(3) A claim submitted by a creditor, which has been accepted in whole or in part by the energy administrator for the purpose of voting at a meeting or of drawing a dividend in respect of any accounting period, shall be deemed to have been resubmitted for the purpose of obtaining an adjudication as to the creditor's entitlement both to vote at any subsequent meeting and (so far as funds are available) to a dividend in respect of an accounting period or, as the case may be, any subsequent accounting period.

(3) In calculating the amount of the creditor's claim, a creditor whose security has been realised shall deduct the amount (less the expenses of realisation) which that creditor has received, or is entitled to receive, from the realisation.

38.—(1) A creditor who has had a claim accepted in whole or in part by the energy administrator or on appeal under Rule 39(5) shall be entitled—

(3) No vote shall be cast by virtue of a debt more than once on any resolution put to the meeting.

(3) A person who fails without reasonable excuse to comply with an order made under paragraph (2) shall be guilty of an offence and liable on summary conviction to a fine not exceeding level 5 on the standard scale or to imprisonment for a term not exceeding three months or to both.

(4) The examination shall be taken on oath.

(5) At any private examination, a solicitor or counsel may act on behalf of the energy administrator or the energy administrator may appear personally.

Criminal offences in relation to false claims or evidence

41.—(1) If a creditor produces under Rule 36 a statement of claim, account, voucher or other evidence which is false, the creditor shall be guilty of an offence unless the creditor shows that the creditor neither knew nor had reason to believe that the statement of claim, account, voucher or other evidence was false.

(2) A person convicted of an offence under paragraph (1) shall be liable—

(a) on summary conviction to a fine not exceeding the statutory maximum or—

(i) to imprisonment for a term not exceeding three months; or

(ii) if the person has previously been convicted of an offence inferring dishonest appropriation of property or an attempt at such appropriation, to imprisonment for a term not exceeding six months, or (in the case of either sub-paragraph) to both such fine and such imprisonment; or

(b) on conviction on indictment to a fine or to imprisonment for a term not exceeding two years or to both.

Amount which may be claimed generally

42.—(1) Subject to Rules 30, 37 and 43, the amount in respect of which a creditor shall be entitled to claim shall be the accumulated sum of principal and any interest which is due on the debt as at the date upon which the energy supply company entered energy supply company administration.

(2) If a debt does not depend on a contingency but would not be payable but for the energy supply company administration until after the date upon which the energy supply company entered energy supply company administration, the amount of the claim shall be calculated as if the debt were payable on the date when the energy supply company entered energy supply company administration but subject to the deduction of interest at the rate specified in section 17 of the Judgments Act 1838 (judgment debts to carry interest)(13) on the date when the energy supply company entered energy supply company administration from the said date until the date for payment of the debt.

(3) In calculating the amount of the creditor's claim, a creditor shall deduct any discount (other than any discount for payment in cash) which is allowable by contract or course of dealing between the creditor and the energy supply company or by the usage of trade.

Debts depending on contingency

43.—(1) Subject to paragraph (2), the amount which a creditor shall be entitled to claim shall not include a debt in so far as its existence or amount depends upon a contingency.

(2) On an application by the creditor to the energy administrator, the energy administrator shall put a value on the debt in so far as it is contingent, and the amount in respect of which the creditor shall then be entitled to claim shall be that value but no more; and, where the contingent debt is an annuity, a cautioner may not then be sued for more than that value.

Liabilities and rights of co-obligants

44.—(1) Where a creditor has an obligant (in this Rule referred to as the “co-obligant”) bound to the creditor along with the energy supply company for the whole or part of the debt, the co-obligant

(13) 1838 c.110, as amended by S.I. 1998/2940, Article 3.

- (a) a scheme of arrangement; or
 - (b) a company voluntary arrangement.
- (2) Where—
- (a) a creditor has had a claim accepted in whole or in part; and
 - (b) a co-obligant holds a security over any part of the assets of the energy supply company,

the co-obligant shall account to the energy administrator so as to put the energy supply company in the same position as if the co-obligant had paid the debt to the creditor and thereafter had had the co-obligant's claim accepted in whole or in part in the energy supply company administration after deduction of the value of the security.

(3) Without prejudice to any right under any rule of law of a co-obligant who has paid the debt, the co-obligant may require and obtain at the co-obligant's own expense from the creditor an assignation of the debt on payment of the amount thereof, and thereafter may in respect of that debt submit a claim, and vote and draw a dividend, if otherwise legally entitled to do so.

- (4) In this Rule a "co-obligant" includes a cautioner.

