### Protective provisions

## PART 6

### Protection of owners and operators at Wilton

#### **Apparatus**

9.—(1) Where, in accordance with this Part, the undertaker affords to an owner or operator facilities and rights for the construction and maintenance in land of the undertaker of alternative apparatus in substitution for apparatus to be removed, those facilities and rights must be granted on such terms and conditions as may be agreed between the undertaker and the owner or operator in question or in default of agreement determined by an expert under paragraph 24, such terms to be no less favourable as a whole than the terms and conditions which applied to the apparatus to be removed.

(2) In settling the terms and conditions in respect of alternative apparatus to be constructed in or along the authorised project, the expert must—

- (a) give effect to all reasonable requirements of the undertaker for ensuring the safety and efficient operation of the authorised project and for securing any subsequent alterations or adaptations of the alternative apparatus that may be required to prevent interference with any proposed works of the undertaker; and
- (b) so far as it may be reasonable and practicable to do so in the circumstances of the particular case, give effect to the terms and conditions, if any, applicable to the apparatus constructed in or along the authorised project for which the alternative apparatus is to be substituted.

(3) If the facilities and rights to be afforded by the undertaker in respect of any alternative apparatus, and the terms and conditions subject to which those facilities and rights are to be granted, are in the opinion of the expert materially worse than the rights enjoyed by them in respect of the apparatus to be removed, the expert must make such provision for the payment of compensation by the undertaker to the owner or operator as appears to the expert to be reasonable, having regard to all the circumstances of the particular case.
