## EXPLANATORY NOTE

*(This note is not part of the Regulations)*

Schedule 11 to the Finance Act 2014 inserted a new Part 5B into the Income Tax Act 2007 which provides for a tax relief (social investment tax relief) for investments made by individuals in social enterprises, which include companies which are accredited as social impact contractors. These Regulations make provision for the accreditation of such social impact contractors.

Regulation 1 provides for citation and commencement. Regulation 2 provides for interpretation.

Regulation 3 sets out the criteria which a contract must satisfy in order for the contract to be a social impact contract for the purposes of the social investment tax relief. It includes criteria relating to a party to the contract other than the company which is seeking accreditation. It requires that the contract is an outcomes-based contract, where the outcomes under the contract are objectively measurable. At least 60% of the payments under the contract must be outcomes based payments rather than fees for services. It also refers to conditions found in the Social Investment Tax Relief – Guidance Concerning the Accreditation of Social Impact Contractors published by the Minister for the Cabinet Office, which is available on the Cabinet Office’s website at <https://www.gov.uk/government/publications/social-investment-tax-relief-accreditation-for-sib-contractors>.

Regulations 4 and 5 provide for notification of the grant of accreditation and refusal to grant accreditation.

Regulation 6 allows for the publication of information relating to an accreditation or accredited contractor.

Regulation 7 provides that an accreditation is conditional on compliance with certain specified requirements.

Regulation 8 requires an accredited social impact contractor to give written notice to the Minister for the Cabinet Office if it has ceased to meet or is likely to cease to meet the requirements for accreditation to continue in force.

Regulation 9 provides for the withdrawal of accreditation.

Regulation 10 provides for appeals against refusals to grant accreditation, imposition of requirements and withdrawals of accreditation.

A Tax Information and Impact Note covering social investment tax relief was published on 10 December 2013 alongside the Autumn Statement and is available on the HMRC website at <http://www.hmrc.gov.uk/thelibrary/tiins.htm>. It remains an accurate summary of the impacts that apply to this instrument.
