
Status: Point in time view as at 08/12/2016.

Changes to legislation: The Electromagnetic Compatibility Regulations 2016 is up to date with all changes known to be in force on or before 27 June 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)

STATUTORY INSTRUMENTS

2016 No. 1091

ELECTROMAGNETIC COMPATIBILITY

The Electromagnetic Compatibility Regulations 2016

Made - - - - 15th November 2016

Laid before Parliament 16th November 2016

Coming into force 8th December 2016

THE ELECTROMAGNETIC COMPATIBILITY REGULATIONS 2016

PART 1

1. Citation and commencement
2. Interpretation
3. Application
4. Application of safety legislation
5. Exhibition at trade fairs
6. Making available or putting into service

PART 2

Obligations of economic operators

7. Essential requirements

Manufacturers

8. Duty to ensure apparatus complies with the essential requirements
9. Technical documentation and conformity assessment
10. EU declaration of conformity and CE marking
11. Retention of technical documentation and EU declaration of conformity
12. Compliance procedures for series production
13. Information identifying manufacturer
14. Instructions and information
15. Manufacturer's duty to take action in respect of apparatus placed on the market which is considered not to be in conformity
16. Provision of information and co-operation

Status: Point in time view as at 08/12/2016.

Changes to legislation: The Electromagnetic Compatibility Regulations 2016 is up to date with all changes known to be in force on or before 27 June 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)

Importers

17. Prohibition on placing apparatus on the market which is not in conformity
18. Requirements that must be satisfied before an importer places apparatus on the market
19. Duty not to place non-conforming apparatus on the market
20. Information identifying importer
21. Instructions and information
22. Storage and transport
23. Importer's duty to take action in respect of apparatus placed on the market which is considered not to be in conformity
24. Retention of technical documentation and EU declaration of conformity
25. Provision of information and co-operation

Distributors

26. Duty to act with due care
27. Making available on the market
28. Duty not to make non-conforming apparatus available on the market
29. Storage and transport
30. Duty to take action in respect of apparatus placed on the market or made available on the market which is considered not to be in conformity
31. Provision of information and co-operation

All economic operators

32. Cases in which the obligations of manufacturers apply to importers and distributors
33. Identification of economic operators
34. Translation of EU declaration of conformity
35. Prohibition on improper use of CE marking
36. Information concerning the use of apparatus
37. Fixed installations

Authorised representatives

38. Appointment of an authorised representative

PART 3

Conformity of apparatus and equipment

39. Presumption of conformity
40. Conformity assessment procedures
41. EU declaration of conformity
42. CE marking

Status: Point in time view as at 08/12/2016.

Changes to legislation: The Electromagnetic Compatibility Regulations 2016 is up to date with all changes known to be in force on or before 27 June 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)

PART 4

Notification of conformity assessment bodies

43. Notified bodies
44. Notification
45. Contents of notification
46. Presumption of conformity of notified bodies
47. Monitoring of notified bodies
48. United Kingdom Accreditation Service
49. Changes to notifications
50. Operational obligations of notified bodies
51. Subsidiaries and contractors

PART 5

Enforcement and market surveillance

52. Designation of enforcing authorities
53. Designation of market surveillance authorities
54. Enforcement powers
55. Exercise of enforcement powers
56. Evaluation of apparatus presenting a risk
57. Enforcement action in respect of apparatus that is not in conformity and which present a risk
58. EU safeguard procedure
59. Enforcement action in respect of formal non-compliance
60. Restrictive measures
61. Offences
62. Penalties
63. Defence of due diligence
64. Liability of persons other than the principal offender
65. Service of documents
66. Recovery of expenses of enforcement
67. Action by enforcing authority
68. Appeals against notices
69. Appropriate court for appeals against notices
70. Time limit for prosecution of offences
71. Compensation
72. Power of the court to require a matter to be remedied

PART 6

MISCELLANEOUS

73. Review
 74. Transitional provision
 75. Revocations and savings
 76. Consequential amendments
- Signature

SCHEDULES

SCHEDULE 1 — Essential Requirements

Status: Point in time view as at 08/12/2016.

Changes to legislation: The Electromagnetic Compatibility Regulations 2016 is up to date with all changes known to be in force on or before 27 June 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)

1. General requirements
2. Specific requirements for fixed installations

SCHEDULE 2 — Module A: internal production control

1. Internal production control is the conformity assessment procedure whereby the...
2. Electromagnetic compatibility assessment
3. The electromagnetic compatibility assessment must take into account all normal...
4. Technical documentation
5. The technical documentation must specify the applicable requirements and cover,...
6. Manufacturing
7. CE marking and EU declaration of conformity
8. The manufacturer must draw up a written EU declaration of...
9. Authorised Representative

SCHEDULE 3 — Applicable conformity assessment procedures

PART 1 — Module B: EU-type Examination

1. EU-type examination is the part of a conformity assessment procedure...
2. EU-type examination must be carried out by an assessment of...
3. The manufacturer must lodge an application for EU-type examination with...
4. The technical documentation referred to in paragraph 3(c) of this...
5. The notified body must examine the technical documentation to assess...
6. The notified body must draw up an evaluation report which...
7. Where the type meets the requirements of these Regulations that...
8. The EU-type examination certificate, which may be accompanied by one...
9. The EU-type examination certificate and any annexes to that certificate...
10. Where the type does not satisfy the applicable requirements of...
11. The notified body must keep itself apprised of any changes...
12. The manufacturer must inform the notified body that holds the...
13. Each notified body must inform its notifying authority of any...
14. Each notified body must inform the other notified bodies of...
15. The Commission, the Member States and the other notified bodies...
16. The manufacturer must keep a copy of the EU-type examination...
17. The manufacturer's authorised representative may lodge the application referred to...

