EXPLANATORY NOTE

(This note is not part of the Order)

This Order amends the Capital Allowances (Environmentally Beneficial Plant and Machinery) Order 2003 (S.I. 2003/2076; the “principal Order”). That Order implemented legislation to introduce a scheme for 100% first-year allowances to encourage businesses to invest in environmentally beneficial plant and machinery (as defined by section 45H of the Capital Allowances Act 2001).

Section 45H enables the Treasury to specify qualifying plant and machinery by Order by reference to a description or criteria given by the Secretary of State in a technology or product list. The Secretary of State for the Environment, Food and Rural Affairs has issued the Water Technology Criteria List and the Water Technology Product List. These lists have been revised and replaced by new lists issued on 28th September 2010. This Order amends the principal Order to reflect the new lists.

The Water Technology Criteria List and the Water Technology Product List are available at www.eca-water.gov.uk.

A full and final Impact Assessment has not been produced for this instrument as a negligible impact on the private or voluntary sectors is foreseen.
