Scope and principles

CHAPTER 1 E+W+N.I.

Concession contracts to which these Regulations apply

Subject-matter and scope of these Regulations E+W+N.I.

7.—(1) These Regulations establish rules on the procedures for procurement by contracting authorities and utilities by means of a concession contract—

- (a) the value of which is estimated to be not less than the threshold mentioned in regulation 9; and
- (b) which is not excluded from the scope of these Regulations by any other provision of this Part.

(2) These Regulations apply to the award of works concession contracts or services concession contracts to economic operators by—

- (a) contracting authorities; or
- (b) utilities, provided that the works or services are intended for the pursuit of one of the activities listed in Schedule 2.

[^{F1}(3) These Regulations—

- (a) do not oblige the United Kingdom to supply information the disclosure of which it considers contrary to the essential interests of its security;
- (b) do not preclude the United Kingdom from taking such measures as it considers necessary for the protection of the essential interests of its security which are connected with the production or trade in arms, munitions and war material, provided that such measures do not adversely affect the conditions of competition regarding products which are not intended for specifically military purposes.

(4) The arms, munitions and war material to which paragraph (3)(b) applies are, subject to paragraph (6), those included in the 1958 List.

(5) Subject to the effect of any regulations made under paragraph (6), any measures which, if they had been taken immediately before IP completion day, would have been covered by Article 346 of TFEU shall be regarded as measures covered by paragraph (3).

(6) The Secretary of State may make regulations providing that the 1958 List is to be treated for the purposes of these Regulations as if it were changed in respects specified in the regulations.

(7) In this regulation, “the 1958 List” means the list of arms, munitions and war material adopted by the Council of the European Economic Community in its decision 255/58 of 15th April 1958.]

Calculating the value of the concession contract

(3) For the purposes of paragraph (1), the value of a concession contract shall be the total turnover of the concessionaire generated over the duration of the contract, net of value added tax, as estimated by the contracting authority or utility, in consideration for the works and services which are the object of the concession contract and for the supplies incidental to such works and services.

(4) That estimate shall be calculated as at the moment at which the concession notice is [^{F4}submitted] for publication in accordance with regulation 33 or, in cases where such notice is not provided for, at the moment at which the contracting authority or utility commences the concession contract award procedure, for example by contacting economic operators in relation to the concession contract.

(5) But if the value as estimated at the time of the award is more than 20% higher than the estimate calculated in accordance with paragraph (4), the former shall be used for the purposes of this regulation.

(6) The estimated value of the concession contract shall be calculated using an objective method specified in the concession documents.

9A.—(1) Every two years the Minister for the Cabinet Office must review the threshold mentioned in regulation 9(1) to verify whether it corresponds with the threshold established in the GPA for works concessions.

(2) The Minister must do so by calculating the sterling value of the threshold on the basis of the average daily value of sterling in terms of the special drawing rights mentioned in the GPA over a period of 24 months ending with 31st August.

(3) The Minister must make that calculation using the applicable conversion rates in the monthly International Financial Statistics published from time to time by the International Monetary Fund.

(4) If the sterling value of the threshold so calculated differs from the sum for the time being mentioned in regulation 9(1) in respect of the threshold, the Minister must make regulations amending regulation 9(1) so as to substitute for that sum the sum equal to that value.
