CHAPTER 1

Authorisation of agreement for group financial support where the PRA or FCA is the consolidating supervisor

Application and interpretation of Chapter 1

- 83.**—(1) This Chapter applies where, in relation to a relevant group—
- (a) the PRA or FCA is the consolidating supervisor; and
 - (b) the PRA or FCA (or each of them) receives from the [^{F197}UK] parent undertaking an application for authorisation of a group financial support agreement (“the application”).
- (2) In this Chapter—
- ^{F198} ...
- [^{F199}“conditions for financial support” means the following conditions—
- (a) there is a reasonable prospect that the financial support provided significantly redresses the financial difficulties of the group entity receiving the financial support;

 - (c) the financial support is provided on terms, including consideration, in accordance with Article 19.7 of the recovery and resolution directive;
 - (d) there is a reasonable prospect, on the basis of the information available to the management body of the group entity providing financial support at the time when the decision to grant financial support is taken, that the consideration for the support will be paid and, if the financial support is given in the form of a loan, that the loan will be reimbursed, by the group entity receiving the financial support;
 - (e) if the financial support is given in the form of a guarantee or any form of security and the guarantee or the security is enforced, the condition referred to in paragraph (d) shall apply to the liability arising for the recipient;

 - (g) the provision of the financial support would not create a threat to financial stability in the United Kingdom;
 - (h) the group entity providing the financial support complies, at the time the financial support is provided, with—
 - (i) the requirements relating to capital or liquidity imposed by or under legislation upon which the United Kingdom relied immediately before IP completion day to meet its obligations with respect to the capital requirements directive; and
 - (ii) the requirements imposed by or under legislation upon which the United Kingdom relied immediately before IP completion day to meet its obligations with respect to Article 104.2 of the capital requirements directive,

and the provision of the financial support shall not cause the group entity to infringe those requirements, unless the group entity is authorised by the appropriate regulator on an individual basis;

- (i) the provision of the financial support would not undermine the resolvability of the group entity providing the financial support.]

“financial support” includes—

- (a) a loan, a guarantee, the provision of assets for use as collateral or any combination of these forms of support; and

Determination of minimum requirement

123.—(1) This article applies for the purpose of the determination by the Bank of the minimum requirement for own funds and eligible liabilities.

(2) The amount of the relevant institution's total liabilities must include total liabilities under any derivative contracts held by the institution.

(3) An assessment of total liabilities under a derivative contract must take account of the rights of the parties to the contract to set off or net under a title transfer collateral arrangement, set-off arrangement or netting arrangement (within the meaning given by section 48(1)(b), (c) and (d) of the Banking Act 2009).

(4) [^{F259}An eligible liability must be excluded] from the amount of the relevant institution's [^{F260}own funds and eligible liabilities] if—

- (a) the instrument that creates the liability is not issued or fully paid up;
- (b) the liability is owed to, or secured or guaranteed by, the institution itself;
- (c) the purchase of the instrument that creates the liability was funded directly or indirectly by the institution itself;
- (d) the liability has a remaining maturity of less than one year;
- (e) the liability arises from a derivative contract held by the institution;
- (f) the liability arises from a deposit in respect of which the depositor's rights, in any proceedings relating to the insolvency of the institution, would be preferred to the rights of other creditors; or
- (g) the instrument that creates the liability is governed by the law of a third country and the Bank is not satisfied that a decision by the Bank to convert or write down the liability would be effective under that law.

(5) For the purpose of paragraph (4)(d), where the instrument that creates the liability confers on a party to the instrument a right to the repayment of a sum before maturity, the maturity date is the first date on which that party would become entitled to repayment if the right were exercised.

