PART 10 **E+W**

Prescribing and dispensing: out of hours services

Supply of medicines etc. by contractors providing out of hours services **E+W**

59.—(1) In this Part—

“complete course” means the course of treatment appropriate to the patient's condition, being the same as the amount that would have been prescribed if the patient had been seen during core hours;

“necessary drugs, medicines and appliances” means those drugs, medicines and appliances which the patient requires and for which, in the reasonable opinion of the contractor having regard to the patient's medical condition, it would not be reasonable in all the circumstances for the patient to wait to obtain them;

“out of hours performer” means a prescriber, a person acting in accordance with a Patient Group Direction or any other health care professional employed or engaged by the contractor who can lawfully supply a drug, medicine or appliance, who is performing out of hours services under the agreement;

“Patient Group Direction” has the meaning given in the regulation 213(1) of the Human Medicines Regulations 2012 ^{M96} (interpretation); and

“supply form” means a form provided by [^{F1}NHS England] and completed by or on behalf of the contractor for the purpose of recording the provision of drugs, medicines or appliances to a patient during the out of hours period.

(2) Where a contractor whose agreement includes the provision of out of hours services has agreed with [^{F1}NHS England] that its agreement should also include the supply of necessary drugs, medicines or appliances to patients at the time that it is providing them with out of hours services, the contractor must comply with the requirements of paragraphs (3) to (5).

(3) The contractor must ensure that an out of hours performer—

- (a) only supplies necessary drugs, medicines and appliances;
- (b) supplies the complete course of the necessary medicine or drug to treat the patient; and
- (c) does not supply—
 - (i) drugs, medicines or appliances which the contractor could not lawfully supply,
 - (ii) appliances which are not listed in Part IX of the Drug Tariff,
 - (iii) restricted availability appliances, except where the patient is a person, or it is for a purpose, specified in the Drug Tariff, or
 - (iv) a drug, medicine or other substance listed in Schedule 1 to the National Health Service (General Medical Services Contracts) (Prescription of Drugs etc) Regulations 2004 ^{M97} (drugs, medicines and other substances not to be ordered under a general medical services contract), or a drug listed in Schedule 2 to those

Regulations ^{M98} (drugs, medicines and other substances that may be ordered only in certain circumstances), other than in the circumstances specified in that Schedule.

(4) The out of hours performer—

- (a) must (except where sub-paragraph (b) applies) record on a separate supply form for each patient any drugs, medicines or appliances supplied to the patient; and
- (b) may complete a single supply form in respect of the supply of any necessary drugs, medicines or appliances to two or more persons in a school or other institution in which at least 20 persons normally reside, in which case the out of hours performer may write on the supply form the name of the school or institution rather than the name of each individual patient.

(5) The out of hours performer must ask any person to produce satisfactory evidence of entitlement where that person makes a declaration that a patient does not have to pay any of the charges specified in regulations made under section 172 of the Act (charges for drugs, medicines or appliances, or pharmaceutical services) or section 174 of the Act (pre-payment certificates) ^{M99} in respect of dispensing services to the patient by virtue of either—

- (a) entitlement to exemption under regulations made under section 172 or 174 of the Act; or
- (b) entitlement to full remission of charges under regulations made under section 182 (remission and repayment of charges) or 183 ^{M100} (payment of travelling expenses) of the Act.

(6) Paragraph (5) does not apply if, at the time of the declaration, satisfactory evidence of entitlement is already available to the out of hours service performer.

(7) If, in accordance with paragraphs (5) and (6), no satisfactory evidence of entitlement is produced or no such evidence is otherwise already available to the out of hours performer, the out of hours performer must endorse the supply form to that effect.

(8) Subject to paragraph (9), nothing in this regulation prevents an out of hours performer from supplying a Scheduled drug or a restricted availability appliance in the course of treating a patient under a private arrangement.

(9) The provisions of regulation 18 which relates to fees and charges apply in respect of the supply of necessary drugs, medicines and appliances under this regulation as they apply in respect of prescriptions for any drugs, medicines and appliances.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations consolidate provision previously contained in the National Health Service (Personal Medical Services Agreements) Regulations 2004 (S.I. 2004/627) as amended which are revoked by regulation 90 and Schedule 4. They set out, in relation to England, the framework for personal medical services contracts made by virtue of provision in section 92 of the National Health Service Act 2006 (“the Act”) (arrangements by the National Health Service Commissioning Board for the provision of primary medical services).

Part 2 (agreements) prescribes the conditions which, in accordance with section 93 of the Act, must be met by a contractor before the relevant body may enter into a personal medical services agreement.

Part 3 (pre-agreement dispute resolution) prescribes the procedure for pre-agreement dispute resolution, in accordance with section 94(7) of the Act. Part 3 applies to cases where the contractor is not a health service body.

Part 4 (health service body status) provides for a contractor to be a health service body for the purposes of section 9 of the Act (NHS contracts) unless it objects to this by serving a notice on the relevant body before the agreement is made.

Part 5 (and Part 1 of Schedule 2) (agreements: required terms) prescribe the terms which, in accordance with section 94 of the Act, must be included in a personal medical services agreement. The prescribed terms include terms relating to:

- the type of and general terms of an agreement (regulations 12 and 13);
- membership of a CCG (regulation 14);
- the issuing of medical certificates (regulation 15);
- finance, payments, fees and charges (regulations 16 to 19);
- the manner in which services general services are to be provided (Part 1 of Schedule 2) and out of hours services are to be provided (regulation 22);

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to The National Health Service (Personal Medical Services Agreements) Regulations 2015. the conditions to be met by those who perform services or are employed or engaged by the contractor (regulations 33 to 47);

procedures for variation and termination of agreements and consequences of termination of the agreement (regulations 24 to 26);

other required general terms (regulation 27)

Part 6 (out of hours services: opt outs) provides for a contractor to be able to “opt out” of the provision of out of hours services under a personal medical services agreement in certain circumstances.

Part 7 (right to a general medical services contract) provides a right for a contractor to terminate its agreement and enter into a general medical services contract.

Part 8 (persons who perform services) prescribes the required qualifications, conditions, experience and professional verification required for persons who are employed or engaged by a contractor to perform services under the agreement.

Part 9 (prescribing and dispensing) prescribes the terms which, in accordance with regulations 48, 49 and 52 to 55, a person, prescriber or health care worker may prescribe and dispense with drugs, medicines or appliances.

Part 10 (prescribing and dispensing: out of hours services) prescribes terms additional to those in Part 9 in relation to contractors providing out of hours services.

Part 11 (records and information) prescribes the manner in which a contractor is to provide and store all records and data including that associated with patients.

Part 12 (complaints) requires a contractor to establish and operate a complaints procedure to deal with any complaints in relation to any matter reasonably connected with the provision of services under the agreement. The complaints procedure must comply with the requirements of the Local Authority Social Services and National Health Service Complaints (England) Regulations 2009.

Part 13 (dispute resolution) prescribes the procedure which is to apply in respect of the resolution of disputes.

Part 14 (miscellaneous) sets out miscellaneous provisions which must a contractor must comply with in relation to a personal medical services agreement.

Part 15 (general transitional provision and saving and revocations) makes a general transitional provision and saving and revokes various enactments included in secondary legislation as a result of the coming into force of these Regulations including the revocation of the 2004 Regulations.
