EXPLANATORY NOTE

(This note is not part of the Order)

This Order approves the General Medical Council (Applications for General Practice and Specialist Registration) (Amendment) Regulations 2011. Those Regulations amend the General Medical

(5) Section 55(1) of the Medical Act 1983 defines “The General Systems Regulations” as the European Communities (Recognition of Professional Qualifications) Regulations 2007 (SI 2007/2781).

(6) See in particular Chapter 4 of Part 3 of those Regulations (SI 2007/2781), which includes provisions about documentation in respect of applications for recognition under those Regulations.

(7) In relation to applicants under the General System Regulations, regulation 34(2) of those Regulations (SI 2007/2781) requires the competent authority to notify an applicant of its decision, giving reasons, within specified time limits.

Council (Applications for General Practice and Specialist Registration) Regulations 2010 (scheduled to [SI 2010/475](#)) (“the principal Regulations”). The principal Regulations provide for the procedure to be followed by or in relation to a person applying to the Registrar of the General Medical Council (“the GMC”) for inclusion in the GMC’s General Practitioner Register or the Specialist Register and include provision as to the evidence required in support of such applications and for notification of decisions in respect of them.

Regulation 1 provides for citation and for the Regulations to come into force on 8th June 2011.

Regulation 2 amends regulations 5 to 8 of the principal Regulations. The amendments to regulation 5 remove evidential requirements prescribed under regulation 5(3) of the principal Regulations which applied to applications by certain categories of applicant. Those categories are applicants whose application is: based on equivalence of their training or qualifications, or both, to a CCT; or based on their level of knowledge and skill being consistent with practice as a consultant in the National Health Service in any part of the UK. A third category of applicant for whom the requirements are removed is the applicant seeking recognition as a specialist or general practice specialist, who is subject to the provisions of the [European Communities \(Recognition of Professional Qualifications\) Regulations 2007 \(SI 2007/2781\)](#) (defined as “the General Systems Regulations” in section 55(1) of the Medical Act 1983).

Amendments to regulations 6, 7 and 8 are minor amendments, mainly consequential upon the amendments to regulation 5 or to make explicit the relationship between the requirements in these Regulations and the General System Regulations in relation to the third category of applicant mentioned above.

No impact assessment has been carried out in relation to these Regulations.