(6) The determination must be based on an assessment of the [^{F261}following criteria—

- (a) the need to ensure that the relevant institution can be resolved by the application of the resolution tools including, where appropriate, by making special bail-in provision within the meaning of section 48B of the Banking Act 2009, in a way that meets the special resolution objectives;
- (b) the need to ensure, in appropriate cases, that the relevant institution has sufficient eligible liabilities to ensure that, if mandatory reduction provision within the meaning of section 6B of the Banking Act 2009 or special bail-in provision were made—
- (i) losses could be absorbed; and
 - (ii) the capital ratio and, as applicable, the leverage ratio, of the relevant institution could be restored,
- to a level necessary to enable it to continue to comply with the conditions for authorisation under Part 4A of FSMA and to continue to carry out the activities for which it is authorised;
- (c) the need to ensure that, if the resolution plan anticipates that certain classes of eligible liabilities might be excluded from bail-in under section 48B(10) of the Banking Act 2009 or that certain classes of eligible liabilities might be transferred to a recipient in full under a partial transfer—
- (i) the relevant institution has sufficient other eligible liabilities or own funds to ensure that losses could be absorbed; and
 - (ii) the capital ratio and, as applicable, the leverage ratio, of the relevant institution could be restored,

Determination of minimum consolidated requirement

126.—(1) This article applies for the purpose of determining the minimum consolidated requirement [^{F274}for each resolution group].

Status: Point in time view as at 11/07/2023.

Changes to legislation: There are currently no known outstanding effects for the The Bank Recovery and Resolution (No. 2) Order 2014. (See end of Document for details)

(2) ^{F275}... The Bank must determine the minimum consolidated requirement, and is solely responsible for the determination.

^{F276}(3)

(4) The amount of each group institution's total liabilities must include total liabilities under any derivative contracts held by the institution.

(5) An assessment of total liabilities under a derivative contract must take account of the rights of the parties to the contract to set off or net under a netting arrangement.

(6) [^{F277}An eligible liability must be excluded] from the amount of the group institution's [^{F278}own funds and eligible liabilities] if—

- (a) the instrument that creates the liability is not issued or fully paid up;
- (b) the liability is owed to, or secured or guaranteed by, the institution itself;
- (c) the purchase of the instrument that creates the liability was funded directly or indirectly by the institution itself;
- (d) the liability has a remaining maturity of less than one year;
- (e) the liability arises from a derivative contract held by the institution;
- (f) the liability arises from a deposit in respect of which the depositor's rights, in any proceedings relating to the insolvency of the institution, would be preferred to the rights of other creditors; or
- (g) the instrument that creates the liability is governed by the law of a third country and the Bank is not satisfied that a decision by the Bank to convert or write down the liability would be effective under that law.

(7) For the purpose of paragraph (6)(d), where the instrument that creates the liability confers on a party to the instrument a right to the repayment of a sum before maturity, the maturity date is the first date on which that party would become entitled to repayment if the right were exercised.

(8) The determination—

(a) must be based on an assessment of the [^{F279}following criteria—

- (i) the need to ensure that each group institution can be resolved by the application of the resolution tools including, where appropriate, by making special bail-in provision within the meaning of section 48B of the Banking Act 2009, in a way that meets the special resolution objectives;
- (ii) the need to ensure, in appropriate cases, that each group institution has sufficient eligible liabilities to ensure that, if mandatory reduction provision within the meaning of section 6B of the Banking Act 2009 or special bail-in provision were made—
 - (aa) losses could be absorbed; and
 - (ab) the capital ratio and, if applicable, the leverage ratio, of the group institution could be restored,

to a level necessary to enable it to continue to comply with the conditions for authorisation under Part 4A of FSMA and to continue to carry out the activities for which it is authorised;

- (iii) the need to ensure that, if the resolution plan anticipates that certain classes of eligible liabilities might be excluded from bail-in under section 48B(10) of the Banking Act 2009 or that certain classes of eligible liabilities might be transferred to a recipient in full under a partial transfer—

- (aa) each group institution has sufficient other eligible liabilities or own funds to ensure that losses could be absorbed; and
- (ab) the capital ratio and, if applicable, the leverage ratio, of the group institution could be restored,
- to the level necessary to enable it to continue to comply with the conditions for authorisation under Part 4A of FSMA and to continue to carry out the activities for which it is authorised;
- (iv) the size, the business model, the funding model and the risk profile of each group institution; ^{F280} ...
- (v) the extent to which the failure of each group institution would have an adverse effect on financial stability, including, due to its interconnectedness with other institutions or entities or with the rest of the financial system, through contagion to other institutions or entities]; ^{F281} and
- (vi) relevant assessment criteria specified in any Commission Regulation containing regulatory technical standards adopted by the European Commission under Article 45.2 of the recovery and resolution directive, so far as they are retained EU law.] and
- (b) must take account of any provision made in the group resolution plan for the separate resolution of a subsidiary set up in a third country.
- (9) Where the Bank makes an assessment under paragraph (8)(a) with respect to a group institution authorised by the PRA or FCA, it must make the assessment in consultation with the appropriate regulator.