Claims in foreign currency

45.—(1) A creditor may state the amount of the creditor's claim in currency other than sterling where—

- (a) the creditor's claim is constituted by decree or other order made by a court ordering the energy supply company to pay the creditor a sum expressed in a currency other than sterling, or
- (b) where it is not so constituted, the creditor's claim arises from a contract or bill of exchange in terms of which payment is or may be required to be made by the energy supply company to the creditor in a currency other than sterling.

(2) Where a claim is stated in currency other than sterling for the purposes of the preceding paragraph, it shall be converted into sterling at the official exchange rate prevailing on the date when the energy supply company entered energy supply company administration.

Part 6

Distribution of Assets

Order of priority in distribution

46.—(1) If the funds of the energy supply company's assets are to be distributed then they shall be distributed by the energy administrator to meet the following expenses and debts in the order in which they are mentioned—

- (a) the expenses of the energy supply company administration;
- (b) any preferential debts within the meaning of section 386 of the 1986 Act (categories of preferential debts)⁽¹⁴⁾ (excluding any interest which has been accrued thereon to the date on which the energy supply company entered energy supply company administration);

⁽¹⁴⁾ Section 386 was amended by the Enterprise Act 2002 (c.40), section 251 and by the Pension Schemes Act 1993 (c.48), Schedule 8 paragraph 18..

- (c) ordinary debt, that is to say a debt which is neither a secured debt nor a debt mentioned in any other sub-paragraph of this paragraph;
 - (d) interest at the official rate on—
 - (i) the preferential debts, and
 - (ii) the ordinary debts,
 between the said date on which the energy supply company entered energy supply company administration and the date of payment of the debt; and
 - (e) any postponed debt.
- (2) In the above paragraph—
- (a) “postponed debt” means a creditor’s right to any alienation which has been reduced or restored to the energy supply company’s assets under section 242 of the 1986 Act (gratuitous alienations)(15) or to the proceeds of sale of such an alienation; and
 - (b) “official rate” shall be construed in accordance with subsection (4) of section 189 of the 1986 Act (interest on debts) and, for the purposes of paragraph (a) of that subsection, as applied to Scotland by subsection (5), the rate specified in these Rules shall be 15 per centum per annum.
- (3) The expenses of the energy supply company administration mentioned in sub-paragraph (a) of paragraph (1) above are payable in the order of priority mentioned in Rule 47.
- (4) Subject to the provisions of paragraph (5), any debt falling within any of sub-paragraphs (b) to (e) of paragraph (1) shall have the same priority as any other debt falling within the same sub paragraph and, where the funds of the energy supply company’s assets are inadequate to enable the debts mentioned in this paragraph to be paid in full, they shall abate in equal proportions.
- (5) So far as the assets of the energy supply company available for payment of general creditors are insufficient to meet them, preferential debts have priority over the claims of holders of debentures secured by, or holders of, any floating charge created by, the energy supply company, and shall be paid accordingly out of any property comprised in or subject to that charge.
- (6) Any surplus remaining, after all expenses and debts mentioned in paragraph (1) have been paid in full, shall (unless the articles of the energy supply company otherwise provide) be distributed among the members according to their rights and interests in the company.
- (7) Nothing in this Rule shall affect—
- (a) the right of a secured creditor which is preferable to the rights of the energy administrator; or
 - (b) any preference of the holder of a lien over a title deed or other document which has been delivered to the energy administrator.

Expenses of the energy supply company administration

- 47.—**(1) The expenses of the energy supply company administration are payable out of the assets in the following order of priority—
- (a) any outlays properly chargeable or incurred by the energy administrator in carrying out the energy administrator’s functions in the energy supply company administration, except those outlays specifically mentioned in the following sub-paragraphs;
 - (b) the cost, or proportionate cost, of any caution provided by the energy administrator in accordance with the 1986 Act or these Rules;

(15) Section 242 was amended by the Enterprise Act 2002 (c.40), Schedule 17 paragraph 28.

- (c) the expenses of the applicant and any person appearing on the hearing of the application for the energy supply company administration order whose expenses are allowed by the court;
- (d) any amount payable to a person employed or authorised, under Part 3 of these Rules, to assist in the preparation of a statement of affairs or statement of concurrence;
- (e) any allowance made, by order of the court, towards expenses on an application for release from the obligation to submit a statement of affairs or statement of concurrence;
- (f) the remuneration or emoluments of any person who has been employed by the energy administrator to perform any services for the energy supply company, as required or authorised under the 1986 Act, the 2004 Act or these Rules;
- (g) the remuneration of the energy administrator determined under Rule 50; and
- (h) the amount of any corporation tax on chargeable gains accruing on the realisation of any asset of the energy supply company (without regard to whether the realisation is effected by the energy administrator, a secured creditor, or otherwise).

