The Control of Major Accident Hazards Regulations 2015

PART 5

INFORMATION

Trans-boundary consequences

20.—(1) Where an upper tier establishment presents a major accident hazard with possible trans-boundary consequences the competent authority must provide sufficient information to the potentially affected Member State so that the Member State can take this into account in preparing emergency plans and in preparing land use planning policies, or in making land use planning decisions in respect of applications.

(2) Where the competent authority has decided that an upper tier establishment close to the territory of another Member State is incapable of creating a major accident hazard beyond the boundary of the establishment and exempts the relevant local authority under regulation 15 from the requirement to produce an external emergency plan, the competent authority must notify that Member State of its decision and its reasons.