EXPLANATORY NOTE

(This note is not part of the Order)

This Order is one of the instruments which implements Directive 2014/59/EU of the European Parliament and of the Council of 15th May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms (OJ No. L 173, 12.6.2014, p. 190) (“the Directive”). The Directive requires EEA States to have powers to manage the failure of credit institutions, investment firms and companies in the same group as a credit institution or investment firm as an alternative to insolvency.

This Order lays down procedural and other requirements with respect to planning and taking measures for the purpose of—

- restoring the financial position of credit institutions and investment firms and prescribed kinds of parent and subsidiary companies; and
- achieving one or more resolution objectives, which include protecting and enhancing the stability of the financial and banking system, ensuring the continuation of critical functions and protecting depositors and public funds.

In the United Kingdom a credit institution is a bank or a building society and an investment firm is a body of the kind described in section 258A of the Banking Act 2009 (c. 1) (“the Act”). In the Directive credit institutions and investment firms are called “institutions”. The Directive applies to institutions and group companies throughout the EEA.

The Directive sets out the measures that may be taken for these purposes (“resolution tools” and “resolution powers”). In the United Kingdom they include—

- the stabilisation options referred to in paragraphs (a), (b), (ba) and (c) of section 1(3) of the Act (transfer to a private sector purchaser, transfer to a bridge bank, the bail-in option and transfer to an asset management vehicle);
- the powers exercisable by the Bank of England (“the Bank”), the Prudential Regulation Authority (“the PRA”), the Financial Conduct Authority (“the FCA”) or the Treasury under Part 1 of the Act (special resolution regime); and
- the Treasury's general law power to re-capitalise a bank or other undertaking (the public equity support tool described in Article 57 of the Directive).

Article 2 contains definitions.

The expression “appropriate regulator” is defined separately for—

- institutions which are not part of a group which is subject to the requirements of the Directive; and
- groups which are subject to those requirements (“relevant groups”) and UK authorised persons which are part of a relevant group.

A “competent authority” is a public authority which has the function of supervising institutions as part of the supervisory system in operation in an EEA State.

The “consolidating supervisor” is the competent authority responsible for the exercise of supervision on the basis of the consolidated situation of institutions which are part of a relevant group (“consolidating situation” has the meaning given by point (47) of Article 4.1 of Regulation (EU) No. 575/2013 of the European Parliament and of the Council of 26th June 2013 on prudential requirements for credit institutions and investment firms (OJ No. L 176, 27.6.2013, p. 1-137)).

Part 2 designates the Bank as the authority empowered to apply the resolution tools and exercise the resolution powers, and designates the FCA, PRA and the Bank for different purposes in connection with the exercise of power to write down or convert capital instruments. It also designates the Treasury as the ministry responsible for exercising the functions of the competent ministry under the Directive.

Part 3 makes general provision for recovery and resolution planning, including provision for applying less onerous obligations than would otherwise be applicable under Part 4 or 5.

In Parts 4, 5, 6, 8, 9 and 13 provision is made first for institutions authorised by the PRA or FCA which are not part of a relevant group, secondly for relevant groups for which the PRA or FCA is the consolidating supervisor, and thirdly for relevant groups for which the consolidating supervisor is in another EEA State. In Parts 7, 10 and 16 (which apply only to relevant groups) different provision is made for groups for which the PRA or FCA is the consolidating supervisor and groups for which the consolidating supervisor is in another EEA State.

Part 4 lays down the procedure to be followed by the appropriate regulator for assessing and reviewing recovery plans and group recovery plans and taking measures to maintain or restore the viability or financial position of an institution.

