PART 11

Actuarial valuations and employer cost cap

Appointment of scheme actuary and actuarial valuations

- (b) preparing reports on the valuations.

(3) Before appointing an individual as scheme actuary the Minister must be satisfied that the individual is appropriately qualified to carry out valuations of this scheme and any connected scheme in accordance with Treasury directions under section 11 of the Act (the “Treasury directions”).

(4) The scheme administrator is responsible for providing the scheme actuary with any data that the scheme actuary requires in order to carry out a valuation and prepare a report on the valuation.

(5) A valuation of the scheme and any connected scheme and the preparation of a report on the valuation must be carried out in accordance with the Treasury directions.

(6) Valuations of the scheme must be carried out within a time-frame which enables requirements in the Treasury directions regarding dates which are applicable to the valuation to be met.

(3) If, following such consultation, agreement is not reached the percentage of the member’s pensionable earnings specified in regulation 43(4) as the amount of earned pension for a scheme year must be adjusted for pensionable earnings after the date of the adjustment, so that the target cost for this scheme is achieved.

(4) The circumstances are that the cost of this scheme goes beyond the margin either side of the employer cost cap for this scheme specified in regulations under section 12(5)(a) of the Act.
