EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations, which come into force on 1st June 2013, make amendments to the CRC Energy Efficiency Scheme (Allocation of Allowances for Payment) Regulations 2012 ([S.I. 2012/1386](#)).

The amendments—

- replace the requirement to have primary and secondary allocation periods with a single allocation period;
- create separate application periods (when main allocations of allowances can be requested) and payment periods (when main allocations should be paid for); and
- amend regulation 6 so that when payments are received after a payment period they are to be repaid on request and the Secretary of State can deduct costs reasonably incurred in making the repayment.
