Admissibility of evidence

This is subject to paragraphs (2) and (3).

(4) Production of a certificate signed by an officer of a regulatory body that has made a determination about the fitness to practise of a person shall be conclusive evidence of the facts found proved in relation to that determination.

(5) The only evidence which may be adduced by the person referred to in paragraphs (3) and (4) in rebuttal of a conviction or determination certified in the manner specified in those paragraphs is evidence for the purpose of proving that the person is not the person referred to in the certificate or extract.

(7) A copy of a document of which the original is admissible may be received by the Committee without strict proof.

(8) A party may at any time serve notice, which may be admitted into evidence by the Committee, on the other party to produce the original or a copy of any document that is—

- (2) Subject to the advice of the legal adviser, and upon hearing representations from the parties, the Committee may adopt such measures as it considers desirable to enable them to receive evidence from a vulnerable witness.
- (3) Measures adopted by the Committee may include, but are not to be limited to—
 - (a) use of video links;
 - (b) use of pre-recorded evidence as the evidence-in-chief of a witness, provided always that such a witness is available at the hearing for cross-examination and questioning by the Committee;
 - (c) use of interpreters (including signers and translators) or intermediaries;
 - (d) use of screens or such other measures as the Committee consider necessary in the circumstances in order to prevent—

 - (ii) access to the witness by the registrant; and
 - (e) the hearing of evidence by the Committee in a private hearing.
- (4) A registrant who is acting in person may not, without the written consent of the witness, cross-examine that witness where—
 - (a) the allegation against the registrant is based on facts which are sexual in nature; and
 - (b) that witness is an alleged victim in relation to that allegation.
- (5) In the circumstances set out in paragraph (4), in the absence of written consent, the registrant must, no less than 7 days before the hearing, appoint a legally qualified person to cross-examine the witness on the registrant's behalf: in default of the registrant doing so the Council must appoint such a person.

Witnesses

- 42.**—(1) Witnesses are required to take an oath, or to affirm, before giving oral evidence at a hearing.
- (2) The Fitness to Practise Committee may, upon the application of the party calling a witness, direct that any details which identify that witness may not be revealed in public.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

(7) Where facts remain in dispute, the Presenting Officer is to open the case for the Council and may adduce evidence and call witnesses in support of it.

(8) Before opening the registrant's case, the registrant may make submissions as to—

- (a) whether sufficient evidence has been adduced upon which the disputed facts could be found proved;
- (b) whether the facts, whether they are disputed or proved, could support a finding of impairment.

(9) The Fitness to Practise Committee must consider and announce its decision as to whether any submissions under paragraph (8) should be upheld.

(10) Unless any submission under paragraph (8) is upheld and the hearing is consequently concluded, the registrant's case is to be opened, and the registrant may adduce evidence and call witnesses in support of it.

(11) The Fitness to Practise Committee must then consider and announce its findings of fact and give reasons for that decision.

(12) Following the announcement referred to in paragraph (11), the Fitness to Practise Committee may receive further evidence and hear any further submissions from the parties as to whether, on the basis of any facts found proved, the grounds of impairment alleged under section 13D are established.

(13) Where on the basis of the facts found proved by it, and having considered any further evidence or submissions referred to in paragraph (12), the Fitness to Practise Committee is minded to conclude that the alleged grounds of impairment under section 13D are established, it must announce that fact and reasons for it.

(14) Following the announcement referred to in paragraph (13) the Fitness to Practise Committee may receive further evidence and hear any further submissions from the parties (not being evidence or submissions referred to in paragraph (12)) as to whether the registrant's fitness to practise is impaired.

(15) The Fitness to Practise Committee must, having considered any further evidence submitted and any further submissions made under paragraph (14), announce its decision together with the reasons for it, on the question of whether the fitness to practise of the registrant is impaired.

(16) Following the announcement of that decision the Fitness to Practise Committee may receive further evidence and hear any further submissions from the parties as to—

- (a) the appropriate sanction, if any, to be imposed; or
- (b) where the registrant's fitness to practise is not found to be impaired, the question of whether a warning should be imposed.

(17) The Fitness to Practise Committee must, having considered any further evidence and any further submissions made under paragraph (16), announce its decision as to the sanction or warning (if any) to be imposed, giving reasons for its decision.

(18) Where the Fitness to Practise Committee is minded to impose an order for immediate suspension or immediate conditions on the registrant's registration under section 13I, it must invite representations from the parties before making and announcing its decision as to whether to impose such an order, together with its reasons for that decision.

