification to any standard condition is requested in an application made in accordance with these Regulations, the obligation imposed by paragraph (2)(a) shall be modified accordingly.
- (4) The obligation imposed by paragraph (1)(a), (b) and (c) in relation to an application for an extension or restriction of a licence shall only apply to the extent that the information and documents differ from or add to the most recent information and documents provided in relation to an application made in accordance with these Regulations or in pursuance of a condition of the applicant's licence.

## **Application fees**

- 7.—(1) Subject to paragraph (2), the prescribed fee in relation to an application of the description specified in the first column of the Table in the form in the Schedule shall be the corresponding fee specified in the second column of that Table.
- (2) Where more than one fee would, but for this paragraph, be payable in respect of a particular application, the prescribed fee shall be the higher or highest such fee.

## Publication of notice of application

- **8.**—(1) The period prescribed for the purpose of section 6A(3) of the Act(a) (notice of applications) is ten working days ("the prescribed period").
  - (2) The prescribed manner of publication for that purpose shall be either by—
    - (a) requesting the Authority to place the notice on the website address of the Authority (at "www.ofgem.gov.uk" or such other website address as may be notified to the applicant by the Authority in writing); or
    - (b) publishing the notice on the website address of the applicant and requesting the Authority to place a link to the applicant's website address on the website address of the Authority (at "www.ofgem.gov.uk" or such other website address as may be notified to the applicant by the Authority in writing).
- (3) Where an application is for the restriction of a licence, the applicant shall also ensure that notice of application is published within the prescribed period in such newspapers as are calculated to ensure that the notice is circulated throughout the area to which the proposed restriction relates.
- (4) In this regulation "working day" shall have the same meaning as in section 64 of the Electricity Act 1989(b).

4

<sup>(</sup>a) section 6A was inserted by section 30 of the Utilities Act 2000.

**<sup>(</sup>b)** 1989 c.29.

### Licence specific information

NOTE: The remaining questions in this section are specific to the type of licence you are applying for.

If you are applying for:

- an electricity generation licence then are no further questions, please go to the declaration in section 19;
- an electricity supply licence or for the extension of an existing electricity supply licence please complete question 12;
- the restriction of an existing electricity supply licence-please complete question 13;
- an electricity distribution licence or for the extension of an existing distribution licence please complete question 14;
- the restriction of an existing distribution licence please complete question 15;
- an electricity interconnector licence please complete question 16;
- an electricity transmission licence please complete question 17;
- the modification of an area of an existing transmission licence please complete question 18.

Note: You only need complete the questions that relate to the type of licence you are applying for.

| Electricity supply licence applications   |
|---|
| 12. Please specify the premises to be supplied under this licence application (check one box only):   |
| <ul> <li>□ any premises</li> <li>□ only to premises specified in the licence or to premises of a specified description</li> <li>□ only to premises situated in a specified area, or to premises of a specified description situated in that area</li> </ul> |
| <b>12.1.</b> Please specify whether the application relates to domestic or non-domestic premises only or both. Also, specify or describe the premises and the location of the premises intended to be supplied, or if relevant the specified area.          |
| Any description must be sufficient to enable the premises, location or area to be adequately and readily identified by map or other means.  |

| Electricity interconnector licence applications   |
|---|
| Note: Electricity interconnector licence applications must specify the actual or proposed point of connection. If the point of connection cannot be specified at this stage you should provide Ordinance Survey Grid Reference co-ordinates for the proposed point of connection. |
| 16. Specify the actual or proposed point of connection to an electricity transmission or distribution network:  |
| Where the applicant is unable to specify a point of connection the applicant should provide Ordinance Survey Grid Reference coordinates for the proposed point of connection.   |
|   |
|   |
| 16.1 Was the construction of the interconnector to which this application relates completed before 3 August 2003?   |
| Yes: ☐ (Go to the Declaration in section 19 below) No: ☐ (Go to question 16.2)  |
| 16.2 Are you seeking to have any or all of the standard conditions below to not be applied to the licence:  |
| Yes: (Go to question 16.3 below) No: (Go to the Declaration in section 19 below)  |
| 16.3 Please indicate which conditions you are seeking to not be applied to the licence:   |
| (a) Conditions relating to the use of revenues:   |
| (b) Conditions relating to the charging methodology to apply to third party access to the licensee's interconnector: $\Box$   |
| (c) Conditions relating to the requirement to offer terms to an applicant for access to the licensee's interconnector:  |
| 16.4 If you are asking for any or all of the above conditions to not be in effect, the following additional information must be provided:   |
| (a) The period of time for which the applicant seeks the licence condition or conditions to not be in effect:   |
|   |
|   |
|   |
| (b) A statement setting out the evidence and reasoning as to why the applicant considers:   |
| (i) The investment in the interconnector enhances competition in electricity supply:  |
|   |
|   |
|   |
| (ii) The level of risk attached to the investment to be made in relation to the interconnector is such that the investment would not be or would not have been made unless those licence conditions were not in effect:   |
|   |
|   |
|   |
|   |

| (iii) | That, should the licence conditions not be in effect for the period of time sought, this will not be detrimental to competition or the effective functioning of the internal electricity market, or the efficient functioning of the regulated system to which the interconnector is connected:   |
|-------|---|
| (c)   | Provide a further statement that:   |
| (i)   | The interconnector will be owned by a natural or legal person who is separate, at least in terms of its legal form, from the system operators to whose systems the interconnector to which this application relates will be connected:  |
| (ii)  | Charges will be levied on users of the interconnector:  |
| (II)  | Charges will be levied on users of the interconnector.  |
| (iii) | Since the partial market opening referred to in Article 19 of Directive 96/92/EC, no part of the capital or opening operating costs of the interconnector has been recovered from any component of charges made for the use of transmission or distribution systems linked by the interconnector: |
| you   | ou intend to provide any of this information as an attachment, please check the box below and include the information with application.   |

### SUMMARY GUIDANCE FOR ELECTRICITY LICENCE APPLICANTS

Notes on completing this application form and submitting your electricity licence application

These notes aim to answer the key questions you may have in making a electricity licence application. All applicants are encouraged to also read our full guidance on licence applications which is available on the Ofgem website **before** completing this form.

