7. Policy background

- *What is being done and why*

7.1 The New Arrangement makes some changes to the 1947 Arrangement between the UK and Montserrat following negotiation between the two Governments. In particular, it updates the exchange of information provisions in the 1947 Arrangement to bring it into line with the new international standard for exchange of information as set out in article 26 of the Model Tax Convention on Income and on Capital published by the Organisation for Economic Cooperation and Development (“OECD”).

7.2 It also amends the provisions on the taxation of pensions (other than government service pensions) and introduces a ‘mutual agreement procedure’ to allow the Governments to consult on the interpretation and application of the 1947 Arrangement. These changes are also consistent with the OECD Model Tax Convention.

- *Consolidation*

8. Consultation outcome

8.1 HMRC regularly consults with external stakeholders, including business representatives, about the effectiveness of existing arrangements for the avoidance of double taxation and fiscal evasion as well as new needs. The annual treaty negotiating programme is agreed with Ministers and published on the HMRC web site.