(19) The Fitness to Practise Committee must revoke any interim order which remains in place in respect of the registrant in accordance with section 13L(11) and (12) (revocation of the order with immediate effect after determining the matter in accordance with section 13F).

(20) Where it appears to the Fitness to Practise Committee at any time during the hearing, either upon the application of a party or of its own volition, that—

- (a) the particulars of the allegation or the grounds upon which it is based and which have been notified under rule 28, should be amended; and

(b) the amendment can be made without injustice,
it may, after hearing the parties and consulting with the legal adviser, amend those particulars or those grounds in appropriate terms.

(21) In determining whether a registrant's fitness to practise is impaired, the Fitness to Practise Committee may take into account the registrant's failure to submit to, or to comply with, an assessment under rule 6 or rule 7 where—

- (a) there is credible evidence before it that the registrant's fitness to practise is so impaired;
- (b) a reasonable request has been made to the registrant by the Investigation Committee or the Fitness to Practise Committee that the registrant submit to or comply with the assessment; and
- (c) no reasonable excuse for such a failure has been provided by the registrant.

(22) When determining whether a registrant's fitness to practise is impaired by reason of adverse physical or mental health, the Fitness to Practise Committee may take into account—

- (a) the registrant's current physical or mental condition;
- (b) any continuing or episodic condition suffered by the registrant; and
- (c) a condition suffered by the registrant which, although currently in remission, may reasonably be expected to cause a recurrence of impairment of the registrant's fitness to practise.

(23) At any stage before making its decision as to the imposition of a sanction or warning, the Fitness to Practise Committee may adjourn for further information or reports to be obtained in order to assist it in exercising its functions.

Questions

47.—(1) A witness called by a party may be questioned—

- (a) by the party calling that witness;

(2) In addition to any question put to any witness pursuant to paragraph (1), questions may also be put by—

Declarations where allegation not proven

- (a) the Committee must, if requested by the registrant, make a declaration to that effect, giving reasons for its decision; or
- (b) the Committee may, if no such request is made but the registrant nonetheless consents, make such a declaration.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

49. Where, in the case of a business registrant, it has been alleged that the registrant is not fit to carry on the business of an optometrist or a dispensing optician or both but the Fitness to Practise Committee decide that the registrant's fitness to carry on that business is not impaired—

- (a) the Committee must, if requested by the registrant, make a declaration to that effect, giving reasons for its decision; or
- (b) the Committee may, if no such request is made but the registrant nonetheless consents, make such a declaration.

Written decision

50. The Fitness to Practise Committee must give the parties a written record of its decisions under these Rules, together with any reasons which have been given for any decision made.

Notification and disclosure of outcome of investigations and hearings

- (a) a decision of the case examiners;
- (b) a decision of the Investigation Committee;
- (c) a decision of the Fitness to Practise Committee.

Costs and expenses

52.—(1) The Fitness to Practise Committee may, as it thinks fit, summarily assess the costs of any party to a substantive hearing or to any review hearing other than a hearing to review an interim order, and may order any party to pay all or part of the costs or expenses of any other party relating to that hearing.

(2) Where a party wishes the Fitness to Practise Committee to summarily assess and to make an order for costs, that party must notify the other parties and the Hearings Manager no later than 48 hours before the date of the hearing and must serve on any other parties, and on the Hearings Manager, a schedule of costs or expenses relating to the hearing.

(3) After announcing the Fitness to Practise Committee's decision, the Chair may invite representations as to whether costs or expenses should be assessed against either party.

(4) After hearing any representations from the parties, the Fitness to Practise Committee may, if it thinks fit and having regard to the party's ability to pay, order that a party shall pay all or part of the costs or expenses relating to the hearing incurred by the other party.

53.—(1) Where the Fitness to Practise Committee orders a party to pay costs or expenses, the Chair may—

- (a) summarily assess the costs or expenses to be paid; or
- (b) require the parties to agree the figure for the costs or expenses to be awarded or to submit to taxation by a person appointed by the Hearings Manager.

(2) Where a person is appointed by the Hearings Manager in accordance with paragraph (1)(b), that person must also determine how the costs of the assessment are to be apportioned.

Period of payment

54. Where the Fitness to Practise Committee has made an order under rule 52, it may specify the period within which the costs or expenses are to be paid.

PART 8

REVIEWS

Conduct of review hearing.