(2) Nothing in this Rule applies to or affects the power of any court in proceedings by or against the energy supply company, to order expenses to be paid by the energy supply company or the energy administrator, nor does it affect the rights of any person to whom such expenses are ordered to be paid.

(3) The priorities laid down by paragraph (1) of this Rule are subject to the power of the court to make orders under paragraph (4) of this Rule where the assets are insufficient to satisfy the liabilities.

(4) The court may, in the event of the assets being insufficient to satisfy the liabilities, make an order as to the payment out of the assets of the expenses incurred in the energy supply company administration in such order of priority as the court thinks just.

Pre-energy supply company administration costs

48. Where the energy administrator has made a statement of pre-energy supply company administration costs under Rule 15, the energy administrator (where the fees were charged or expenses incurred by the energy administrator) or other insolvency practitioner (where the fees were charged or expenses incurred by that practitioner) may apply to the court for a determination of whether and to what extent the unpaid pre-energy supply company administration costs are approved for payment.

Assets to be distributed

49.—(1) The energy administrator shall make up accounts of the energy administrator's intrusions with the energy supply company's assets in respect of each accounting period.

(2) Subject to the following paragraphs, the energy administrator may, if the funds of the energy supply company are sufficient and after making allowance for future contingencies, pay under Rule 51(1) a dividend out of the assets of the energy supply company to the creditors in respect of each accounting period.

(3) The energy administrator may make a distribution to secured or preferential creditors or, where the energy administrator has the permission of the court, to unsecured creditors only if—

- (a) the energy administrator has sufficient funds for the purpose;
- (b) the energy administrator does not intend to give notice pursuant to paragraph 83 of Schedule B1 to the 1986 Act;
- (c) the energy administrator's statement of proposals contains a proposal to make a distribution to the class of creditors in question; and

(d) the payment of a dividend is consistent with the functions and duties of, and any proposals made by (or intended to be made by), the energy administrator.

(4) The energy administrator may at any time pay—

- (a) the expenses of the energy supply company administration mentioned in Rule 47(1)(a), other than the energy administrator's own remuneration; and
- (b) the preferential debts.

(5) If the energy administrator—

- (a) is not ready to pay a dividend in respect of an accounting period; or
- (b) considers it would be inappropriate to pay such a dividend because the expense of doing so would be disproportionate to the amount of the dividend,

the energy administrator may postpone such payment to a date not later than the time for payment of a dividend in respect of the next accounting period.

(6) Where an appeal is taken under Rule 39(5) against the acceptance or rejection of a creditor's claim, the energy administrator shall, at the time of payment of dividends and until the appeal is determined, set aside an amount which would be sufficient, if the determination in the appeal were to provide for the claim being accepted in full, to pay a dividend in respect of that claim.

(7) Where a creditor—

- (a) has failed to produce evidence in support of the creditor's claim earlier than eight weeks before the end of an accounting period on being required by the energy administrator to do so under Rule 40(1); and
- (b) has given a reason for such failure which is acceptable to the energy administrator,

the energy administrator shall set aside, for such time as is reasonable to enable the creditor to produce that evidence or any other evidence that will enable the energy administrator to be satisfied under that Rule, an amount which would be sufficient, if the claim were accepted in full, to pay a dividend in respect of that claim.

(8) Where a creditor submits a claim to the energy administrator later than eight weeks before the end of an accounting period but more than eight weeks before the end of a subsequent accounting period in respect of which, after making allowance for contingencies, funds are available for the payment of a dividend, the energy administrator shall, if the energy administrator accepts the claim in whole or in part, pay to the creditor—

- (a) the same dividend or dividends as has or have already been paid to creditors of the same class in respect of any accounting period or periods; and
- (b) whatever dividend may be payable to the creditor in respect of the said subsequent accounting period,

provided that sub-paragraph (a) above shall be without prejudice to any dividend which has already been paid.

(9) In the declaration of and payment of a dividend, no payments shall be made more than once by virtue of the same debt.

(10) If a person entitled to a dividend gives notice to the energy administrator that the person wishes the dividend to be paid to another person, or has assigned entitlement to another person, the energy administrator shall pay the dividend to that other accordingly, provided that such notice specifies the name and address of that other.