Parts 5 and 6 lay down the procedure to be followed by the Bank for the adoption and review of resolution plans and group resolution plans, for making assessments of resolvability for those purposes and for the removal of impediments to resolvability.

Part 7 lays down procedure for authorising agreements for the provision of financial support to a group entity which is an institution and meets the conditions for early intervention referred to in Article 27.1 of the Directive. Group financial support may be provided by a parent undertaking of a prescribed kind, which includes a mixed activity holding company, or by a prescribed kind of subsidiary. Provision is made for—

- the authorisation of agreements for group financial support by competent authorities;
- the approval of authorised agreements by parent and subsidiary undertakings set up in the UK; and
- the provision of financial support under authorised agreements.

Changes to legislation: There are currently no known outstanding effects for the The Bank Recovery and Resolution (No. 2) Order 2014. (See end of Document for details)

Part 8 lays down the procedure to be followed by the appropriate regulator for determining whether measures for early intervention should be taken with respect to institutions and group entities. A measure for early intervention is a measure of a kind specified in sub-paragraphs (a) to (h) of Article 27.1 of the Directive.

Part 9 provides for the determination of the minimum requirement for own funds and eligible liabilities for institutions and group entities, and the determination of the minimum level of own funds and eligible liabilities of group institutions expressed as a percentage of the total liabilities and own funds of those institutions.

Part 10 lays down the procedure to be followed by the Bank for writing down or converting capital instruments of group entities under section 6B of the Act.

Part 11 makes provision about the removal of procedural impediments to the application of the bail-in tool referred to in section 1(3)(c) of the Act.

Part 12 makes provision about the treatment of derivative contracts where the bail-in option is applied by the Bank.

Part 13 lays down the procedure to be followed by the Bank for assessing business reorganisation plans drawn up by institutions and group entities following the application of bail-in option.

Part 14 lays down the procedure to be followed by the PRA, the FCA and the Bank where an undertaking is failing or likely to fail (within the meaning given in Article 32.4 of the Directive).

Part 15 makes provision for a stay of legal proceedings and with respect to remedies on judicial review where the Bank takes measures of a kind referred to in that Part when applying resolution tools or exercising resolution powers.

Part 16 makes provision about cross-border group resolution. It lays down requirements for the establishment and operation of resolution colleges and European resolution colleges, and lays down the procedure to be followed by the Bank for the adoption of plans drawn up for the purposes of group resolution in accordance with Article 91 of the Directive.

Part 17 applies company law with modifications to UK-registered companies which are subject to the application of resolution tools or the exercise resolution powers, including the application by the Treasury of the public equity support tool described in Article 57 of the Directive. Part 17 and Schedule 4 remove obstacles to the effectiveness of the tools and powers.

Part 18 makes provision to enable the Treasury to give support to investment firms under section 228 or 229 of the Act.

Part 19 makes miscellaneous provision.

Part 20 and Schedule 3 amend primary and secondary legislation. The amendments include—

- amendments of Chapter 1 of Part 9A of the Financial Services and Markets Act 2000 (c. 8) (rule-making powers of the FCA and the PRA) to reflect provision made in the Directive about recovery plans and resolution plans; and

- amendments of the Financial Services and Markets Act 2000 (Prescribed Financial Institutions) Order 2013 (S.I. 2013/165) to ensure that powers exercisable in relation to parent undertakings under Part 12A of the Financial Services and Markets Act 2000 are exercisable, so far as necessary, in relation to parent undertakings within the scope of the Directive.

Article 227 requires the Treasury to review the operation and effect of this Order and to publish a report within five years beginning with the date on which it comes into force and within every five years after that. Following a review it will fall to the Treasury to consider whether the Order should remain as it is, or be revoked or amended. A further instrument would be needed to revoke or amend the Order.

A Transposition Table setting out how the Directive is transposed into UK law is available from HM Treasury, 1 Horseguards Road, London, SW1A 2HQ or on <http://www.hm-treasury.gov.uk>.

An impact assessment has not been produced for this instrument as no significant impact on the costs of business or the voluntary sector is foreseen.
