

**EXPLANATORY MEMORANDUM TO
THE HIGH PEAK (ELECTORAL CHANGES) ORDER 2015**

2015 No. 78

1. This explanatory memorandum has been prepared by the Local Government Boundary Commission for England (the Commission) and is laid before Parliament by Command of Her Majesty.

2. Purpose of the instrument

2.1. The Order provides for new district wards and numbers of councillors for High Peak at district elections in 2015 and thereafter. The Order also provides for new parish wards and numbers of parish councillors at the parish elections in 2015 and thereafter wherever this is necessary because a parish is to be split between new district wards.

3. Matters of special interest to the Joint Committee on Statutory Instruments

3.1. None.

4. Legislative context

4.1. The Commission has power under section 59 of the Local Democracy, Economic Development and Construction Act 2009 (the 2009 Act) to make an order giving effect to recommendations contained in a report, prepared under section 58(4) of the 2009 Act, after conducting an electoral review under section 56(1) of that Act. This instrument is being made to give effect to the Commission's recommendations for new electoral arrangements set out in its report prepared following an electoral review of High Peak.

5. Territorial extent and application

5.1. This instrument applies to England.

6. European Convention on Human Rights

6.1. As the instrument is subject to the negative resolution procedure and does not amend primary legislation, no statement is required.

7. Policy background

- What is being done and why

7.1. The purpose of an electoral review is to decide on the appropriate electoral arrangements including the number of councillors and the names, number and boundaries of wards or

divisions for a specific local authority. The Commission began the electoral review of High Peak in March 2013. The Commission decided to conduct the review as, based on the December 2012 electorate figures, 30% of the district's wards had a variance of more than 10% from the average for the authority. Padfield ward had 23% more electors per councillor than the average for the authority.

- 7.2. An electoral review aims to ensure that the number of electors represented by each county or district councillor is as close to equal as possible, but the recommendations must also have regard to community identities and interests and the need for effective and convenient local government. To achieve these aims, the Commission tries to ensure that the number of electors per councillor in every division or ward is as close as possible to the average for the authority, but is happy to show flexibility in moving away from the average based on the evidence provided during the consultation stages of the review. Following a four-stage review process the Commission published its 'Final recommendations - New electoral arrangements for High Peak Borough Council¹ on 23 September 2014.
 - 7.3. The Order provides for changes to the electoral arrangements for High Peak at the elections in 2015 as recommended by the Commission. The existing wards of High Peak will be replaced by twenty-eight new ones. One ward will return three councillors, thirteen wards will each return two councillors and fourteen wards will each return one councillor. The Commission considered that the evidence received justified no wards having variances predicted to vary by more than 10% from the authority average by 2019.
 - 7.4. Under section 56 of the 2009 Act, whenever the Commission recommends changes to the electoral arrangements for a district council it must also recommend whether, in consequence of those changes, any changes should be made to the electoral arrangements for any parish council that is within that district. Among other things, under Schedule 2 to that Act recommendations must ensure that no parish ward is split between new district wards and under section 56 of that Act recommendations must be made regarding the number of parish councillors for each parish ward.
 - 7.5. Consequently, in addition to making changes to the electoral arrangements for the district the Order also, where necessary, makes provision with respect to the establishment of new parish wards and sets the number of parish councillors for each of those parish wards.
- Consolidation
- 7.6. The Order does not amend or revoke any legislation.

8. Consultation outcome

- 8.1. The Order gives effect to recommendations that were consulted on during the review of electoral arrangements from March 2013 until September 2014. There was an initial six-week consultation, during which the Commission asked for proposals on the most appropriate number of councillors and a second eleven-week consultation, during which the Commission asked for proposals on ward boundaries for High Peak. Having considered the submissions received, the Commission published its 'Draft recommendations - New electoral arrangements for High Peak Borough Council'² on 15 April 2014. Following a further ten-week consultation on the draft recommendations, the Commission considered the further evidence received and published its final recommendations.
- 8.2. During the course of the review, the Commission received 168 representations. The consultations involved High Peak Borough Council, political groups, parish and town councils and other interested parties. The Commission considered that a council size of 43 would ensure effective and convenient local government for High Peak. The Commission based its draft recommendations for ward boundaries on submissions from High Peak Borough Council, as well as the Labour and Conservatives groups. The Commission made some modifications in the Gamesley, Hadfield and Old Glossop areas to better reflect the statutory criteria.
- 8.3. In response to the consultation on the draft recommendations, the Commission modified its recommendations for New Mills East and Sett wards.
- 8.4. The Commission received submissions opposing its recommended boundaries for a three-member Hadfield South & Gamesley ward. The Commission decided to move away from its draft recommendations and proposed a single-member Gamesley ward and two-member Hadfield South ward. The Commission also received submissions opposing its proposed single-member wards of Old Glossop and Shirebrook. The Commission decided to combine these two areas in a two-member Old Glossop ward. The Commission confirmed the remainder of its draft recommendations for High Peak as final.
- 8.5. A detailed analysis of the outcome of the consultation is set out in the report 'Final recommendations - New electoral arrangements for High Peak Borough Council' which is available at <http://www.lgbce.org.uk/current-reviews/east-midlands/derbyshire/high-peak-fer>

9. Guidance

- 9.1. The Commission does not intend to issue any guidance alongside this instrument. This is not considered necessary as the Order is self-explanatory and gives effect to recommendations following consultation with interested parties as to the changes to electoral arrangements.

² http://www.lgbce.org.uk/data/assets/pdf_file/0009/22005/High-Peak-draft-recommendations-2014-04-15-3.pdf

9.2. Once the Order has been made, the Commission will publish a press release and distribute to local media advising that new electoral arrangements will be implemented at the next local elections. The press release will also direct interested parties to the Commission's website where the final recommendations will be available in detail.

10. Impact

10.1. No impact assessment has been prepared because no impact on the private sector or the voluntary sector is foreseen.

10.2. The impact on the public sector will be limited to the area for which the Order makes provision. The one-off cost of producing the map referred to by the instrument is to be funded by the Commission. The one-off cost of amending the electoral register to reflect the new wards and parish wards is to be funded by High Peak Borough Council.

11. Regulating small business

11.1. The Order does not apply to small business.

12. Monitoring and review

12.1. The Commission will have no role in monitoring High Peak Borough Council's implementation of the High Peak (Electoral Changes) Order 2015. The Commission is not required to undertake such monitoring; that is a matter for the relevant officers of High Peak Borough Council.

12.2. The Order will be reviewed insofar as the Commission continually monitors local authorities in England to identify any that meet its criteria for electoral reviews.

13. Contact

13.1. Marcus Bowell at the Commission (Tel: 0207 664 8530 or email: marcus.bowell@lgbce.org.uk) can answer any queries regarding the instrument.
