The Pyrotechnic Articles (Safety) Regulations 2015

PART 2

Obligations of economic operators

Chapter 4

Distributors

Prohibition on making available on the market where pyrotechnic article not considered to be in conformity with the essential safety requirements

26.—(1) Where a distributor considers, or has reason to believe, that a pyrotechnic article is not in conformity with the essential safety requirements, the distributor must not make the pyrotechnic article available on the market.

(2) Where the pyrotechnic article presents a risk, the distributor must inform the following persons of the risk—

- (a) the manufacturer or the importer; and
- (b) the market surveillance authority.