58.—(1) A review of an interim order shall be a private hearing.

(2) Unless the Fitness to Practise Committee determines otherwise, the order of proceedings at a review hearing is to be as follows—

EXPLANATORY NOTE

(This note is not part of the Order)

This Order approves Rules made by the General Optical Council (“the Council”) which make provision for the procedures to be followed in the Council’s fitness to practise proceedings. These Rules replace the General Optical Council (Fitness to Practise) Rules 2005 (“the 2005 Rules”).

Rule 1 of Part 1 provides for these Rules to come into force on 1st April 2014.

Rule 2 sets out the interpretation provisions of the Rules. The Rules create the case examiner mechanism and the term “case examiner” is defined in this Rule.

Part 2 sets out the procedures for the investigation of complaints of allegations of impairment of a registrant’s fitness to practise. Paragraph (a) of Rule 3 allows an officer of the Council other than the registrar to exercise the delegated function of the Investigation Committee to investigate an allegation until it is considered by the case examiners or the Investigation Committee. Paragraph (b) of Rule 3 provides for the registrar and case examiners to exercise the delegated function of the Investigation Committee under Sections 13D(5) to (9) of the Opticians Act 1989.

Rule 4 provides for the initial consideration and referral of allegations by the registrar. The registrar must consider whether to refer a registrant directly to the Fitness to Practise Committee for consideration of an interim conditions or suspension order, and must refer any allegation relating to a conviction which has resulted in the imposition of a custodial sentence directly to the Fitness to Practise Committee.

Rule 5 provides for notification of an allegation to the registrant and sets out the process for investigation and for the provision of comments on the allegation by the registrant and the maker of the allegation.

Rules 6, 7, 8, 9, 10 and 11 in Part 3 set out the procedure by which an assessment of an individual registrant’s health or performance may be directed by either the Investigation Committee or the Fitness to Practise Committee. The assessors appointed must provide a report following the assessment which is to be sent to the registrant providing the registrant with the opportunity to submit comments.

Rule 11 provides for the Investigation Committee or the Fitness to Practise Committee to draw such inference as seems appropriate where the registrant has failed to co-operate with the assessment process.

Rule 12 of Part 4 sets out the process for the consideration of allegations by the case examiners. The case examiners, one professional and one lay, are able to take most of the decisions which under the 2005 Rules were taken by the Investigation Committee, including referral of an allegation to the Fitness to Practise Committee or the giving of a warning to the registrant. They must provide reasons for their decision to refer, or to not refer, an allegation to the Fitness to Practise Committee. They may direct that investigations be undertaken.

Allegations are only referred to the Investigation Committee by the case examiners where they are not unanimous in their decision, or where they decide an assessment of the registrant's health or performance is required. An assessment must be directed by the Investigation Committee.

Under paragraph (7) of Rule 12, either of the case examiners may, at any time when they are considering the matter, direct the registrar to refer the registrant to the Fitness to Practise Committee for consideration of an interim order.

Rule 13 of Part 4 sets out the process for the consideration by the Investigation Committee of an allegation referred to it by the case examiners or where it is to direct an assessment. Once an assessment has been conducted, the Investigation Committee must refer the allegation back to the case examiners with the report of the assessment, except where the registrant has failed to co-operate with the assessment.

The Investigation Committee may direct that a warning be given under Rule 14.

Rule 15 provides for the case examiners to review a decision not to refer an allegation to the Fitness to Practise Committee. Such a review may take place within 5 years of the notification to the registrant of the decision not to refer, or a longer period where the case examiners consider the circumstances are exceptional. The registrant and the maker of the allegation must be informed of the decision to review and their representations sought. A decision by the case examiners to conduct a review must be unanimous.

Rule 16 provides for the case examiners to review a referral of an allegation to the Fitness to Practise Committee. The Registrar must first give the maker of the allegation an opportunity to submit comments.

Where a referral is terminated by the case examiners, the Fitness to Practise Committee must not consider that allegation.

Rules 17, 18, 19 and 20 of Part 5 set out provisions for the notification of an application for an interim order to a registrant and the conduct of the interim order hearing.

An interim order hearing must take place no earlier than 7 days after the Notice of Interim Order hearing is sent to the registrant, unless the registrar is of the view that the public interest requires an earlier hearing.

Rule 20 sets out the procedure for the conduct of interim order hearings. Interim order hearings are private and no person is to give oral evidence unless the Fitness to Practise Committee considers such evidence is desirable to enable it to discharge its function.

