

SCHEDULE 1

AUTHORISED DEVELOPMENT

PART 2

Requirements

AGI site and highway accesses

10.—(1) The construction of the AGI site must not commence until written details of the siting, design and layout of the permanent means of access to Sandwith Lane to be used by vehicular traffic at the AGI site has, after consultation with the relevant highway authority, been submitted to and approved in writing by the relevant planning authority.

(2) The highway access to the AGI site must be constructed in accordance with the approved details.
