

SCHEDULE 11

Signs that give information, are advisory or guide traffic

PART 6

Requirements applying to signs in Parts 2 and 4

9. Studs incorporating—

- (a) reflectors;
- (b) retroreflecting material;
- (c) a light source which emits a steady light during the hours of darkness; or
- (d) any combination,

may be used with the road marking provided they are placed at the side of, and adjacent to, the line shown in the diagram.