Part 6 makes provision for various matters relating to hearings of the Fitness to Practise Committee, including representation of the parties and the power to proceed in the absence of the registrant. It also provides for joinder of allegations, so that one substantive hearing may be held in relation to two or more registrants, and so that the Fitness to Practise Committee may consider in one hearing allegations of impairment of fitness to practise on two or more grounds of impairment, whether those allegations have been the subject of a single or separate referrals to the Fitness to Practise Committee.

Hearings of the Fitness to Practise Committee must be held in public under paragraph (1) of Rule 25. Paragraph (2) of Rule 25 provides for circumstances in which the proceedings or part of them may be held in private.

Part 7 sets out rules of procedure relating to substantive and procedural hearings of the Fitness to Practise Committee. There may be one or more procedural hearings. These are held in private.

Rule 28 makes rules relating to the notification of the substantive hearing to the registrant.

Rule 29 sets out standard procedural directions which will apply in all cases referred to the Fitness to Practise Committee for a substantive hearing, unless they are varied by a direction of the Fitness to Practise Committee at a procedural hearing, or at the written request of the parties. The standard procedural directions specify time periods within which the parties must agree and serve evidence, witness lists and time estimates for the case.

Rules 30, 31, 32 and 33 set out the rules governing procedural hearings.

Rules 38 and 39 provide that the standard of proof applicable to proof of any facts alleged by the Council is the civil standard and, by Rule 39, that the burden of proof rests upon the Council.

Rule 40 provides for the Fitness to Practise Committee to admit any evidence it considers fair and relevant to the case, whether or not such evidence would be admissible in a court of law. Where such evidence would not be admissible in civil proceedings in England and Wales, the Fitness to Practise Committee may not admit the evidence unless, on the advice of the legal adviser, it is satisfied that its duty of making due inquiry into the case makes the admission of the evidence desirable.

Subsequent paragraphs of Rule 40 deal with further evidential issues, such as proof of a conviction for a criminal offence by production of a Certificate of Conviction.

Rules 41 to 45 make provisions for witness, and also vulnerable witness, arrangements and for the Fitness to Practise Committee to be advised by a legal adviser, clinical adviser or specialist adviser.

Rule 46 sets out the procedure for a substantive hearing of the Fitness to Practise Committee. The Rule provides that the Fitness to Practise Committee must consider and reach separate decisions on whether the facts of the allegation are proved, whether it is minded to conclude that the alleged grounds of impairment are established, whether it finds the registrant's fitness to practise to be impaired and if so, on the appropriate sanction to be imposed.

The Fitness to Practise Committee is required to give reasons for its decisions at each stage. Where no sanction is imposed, the Fitness to Practise Committee may consider whether a warning should be issued.

Rule 46 also sets out the procedure for the imposition of an immediate order for suspension or conditions following a substantive decision of the Fitness to Practise Committee, and for the revocation of an existing interim order.

Rules 48 and 49 provide for a declaration to be made by the Fitness to Practise Committee where it has decided that an individual registrant's fitness to practise is not impaired or that a business registrant's fitness to carry on business is not impaired.

Rule 51 deals with the notification and disclosure of the outcome of investigations and hearings and provides that the Council may disclose certain decisions to the maker of the allegation and the registrant's employer, if known to the registrar.

Rule 52 makes provisions relating to costs and expenses. It provides that the Fitness to Practise Committee may summarily assess the costs of any party to a substantive hearing or to a review hearing (other than review of an interim order) and may order any party to pay all or part of the costs or expenses of the other party. Where the Fitness to Practise Committee makes a costs or expenses order, the Chair may either summarily assess the costs to be paid or require the parties to agree a figure, or to submit the matter for taxation.

Part 8 sets out the procedure for hearings to review interim orders and substantive orders of the Fitness to Practise Committee.

Part 9 makes provision as to voting procedures of the Fitness to Practise Committee and requires a verbatim record of every hearing to be kept. It also includes provisions relating to the service of documents.

Rule 62 is a transitional provision which applies to cases which, immediately before the commencement date, are either subject to proceedings before the Investigation Committee or the Fitness to Practise Committee, or where the Council has received information about a registrant which might lead to such proceedings. Paragraph (2) of Rule 62 provides that the Council is to make such arrangements as it considers just for the disposal of such matters.

Rule 63 revokes the 2005 Rules.
