**22.**—(1) A duty holder for an installation which is to be involved in a combined operation in external waters must ensure that that installation does not engage in a combined operation unless a notification containing the particulars specified in Schedule 10 (other than those already notified to the competent authority pursuant to regulation 21) in respect of that combined operation is sent to the competent authority at least 21 days (or such shorter period as the competent authority may specify) before it is due to commence.