Determination of outlays and remuneration

50.—(1) Within two weeks after the end of an accounting period, the energy administrator shall in respect of that period submit to the court—

- (a) the energy administrator's accounts of the energy administrator's intrusions with the assets of the energy supply company for audit and, where funds are available after making allowance for contingencies, a scheme of division of the divisible funds; and
- (b) a claim for the outlays reasonably incurred by the energy administrator and for the energy administrator's remuneration.

(2) The energy administrator may, at any time before the end of an accounting period, submit to the court an interim claim in respect of that period for the outlays reasonably incurred by the energy administrator and for the energy administrator's remuneration and the court may make an interim determination in relation to the amount of the outlays and remuneration payable to the energy administrator and, where it does so, it shall take into account that interim determination when making its determination under paragraph (3)(a)(ii).

(3) Within six weeks after the end of an accounting period—

- (a) the court—
 - (i) may audit the accounts; and
 - (ii) shall issue a determination fixing the amount of the outlays and the remuneration payable to the energy administrator; and
- (b) the energy administrator shall make the audited accounts, scheme of division and the said determination available for inspection by the members and the creditors.

(4) The basis for fixing the amount of the remuneration payable to the energy administrator may be a commission calculated by reference to the value of the company's assets which have been realised by the energy administrator, but there shall in any event be taken into account—

- (a) the work which, having regard to that value, was reasonably undertaken by the energy administrator; and
- (b) the extent of the energy administrator's responsibilities in administering the energy supply company's assets.

(5) In fixing the amount of such remuneration in respect of any accounting period, the court may take into account any adjustment which it may wish to make in the amount of the remuneration and outlays fixed in respect of any earlier accounting period.

(6) Not later than eight weeks after the end of an accounting period, the energy administrator or any creditor may appeal against a determination issued under paragraph (2) or (3)(a)(ii) above and the decision of the court on such appeal shall be final.

(7) The court may, if it appears to be a proper case, order the expenses in relation to any such appeal of the energy administrator or any creditor appearing or being represented to be paid as an expense of the administration.

(8) Where there are joint energy administrators—

- (a) it is for them to agree between themselves as to how the remuneration payable should be apportioned;
- (b) if they cannot agree as to how the remuneration payable should be apportioned, any one of them may refer the issue for determination by the court.

Payment of dividends

51.—(1) On the expiry of the period within which an appeal may be taken under rule 50(6) or, if an appeal is so taken, on the final determination of the last such appeal, the energy administrator shall pay to the creditors their dividends in accordance with the scheme of division.

(2) Any dividend—

- (a) allocated to a creditor which is not cashed or uplifted; or

- (b) dependent on a claim in respect of which an amount has been set aside under Rule 49(6) or (7),

shall be deposited by the energy administrator in an appropriate bank or institution.

- (3) If a creditor's claim is revalued, the energy administrator may—
- (a) in paying any dividend to that creditor, make such adjustment to it as the energy administrator considers necessary to take account of that revaluation; or
 - (b) require the creditor to repay the energy administrator the whole or part of a dividend already paid to the creditor.

(4) The energy administrator shall insert in the sederunt book the audited accounts, the scheme of division and final determination in relation to the energy administrator's outlays and remuneration.

(5) For the purposes of paragraph 99(3) of Schedule B1 to the 1986 Act, the former energy administrator's remuneration and expenses shall comprise all those items set out in Rule 47(1).

Unclaimed Dividends

52.—(1) Any person, producing evidence of the person's right, may apply to the court to receive a dividend deposited under Rule 51(2), if the application is made not later than seven years after the date of such deposit.

(2) If the court is satisfied of the applicant's right to the dividend, it shall authorise the appropriate bank or institution to pay to the applicant the amount of that dividend and of any interest which accrued thereon.

(3) The court shall, at the expiry of seven years from the date of deposit of any unclaimed dividend or unapplied balance under Rule 51, hand over the deposit receipt or other voucher relating to such dividend or balance to the Secretary of State, who shall thereupon be entitled to payment of the amount due, principal and interest, from the bank or institution in which the deposit was made.

New energy administrator appointed

53.—(1) If a new energy administrator is appointed in place of another, the former energy administrator must as soon as reasonably practicable transmit to the new energy administrator all the creditors' claims which the former energy administrator has received, together with an itemised list of them.

(2) The new energy administrator must authenticate the list by way of receipt for the creditors' claims, and return it to the former energy administrator.

(3) From then on, all creditors' claims must be sent to and retained by the new energy administrator.

