

## SCHEDULE 4

### Information required for accreditation

#### PART 1

##### Information required from all applicants making an accreditation application

1. The information referred to in regulation 17(2)(a) is—
  - (a) the address of the property to which the plant for which accreditation is sought provides heat;
  - (b) where the applicant is an individual, the name, date of birth, address, e-mail address (if any) and telephone number (if any) of the applicant;
  - (c) where the applicant is not an individual, the name of the individual making the application on behalf of the applicant, the individual's date of birth, address, e-mail address (if any) and telephone number (if any);
  - (d) where the applicant is a company, the trading or other name by which the applicant is commonly known, its registration number, and the address of its registered office;
  - (e) where the applicant is a private registered provider of social housing, a body registered as a social landlord under Chapter 1 of Part 1 of the Housing Act 1996<sup>(1)</sup> or registered as a social landlord under section 23 of the Housing (Scotland) Act 2010<sup>(2)</sup>, the name by which the applicant is commonly known, the details of its registration, and the address of its registered office;
  - (f) where the applicant is a local authority, the name by which the applicant is commonly known and its address;
  - (g) details of a bank account in the applicant's name which accepts pound sterling deposits in the United Kingdom into which any RHI payments may be paid;
  - (h) the unique reference number or numbers under which the plant for which accreditation is sought is registered on the MCS register;
  - (i) the unique reference number for the Energy Performance Certificate for the property to which the plant for which accreditation is sought provides heat which is the most recent Energy Performance Certificate for the property on the date on which the application is made; and
  - (j) the unique reference number for the Green Deal Assessment for the property to which the plant for which accreditation is sought provides heat, unless the property is an eligible new-build property.