PART 2 — Module C: conformity to type based on internal production control

18. Conformity to type based on internal production control is the...
19. Manufacturing
20. CE marking and EU declaration of conformity
21. Authorised representative

SCHEDULE 4 — EU declaration of conformity

1. EU declaration of conformity (No xxxx)
2. Name and address of manufacturer or the manufacturer's authorised representative:...
3. This declaration of conformity is issued under the sole responsibility...
4. Object of the declaration (identification of apparatus allowing traceability; it...
5. The object of the declaration described above is in conformity...
6. References to the relevant harmonised standards used, including the date...

Status: Point in time view as at 08/12/2016.

Changes to legislation: The Electromagnetic Compatibility Regulations 2016 is up to date with all changes known to be in force on or before 27 June 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)

7. Where applicable, the notified body ... (name, number) performed
8. Additional information: Signed for and on behalf of: (place and...

SCHEDULE 5 — Requirements for notified bodies

1. A conformity assessment body must be established in the United...
2. (1) A conformity assessment body must be a third party...
3. A conformity assessment body, its top level management and the...
4. Nothing in paragraph 3 of this Schedule precludes the use...
5. A conformity assessment body, its top level management and the...
6. A conformity assessment body, its top level management and the...
7. A conformity assessment body must ensure that the activities of...
8. A conformity assessment body and its personnel must carry out...
9. A conformity assessment body must be capable of carrying out...
10. A conformity assessment body must have at its disposal—
11. A conformity assessment body must have the means necessary to...
12. The personnel responsible for carrying out the conformity assessment activities...
13. A conformity assessment body must be able to demonstrate the...
14. The remuneration of the top level management and the personnel...
15. A conformity assessment body must have, and must satisfy the...
16. A conformity assessment body must ensure that its personnel observe...
17. Paragraph 16 does not prevent the personnel from providing information...
18. A conformity assessment body must participate in, or ensure that...

SCHEDULE 6 — Operational obligations of notified bodies

1. A notified body must carry out conformity assessments in accordance...
2. A notified body must carry out conformity assessments in a...
3. Conformity assessment bodies must perform their activities taking due account...
4. Conformity assessment bodies must respect the degree of rigour and...
5. Where a notified body finds that the essential requirements or...
6. Where, in the course of the monitoring of the conformity...

8. Paragraph 9 applies where a notified body is minded to—...
9. Where this paragraph applies, the notified body must—
10. A notified body must inform the Secretary of State of—...
11. A notified body must make provision in its contracts with...
12. A notified body must provide other bodies notified under the...
13. A notified body must participate in the work of any...

SCHEDULE 7 — Enforcement and investigatory powers conferred on the enforcing authority and the market surveillance authority

PART 1 — ENFORCEMENT AND INVESTIGATORY POWERS

1. Enforcement powers under the 1987 Act
2. Modifications to the 1987 Act
3. Application of Schedule 5 to the Consumer Rights Act 2015

PART 2 — COMPLIANCE NOTICES, WITHDRAWAL NOTICES AND RECALL NOTICES

4. Compliance notice
5. A compliance notice must— (a) require the relevant economic operator...
6. A compliance notice may include directions as to the measures...
7. Subject to paragraph 8, an enforcing authority may revoke or...
8. An enforcing authority may not vary a compliance notice so...

Status: Point in time view as at 08/12/2016.

Changes to legislation: The Electromagnetic Compatibility Regulations 2016 is up to date with all changes known to be in force on or before 27 June 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)

9. Withdrawal notice
10. A withdrawal notice must prohibit the relevant economic operator from...
11. A withdrawal notice may require the relevant economic operator to...
12. A withdrawal notice may require the relevant economic operator to...
13. A consent given by the enforcing authority pursuant to a...
14. Subject to paragraph 15, an enforcing authority may revoke or...
15. An enforcing authority may not vary a withdrawal notice so...
16. A withdrawal notice has effect throughout the United Kingdom.
17. Recall notice
18. A recall notice must require the relevant economic operator to...
19. A recall notice may— (a) require the recall to be...
20. In determining what requirements to include in a recall notice,...
21. A recall notice may only be issued by the enforcing...
22. A relevant economic operator which has received notice from the...
23. Paragraphs 21(b), (c) and (d) do not apply in the...
24. Where a relevant economic operator requires the enforcing authority to...