(2) As soon as reasonably practicable after the day on which the registrar of companies registers that notice, the person who has ceased to be the energy administrator (whether or not that person becomes the liquidator) must send a final progress report (which must include details of the assets to be dealt with in the liquidation) to the registrar of companies and to—

(4) All forms and notices shall clearly identify that the appointment is of a replacement energy administrator.

Part 9

Prescribed Part

Application under section 176A(5) of the 1986 Act to disapply section 176A of the 1986 Act

69. An application under section 176A(5) of the 1986 Act (share of assets for unsecured creditors) shall include averments as to—

- (a) the fact that the application arises in the course of an energy supply company administration;
- (b) the financial position of the energy supply company;
- (c) the basis of the energy administrator’s view that the cost of making a distribution to unsecured creditors would be disproportionate to the benefits; and
- (d) whether any other insolvency practitioner is acting in relation to the energy supply company and, if so, the address of that insolvency practitioner.

Notice of order under section 176A(5) of the 1986 Act

70.—(1) Where the court makes an order under section 176A(5) of the 1986 Act the energy administrator shall, as soon as reasonably practicable after the making of the order—

- (b) send to the registrar of companies a copy of the order together with Form ESCA24(S); and
- (c) give notice of the order to each creditor of whose claim and address the energy administrator is aware.

(2) The court may direct that the requirement of paragraph (1)(c) of this Rule be met by the publication of a notice containing the standard content and stating that the court has made an order disapplying the requirement to set aside the prescribed part.

(3) The notice referred to in paragraph (2) must be published as soon as reasonably practicable in the Edinburgh Gazette and may be advertised in such other manner as the administrator thinks fit.

Part 10

Proxies and Company Representation

Definition of “proxy”

71.—(1) For the purposes of these Rules, a person (“the principal”) may authorise another person (“the proxy-holder”) to attend, speak and vote as the principal’s representative at meetings of creditors or of the energy supply company in energy administration proceedings, and any such authority is referred to as a proxy.

(2) A proxy may be given either generally for all meetings in energy supply company administration proceedings or specifically for any meeting or class of meetings.

(3) Only one proxy may be given by the principal for any one meeting; and it may only be given to one person, being an individual aged 18 or over. The principal may nevertheless nominate one or more other such persons to be proxy-holder in the alternative in the order in which they are named in the proxy.

(4) Without prejudice to the generality of paragraph (3), a proxy for a particular meeting may be given to whoever is to be the chair of the meeting and any person to whom such a proxy is given cannot decline to be a proxy-holder in relation to that proxy.

(5) A proxy may require the holder to vote on behalf of the principal on matters arising for determination at any meeting, or to abstain, either as directed or in accordance with the holder’s own discretion; and it may authorise or require the holder to propose, in the principal’s name, a resolution to be voted on by the meeting.

Form of proxy

72.—(1) With every notice summoning a meeting of creditors or of the energy supply company in energy administration proceedings there shall be sent out forms of proxy in form ESCA25(S).

(2) A form of proxy shall not be sent out with the name or description of any person inserted in it.

(3) A proxy shall be in the form sent out with the notice summoning the meeting or in a form substantially to the same effect.

(4) A form of proxy shall be filled out and signed by the principal, or by some person acting under the authority of the principal and, where it is signed by someone other than the principal, the nature of that person’s authority shall be stated on the form.

Use of proxy at meeting

73.—(1) A proxy given for a particular meeting may be used at any adjournment of that meeting.

(2) A proxy may be lodged at or before the meeting at which it is to be used.

(3) Where the energy administrator holds proxies to be used by the energy administrator as chair of the meeting, and some other person acts as chair, the other person may use the energy administrator’s proxies as if that person were the proxy-holder.

(4) Where a proxy directs a proxy-holder to vote for or against a resolution for the appointment of a person other than the energy administrator as proposed liquidator of the energy supply company, the proxy-holder may, unless the proxy states otherwise, vote for or against any resolution for the appointment of that person jointly with another or others.

(5) A proxy-holder may propose any resolution which, if proposed by another, would be a resolution in favour of which the proxy-holder would be entitled to vote by virtue of the proxy.

(6) Where a proxy gives specific directions as to voting, this does not, unless the proxy states otherwise, preclude the proxy-holder from voting on resolutions put to the meeting which are not dealt with in the proxy.

Retention of proxies

Evidence of proceedings at meetings

(2) Where under this Rule the energy administrator refuses inspection of a document, the person who made that request may apply to the court for an order to overrule the refusal and the court may either overrule it altogether, or sustain it, either unconditionally or subject to such conditions, if any, as it thinks fit to impose.
