

SCHEDULE

Article 5

“SCHEDULE 2

Article 35A

FIT applications data

1. Within the first 5 working days of each tariff period, the Authority must determine and publish the data set out in paragraph 2.

2. The data referred to in paragraph 1 are—

- (a) the aggregate total installed capacities of anaerobic digestion installations applied for within the deployment period;
- (b) the aggregate total installed capacities of hydro generating stations with total installed capacity of 100 kilowatts or less, applied for within the deployment period;
- (c) the aggregate total installed capacity of hydro generating stations with total installed capacity greater than 100 kilowatts applied for within the deployment period;
- (d) the aggregate total installed capacities of solar photovoltaic (other than stand-alone), with total installed capacity of 10 kilowatts or less, which were registered on the MCS database within the deployment period;
- (e) the aggregate total installed capacities of solar photovoltaic (other than stand-alone), with total installed capacity greater than 10 kilowatts but not exceeding 50 kilowatts, which were registered on the MCS database within the deployment period;
- (f) the aggregate total installed capacities of solar photovoltaic installations (other than stand-alone), with total installed capacity greater than 50 kilowatts applied for within the deployment period;
- (g) the aggregate total installed capacities of stand-alone solar photovoltaic installations applied for within the deployment period, including those which were registered on the MCS database within the deployment period;
- (h) the aggregate total installed capacities of wind installations, with total installed capacity of 50 kilowatts or less, which were registered on the MCS database within the deployment period;
- (i) the aggregate total installed capacities of wind installations, with total installed capacity greater than 50 kilowatts but not exceeding 100 kilowatts applied for within the deployment period;
- (j) the aggregate total installed capacities of wind installations, with total installed capacity greater than 100 kilowatts but not exceeding 1500 kilowatts, applied for within the deployment period; and
- (k) the aggregate total installed capacity of wind installations, with total installed capacity greater than 1500 kilowatts, applied for within the deployment period.

3. In this Schedule—

“applied for” refers to an application for accreditation or preliminary accreditation made in respect of a relevant installation;

“the deployment period” in relation to a tariff period in which data is required to be determined and published, means the period of three months immediately preceding that tariff period;

“MCS database” means the database maintained by the Microgeneration Certification Scheme that records the details of MCS-certified installations; and

“relevant installation” has the meaning given in article 8B(4)(b).”