You may use this electricity licence application form to make an application for the following electricity licences:

An electricity supply licence allows the licensee to supply electricity to premises. An electricity supply licence may authorise the holder to supply domestic and non-domestic premises, or to non-domestic premises only.

An electricity generation licence allows the licensee to generate electricity for the purpose of giving a supply to any premises or enabling a supply to be given.

An electricity distribution licence allows the licensee to distribute electricity for the purpose of enabling a supply to be given.

An electricity transmission licence allows the licensee to participate in the transmission of electricity for the purpose of enabling a supply to be given.

An electricity interconnector licence allows the licensee to participate in the operation of an electricity interconnector. Participating in the operation of an electricity interconnector is defined as

- co-ordinating and directing the flow of electricity into or through an electricity interconnector, or
- making such an interconnector available for use for the conveyance of electricity.

Note: Please note this application does not apply to applications for an offshore transmission licence.

You may also use this form to make an application for the extension or restriction of an existing electricity supply or electricity distribution licence.

Or

The modification of an area of an existing electricity transmission licence.

Please note: An application may not be made on the same form for more than one licence - use a separate form for each licence application.

### Completing the application form

Please ensure that you answer all relevant questions as fully as possible. The table below provides an overview of what sections need to be completed.

| Tier 1                                | All applicants must complete this section   |
|---------------------------------------|---|
| Tier 1 – Licence specific information | Applicants need only complete the parts relevant to the type of application being made.   |
| Tier 2 and 3                          | We may ask you to provide the additional information set out in Tier 2 and/or 3 if your application is moved to tier 2 or 3. This may happen if during:  o our initial checks of your application for completeness; or the course of processing your application,  the overall risk assessment score for the application is equal to or above the minimum threshold for tier 2/3. |

- Please enter N/A in response to any questions that your consider not applicable rather than leave blank.
- Where the required information is being providing in the form of a separate attachment please check the relevant box on the application form to indicate that your are including attachments and ensure that the attachments accompany your application.
- Applicants should note that we will not commence processing an application until all relevant information/documents as set out in the application form have been provided and the relevant application fee has been received in cleared funds.

## How to submit your application

The application may be submitted in one of the following ways:

- By post to the address given below; or By email to the email address given below (hard copy may follow by post); or
- Electronically via the Point of Single contact website (at a website address to be advised by Ofgem).

### Paying the application fee

Payment can be made in one of the following ways:

1. Payment by BACS or CHAPS to:

Bank: Citibank, 25 Canada Square, Canary Wharf, London E14 5LB Account Name: GBS Re Ofgem

Account Number: 12316110 Sort Code: 08-33-00

Swift code: CITIGB22

IBAN: GB40CITI08330012316110

2. Payment by cheque payable to GBS Re Ofgem.

If you pay by BACs or CHAPS, please confirm the date and full amount of the payment together with the sender's bank account number and sort code.

## What happens next?

- We will contact you to confirm whether the application is complete/incomplete. Where incomplete, we will advise you of what
- Once the application is considered complete we will provide you with a template with suggested wording for your notice of application. You then have 10 working days to arrange for this to be published on the Ofgem website or your own website.

### How long will the application process take?

For the following licence types:

Electricity Supply Electricity Generation Electricity Interconnector

We aim to reach a decision on whether to grant a licence in 100% of cases within 45 working days. The 45 working day time period commences on the first working day after we send you notice that we consider your application has been 'duly made' subject to any notification by us to the contrary at any time during the assessment of your application . The time period will end at close of business on the 45th working day. If after sending you this notice we find, during the assessment of your application, that your application contains any discrepancy or any information is omitted which we consider render the application incomplete, the 45 working day time period will restart once the outstanding information or documents have been provided to us.

Electricity transmission and distribution licence applications will take longer and we will keep applicants informed of progress.

### Our contact details

Should you have any general queries about your licence application, you can contact us using the details below.

However, please note that Ofgem cannot provide legal advice. If you need advice on what to put in answer to a question, or whether documents are sufficient to answer a question, please seek independent legal advice.

### **EXPLANATORY NOTE**

(This note is not part of the Regulations)

These Regulations set out the information and other documents that are required to be submitted with applications for generation, transmission, distribution, supply and interconnector licences (and for modifications of an area of transmission licences and extensions, or restrictions of supply and distribution licences) under the Electricity Act 1989, as amended by the Utilities Act 2000 and the Energy Act 2004. They specify the form and manner of such applications. These Regulations also set out the manner in which notices of applications are to be published.

These Regulations come into force on 22nd September 2010.

Regulation 1 provides for the citation, commencement and revokes the previous Regulations.

Regulation 2 makes transitional provisions for applications made but not determined before these Regulations come into force.

Regulation 3 provides for general interpretation.

Regulation 4 deals with the manner of applications.

Regulation 5 concerns the form of applications, and incorporates the Schedule that specifies their form, and the information and documents to accompany them.

Regulation 6 specifies the additional information and documents to accompany applications.

Regulation 7 specifies the fees payable in respect of applications.

Regulation 8 provides for the notice period and publication requirements for applications. It requires applicants to request that the notice of the application is published on the Ofgem website or to publish it on their own website. If the application is for a restriction (including a modification of an area of a transmission licence to restrict that area) the applicant must also publish the notice in local newspapers.
