Status: Point in time view as at 05/03/2024.

Changes to legislation: There are currently no known outstanding effects for the The Town and Country Planning (General Permitted Development) (England) Order 2015, Paragraph O. (See end of Document for details)

#### SCHEDULE 2

#### Permitted development rights

# **PART 14**

# Renewable energy

Class O – installation etc of flue for combined heat and power on non-domestic premises

# **Development not permitted**

- **O.1** Development is not permitted by Class O if—
  - (a) the capacity of the system that the flue would serve exceeds 45 kilowatts thermal;
  - (b) the height of the flue would exceed either—
    - (i) the highest part of the roof by 1 metre or more, or
    - (ii) the height of an existing flue which is being replaced,
    - whichever is the highest;
  - (c) the installation of the flue would result in the installation on the same building of more than 1 flue forming part of either a biomass heating system or a combined heat and power system;
  - (d) the flue would be installed on a listed building, within the curtilage of a listed building, or on a site designated as a scheduled monument; or
  - (e) in the case of a building on article 2(3) land, the flue would be installed on a wall or roof slope which fronts a highway.
