

**TRANSPPOSITION NOTE FOR THE IMPLEMENTATION OF COMMISSION DIRECTIVE 2013/30/EU OF 12 JUNE 2013 ON THE SAFETY OF OFFSHORE OIL AND GAS OPERATIONS AND AMENDING DIRECTIVE 2004/35/EC**

The Department of Energy and Climate Change (DECC), the Health and Safety Executive (HSE) and the Department for Environment, Food and Rural Affairs (DEFRA) are implementing regulations to transpose this Directive.

HSE are implementing the majority of the health and safety requirements in the

- **Offshore Installations (Offshore Safety Directive) (Safety Case etc.) Regulations 2015 (SCR 2015) (S.I.2015/398)**

Some provisions are already implemented by the Health and Safety Health at Work Act 1974 (HSWA) and its relevant statutory provisions or will be implemented by amendments to the relevant offshore regulations. These are listed in this note as:

- Offshore Installations (Prevention of Fire and Explosion, and Emergency Response) Regulations 1995 (PFEER);
- Offshore Installations and Pipeline Works (Management and Administration) Regulations 1995 (MAR);
- Offshore Installations and Wells (Design and Construction etc.) Regulations 1996 (DCR)

DECC are implementing the environmental requirements relating to internal emergency response plans by amendments to the Merchant Shipping (Oil Pollution Preparedness, Response and Co-operation Convention Regulations) 1998 (OPRC 1998) via the

- **Merchant Shipping (Oil Pollution Preparedness, Response and Co-operation Convention)(Amendment) Regulations 2015 (OPRC2015) (S.I.2015/386)**

DECC are implementing the requirements relating to licensing and the appointment and termination of the appointment of operators in the

- **Offshore Petroleum Licensing (Offshore Safety Directive) Regulations 2015 (OPLR 2015) (S.I.2015/385)**

DEFRA are implementing the changes to the Environmental Liability Directive (2004/35/EC), introduced by Article 38 of this Directive, via the

- **Environmental Damage (Prevention and Remediation) (England) Regulations 2015**

In some cases DECC and HSE have not copied out the Directive's requirements and where necessary have elaborated. This is to maintain current UK legislation to minimise administrative burdens on industry and/or to clarify definitions or what is required to deliver a specific duty.

<b>Article</b>	<b>Purpose</b>	<b>Implementation</b>	<b>Responsibility</b>
Article 1	Outlines the subject and scope of the Directive and highlights links with other Directives.	While no specific transposition of this Article is necessary, the Regulations cover its subject matter.	

Article	Purpose	Implementation	Responsibility
<p>Article 2</p> <p>Article 2(1)</p> <p>Article 2(21)</p>	<p>Contains a range of definitions to support the understanding and scope of the Directive.</p> <p>Definition of major accident.</p> <p>Definition of connected infrastructure.</p>	<p>Relevant definitions are included, some have been elaborated to clarify what is required:</p> <p>Regulation 2 the <b>SCR 2015</b>;  Regulation 2 of the <b>OPRC 1998</b> as amended by  Regulation 4 of <b>OPRC 2015</b>;  and  Regulation 2 of the <b>OPLR 2015</b>.</p> <p>The definition of major accident has been gold plated to maintain current standards in relation to offshore diving operations. This has overwhelming industry support and has minimal impact on business.</p> <p>The definition of connected infrastructure has been gold plated to maintain current standards in regard to supplementary units attached to offshore installations. This has overwhelming industry support and has no impact on business.</p>	
<p>Article 3</p>	<p>General principles of risk management in offshore oil and gas operations: requires operators to take all suitable measures to prevent major accidents in offshore oil and gas operations and in the case of a major accident to take all suitable measures to limit its consequences.</p>		
<p>Article 3 (1)</p>	<p>As above.</p>	<p>Not copied out, covered by</p>	<p>Secretary of</p>

Article	Purpose	Implementation	Responsibility
		Sections 2 and 3 of <b>HSWA</b> and its relevant statutory provisions.	State
Article 3 (2)	As above.	Not copied out, this is an underlying principle throughout existing and proposed safety and environmental legislation.	Secretary of State
Article 3 (3)	As above.	Regulations 5, 6, 7, 8(1), 8(2), 8(3), 9(1), 10, 11, 12, 13, 14, 15, 16, 17, 22A, 22B and 22C of <b>PFEER</b> ; Regulation 30 of <b>SCR 2015</b> ; and Sections 2 and 3 of <b>HSWA</b> cover safety aspects. Regulation 4(8) of <b>OPRC 1998</b> as amended by Regulation 6(11) of <b>OPRC 2015</b> covers implementation of an Oil Pollution Emergency Plan (OPEP) in the event of an accident.	Secretary of State
Article 3 (4)	As above.	Not copied out, covered by the <b>Management of Health and Safety at Work Regulations 1999</b> and Regulation 5 of <b>PFEER</b> .	Secretary of State
