[^{F1}Assessment of implications for European site: neighbourhood development plans

102A.—(1) A qualifying body which submits a proposal for a neighbourhood development plan must provide such information as the competent authority may reasonably require for the purposes of the assessment under regulation 102 or to enable them to determine whether that assessment is required.

(2) In this regulation, “qualifying body” means a parish council, or an organisation or body designated as a neighbourhood forum, authorised for the purposes of a neighbourhood development plan to act in relation to a neighbourhood area as a result of section 61F of the TCPA 1990, as applied by section 38C of the 2004 Planning Act.

(3) Where the competent authority decide to revoke or modify a neighbourhood development plan after it has been made, they must for that purpose make an appropriate assessment of the implications for any European site likely to be significantly affected in view of that site’s conservation objectives; and regulation 102 and this regulation apply with the appropriate modifications in relation to such a revocation or modification.]
